Policing For Profit The Private Security Sector:

Policing for Profit Nigel South, 1988 This volume examines the role of private investigators industrial security and other private policing and addresses key problems of public accountability associated with commercial policing *Private Security and the Modern State* David Churchill, Dolores Janiewski, Pieter Leloup, 2020-03-11 Based on extensive research in several international contexts this volume provides a nuanced assessment of the historical evolution of private security and its fluid contested and mutually constitutive relationship with state agencies public policing and the criminal justice system This book provides an overview of the history of private security provision in its multiple forms including detective agencies insurance companies moral campaigners employers associations paramilitary organizations self protection and vigilantism It also explores the historical evolution of private policing and security provision in a diverse set of temporal national and international contexts and compares the interactions between public and private security bodies structures strategies and practices in different countries cultures and settings In doing so the volume fills the existing gaps in historical knowledge about the emergence of private and public security organizations and provides a more robust understanding of changes in the division of responsibility for security provision law enforcement and punishment between public and private institutions This wide ranging volume will be of great interest to scholars and students of history criminology sociology political science international relations security studies surveillance studies policing criminal justice and law **Policing for Profit** Jennifer Irish-Qhobosheane, Jenny Irish, 1999 *The Politics of Private Security* A. White, 2010-10-20 This is the first in depth conceptual and empirical analysis of the political issues processes and themes associated with private security provision and its growth in the postwar era examining why private security has become so prominent what its relationship to the state is and how it can be controlled **Private Policing** Mark Button, 2019-04-24 The second edition of *Private Policing* details the substantial involvement of private agents and organisations involved in policing beyond the public police It develops a taxonomy of policing and explores in depth each of the main categories examining the degree of privateness amongst several other issues The main categories include the public police hybrid policing such as state policing bodies specialised police forces and non governmental organisations voluntary policing and the private security industry This book explores how the public police and many other state bodies have significant degrees of privateness from outright privatisation through to the serving of private interests The book provides a theoretical framework for private policing building upon the growing base of scholarship in this area Fully revised this new edition not only brings the old edition up to date with the substantial scholarship since 2002 but also provides more international context and several new chapters on corporate security management security officers and private investigation There is also a consideration of what the book calls the new private security industry working largely in cyber space Bringing together research from a wide range of projects the author has been involved with along with the growing body of private policing scholarship the book shows the substantial involvement of

non public police bodies in policing and highlights a wide range of issues for debate and further research Private Policing is ideal reading for students of policing and security courses academics with an interest in private policing and security and practitioners from security and policing *Police Powers and Accountability in a Democratic Society* European Committee on Crime Problems, Council of Europe, 2000-01-01 The position of the police in both the old democracies and in societies in transition is affected by occasional conflicting legal and professional standards for police work increasing public expectations changing crime patterns stricter standards of effectiveness and accountability and frequently inadequacies in the available financial and other resources This publication contains papers on topics such as the control of police powers the prevention of police corruption powers and accountability of private police police and the public *The Handbook of Security* Martin Gill, 2016-02-26 The substantially revised second edition of the Handbook of Security provides the most comprehensive analysis of scholarly security debates and issues to date Including contributions from some of the world s leading scholars it critiques the way security is provided and managed **Accountability of Policing** Stuart Lister, Michael Rowe, 2015-07-30 Accountability of Policing provides a contemporary and wide ranging examination of the accountability and governance of police and policing Debates about who guards the guards are among the oldest and most protracted in the history of democracy but over the last decade we have witnessed important changes in how policing and security agencies are governed regulated and held to account Against a backdrop of increasing complexity in the local national and transnational landscapes of policing political legal administrative and technological developments have served to alter regimes of accountability The extent and pace of these changes raises a pressing need for ongoing academic research analysis and debate Bringing together contributions from a range of leading scholars this book offers an authoritative and comprehensive analysis of the shifting themes of accountability within policing The contributions explore questions of accountability across a range of dimensions including those individuals and institutions responsible for its delivery within and between the public and private sectors and at local national and transnational scales of jurisdiction They also engage with the concept of accountability in a broad sense bringing to the surface the various meanings that have become associated with it and demonstrating how it is invoked and interpreted in different contexts Accountability of Policing is essential reading for academics and students involved in the study of policing criminal justice and criminology and will also be of great interest to practitioners and policymakers *Private Security in Africa* Doctor Paul Higate, Mats Utas, 2017-06-15 Across Africa growing economic inequality instability and urbanization have led to the rapid spread of private security providers While these PSPs have already had a significant impact on African societies their impact has so far received little in the way of comprehensive analysis Drawing on a wide range of disciplinary approaches and encompassing anthropology sociology and political science Private Security in Africa offers unique insight into the lives and experiences of security providers and those affected by them as well as into the fragile state context which has allowed them to thrive Featuring original empirical

research and case studies ranging from private policing in South Africa to the recruitment of Sierra Leoneans for private security work in Iraq the book considers the full implications of PSPs for security and the state not only for Africa but for the world as a whole

Regulating the Security Industry Mahesh Nalla,Tim Prenzler,2020-01-24 It is widely acknowledged that the size of the security industry has increased in virtually every country around the world often eclipsing conventional police forces in personnel numbers and expenditures Security providers differ from law enforcement officers in many ways yet the nature of their crime reduction activities brings them into frequent contact with citizens drawing to the forefront issues of training professionalism and accountability Unlike police officers whose training and licensing standards are well established regulations for security providers are often minimalist or entirely absent This volume brings together research on regulatory regimes and strategies from around the globe covering both the large private security sector and the expanding area of public sector non police protective security It examines the nature and extent of licensing and monitoring and the minimum standards imposed on the industry by governments across the world The chapters in this book were originally published in the International Journal of Comparative and Applied Criminal Justice
