Abstract

Educational institutions should understand students' needs to provide a policy to help students achieve academic success. This study examines the insights and personal recommendations of purposively selected 20 college students disqualified from free higher education through a qualitative approach. It proposes a retention policy to address their needs. The research findings indicate that students were disqualified from free higher education for various reasons, including academic failures, difficulties processing subject withdrawals, balancing work and studies, and personal problems. The students' insights on the scholarship retention policy revealed their awareness and understanding of the procedure, a positive perception of its importance, recognition of the impact of personal circumstances, and the significance of responsibility and learning. They also suggest that the policy should be retained or revised and provide more clarity and consideration. By incorporating these insights and suggestions, the proposed retention policy aims to optimize retention rates, enhance student success, and ensure equitable opportunities for all recipients.

Keywords: Free higher education, retention policy, local college

Introduction

Education plays an essential role in different countries around the globe. Institutions must see that opportunities are provided for the student's success. One of the factors that educational institutions shall provide is access to different scholarship programs. Various institutions offer these to provide opportunities for all students to achieve their goals in life. There are many types of scholarships, such as merit-based, need-based, and diversity-based scholarships (Cain et al., 2018). Merit-based scholarships are awarded based on academic achievement, while need-based scholarships are distributed based on financial need (Son-Turan, 2016). Diversity-based scholarships are designed to promote diversity in educational settings by awarding

Barnett, Karen M. Moronski-Chapman**

Policies And Practice A Focus On Higher Education Retention:

Policies and Practice American Association of State Colleges and Universities, 1997 This book based on a discussion at an interactive videoconference examines student diversity issues and retention strategies in the context of the Sallie Mae National Retention Project that addressed state expectations for more accountability and federal reporting requirements on graduation and retention The eight chapters focus on equity as it applies to fostering the values of diversity and inclusion as well as on ensuring educational achievement and success Individual chapters are 1 AASCU Sallie Mae National Retention Project Kenneth E Redd and Joyce A Scott 2 Toward More Systemic Retention Strategies Richard C Richardson Jr and Mary Aleta White 3 Looking at Maryland Higher Education Teaching and Learning Practices and Student Retention Pamela G Arrington 4 From Shifting Sands to Bedrock Equity as Excellence via Pedagogical Pluralism Joel M Jones 5 Improving Student Retention The Role of the University President Ruben Arminana Drew Calandrella and Donald Farish 6 A Comprehensive Approach to Enhancing Student Retention and Graduation Vera King Farris 7 Academic Advising Key to Student Retention Robert E Glennen and 8 Retention Strategies for Campus Success Rosario Martinez Individual chapters contain references and a comprehensive bibliography concludes the book DB *Rethinking College Student Retention* John M. Braxton, William R. Doyle, Harold V. Hartley, III, Amy S. Hirschy, Willis A. Jones, Michael K. McLendon, 2013-10-21 Drawing on studies funded by the Lumina Foundation the nation's largest private foundation focused solely on increasing Americans success in higher education the authors revise current theories of college student departure including Tinto's making the important distinction between residential and commuter colleges and universities and thereby taking into account the role of the external environment and the characteristics of social communities in student departure and retention A unique feature of the authors approach is that they also consider the role that the various characteristics of different states play in degree completion and first year persistence First year college student retention and degree completion is a multi layered multi dimensional problem and the book's recommendations for state and institutional level policy and practice will help policy makers and planners at all levels as well as anyone concerned with institutional retention rates and helping students reach their maximum potential for success understand the complexities of the issue and develop policies and initiatives to increase student persistence *Resources in Education*, 2001 *Improving College Student Retention* Robert D. Reason, John M. Braxton, 2023-07-03 Higher education institutions have already begun to see decreasing enrollment numbers even as higher education enrollment is predicted to drop precipitously starting in 2025 Much of the decrease in enrollment will be driven by demographic trends about which higher education institutions can do little making the retention of students who do enroll that much more important Overall retention rates have stagnated and differential retention rates by race and ethnicity have persisted If higher education institutions researchers and policy makers are to improve retention rates a critical examination of the current state and future directions of retention research is essential This edited volume begins that examination by

addressing several questions What are the needed directions in theory and research on college student persistence and how do we translate new theory and research into effective practices Are we asking the right questions looking in the right places or trying to apply out of date theories to new populations In short how can the research community help institutions improve retention in this challenging time Handbook of Education Policy Research Lora Cohen-Vogel, Peter Youngs, Janelle Scott, 2025-07-17 The second edition of the Handbook of Education Policy Research the largest volume published in AERA's history addresses a variety of policy and contextual issues in early childhood K 12 and postsecondary education that have received extensive empirical attention during the past 15 years With the pandemic and social turmoil as a backdrop the editors build on the breadth and depth of the first edition while expanding the scope of the project to include subjects methods theories and analyses that have contributed powerfully to the study of education policy and politics in the 2010s and 2020s The field has become more comprehensive and inclusive and the authors represent a diversity of racial ethnic and gender identities and intellectual and disciplinary orientations Most chapters come from multiple authors reflecting the multi sourced development of research in education policy since the first volume was published This compilation consists of 70 chapters and nine commentaries that map past present and future directions of the field and richly attend to critical issues of interest to students researchers policy makers and practitioners **Public Policy and Higher Education** Edward P. St. John, Nathan Daun-Barnett, Karen M. Moronski-Chapman, 2013 Amid changing economic and social contexts radical changes have occurred in public higher education policies over the past three decades Public Policy and Higher Education provides readers with new ways to analyze these complex state policies and offers the tools to examine how policies affect students access and success in college Rather than arguing for a single approach the authors examine how policymakers and higher education administrators can work to inform and influence change within systems of higher education using research based evidence along with consideration of political and historical values and beliefs Special Features Case Studies allow readers to examine strategies used by different types of colleges to improve access and retention Reflective Exercises encourage readers to discuss state and campus context for policy decisions and to think about the strategies used in a state or institution Approachable Explanations unpack complex public policies and financial strategies for readers who seek understanding of public policy in higher education Research Based Recommendations explore how policymakers higher education administrators and faculty can work together to improve quality diversity and financial stewardship This textbook is an invaluable resource for graduate students administrators policymakers and researchers who seek to learn more about the crucial contexts underlying policy decisions and college access *Institutes of Higher Education (IHE) and Workforce Collaboration for Digital Literacy* Nelms, Amanda, 2025-04-17 Technology is an ever evolving topic at the forefront of conversations in education For example the use of artificial intelligence AI has highlighted the need for further discussion on its use in advanced learning Within institutes of higher education IHEs students prepare for digital literacy and ever

changing technology tools Due to the nature of this technological evolution IHEs and future employers often work quickly Further exploration may assist in collaborations and partnerships that streamline and strengthen the work related to increasing digital literacy Institutes of Higher Education IHE and Workforce Collaboration for Digital Literacy explores methodologies and strategies that highlight the collaboration between IHEs and the workforce It highlights cutting edge research on silo removal between IHEs and future employers pertaining to technology integration Covering topics such as educational silos technology access and university libraries this book is an excellent resource for educators business owners researchers scholars academicians and more

European Higher Education Area: The Impact of Past and Future Policies Adrian Curaj,Ligia Deca,Remus Pricopie,2018-07-03 This volume presents the major outcomes of the third edition of the Future of Higher Education Bologna Process Researchers Conference FOHE BPRC 3 which was held on 27 29 November 2017 It acknowledges the importance of a continued dialogue between researchers and decision makers and benefits from the experience already acquired this way enabling the higher education community to bring its input into the 2018 2020 European Higher Education Area EHEA priorities The Future of Higher Education Bologna Process Researchers Conference FOHE BPRC has already established itself as a landmark in the European higher education environment The two previous editions 17 19 October 2011 24 26 November 2014 with approximately 200 European and international participants each covering more than 50 countries each were organized prior to the Ministerial Conferences thus encouraging a consistent dialogue between researchers and policy makers The main conclusions of the FOHE Conferences were presented at the EHEA Ministerial Conferences 2012 and 2015 in order to make the voice of researchers better heard by European policy and decision makers This volume is dedicated to continuing the collection of evidence and research based policymaking and further narrowing the gap between policy and research within the EHEA and broader global contexts It aims to identify the research areas that require more attention prior to the anniversary 2020 EHEA Ministerial Conference with an emphasis on the new issues on rise in the academic and educational community This book gives a platform for discussion on key issues between researchers various direct higher education actors decision makers and the wider public This book is published under an open access CC BY license

Pedagogy in Higher Education Christine Edwards-Leis,Mark Price,2025-11-27 Pedagogy in Higher Education provides a critical context for the exploration of the complex ways that pedagogy impacts the stakeholders of universities and their interrelationships

Handbook of Strategic Enrollment Management Don Hossler,Bob Bontrager,2014-09-19 Improve student enrollment outcomes and meet institutional goals through the effective management of student enrollments Published with the American Association for Collegiate Registrars and Admissions Officers AACRAO the Handbook of Strategic Enrollment Management is the comprehensive text on the policies strategies practices that shape postsecondary enrollments This volume combines relevant theories and research with applied chapters on the management of offices such as admissions financial aid and the registrar to provide a comprehensive guide to the complex world of

Strategic Enrollment Management SEM SEM focuses on achieving enrollment goals and sustaining institutional revenue and serving the needs of students It provides insights into the ways SEM is practiced across four year institutions community colleges and professional schools More than just an enhanced approach to admissions and financial aid SEM examines the student s entire educational cycle From entry through graduation this volume helps SEM professionals and graduate students interested in enrollment management to anticipate change and balancing the goals of revenue access diversity and prestige The Handbook of Strategic Enrollment Management Provides an overview of the thinking of leading practitioners that comprise SEM organizations including marketing recruitment and admissions tuition pricing financial aid the registrar s role academic advising and retention Includes up to date research on current issues in SEM including college choice financial aid student persistence and the effective use of technology Guides readers creating strategic enrollment organizations that fit the unique history culture and policy context of your campus Strategic enrollment management has become one of the most important administrative areas in postsecondary education and it is being adopted in countries around the globe The Handbook of Strategic Enrollment Management is for anyone in enrollment management admissions financial aid registration and records orientation marketing and institutional research who wish to enhance the health and vitality of his or her institution It is also an excellent text for graduate programs in higher education and student affairs
