Policy And Practice In Bibliographic Control Of Nonbook Media:

Policy and Practice in Bibliographic Control of Nonbook Media American Library Association. Resources and Technical Services Division, 1987 Discusses nonbook materials in libraries and the cataloging of sound recordings software and videotapes

Moving Image Cataloging Martha M. Yee, 2007-10-30 Libraries archives and museums hold a wide variety of moving images all of which require the same level of attention to issues of organization and access as their print counterparts Consequently the people who create collection level records and metadata for these resources need to be equally conversant in the principles of cataloging Martha Yee covers both descriptive AACR2R AMIM and FIAF rules and subject cataloging with a focus on LCSH In the process the reader is encouraged to think critically and to be prepared to make decisions in ambiguous situations where solutions to problems are not always obvious or clearly dictated by specific rules

International Cataloguing and Bibliographic Control, 1996

A.V. in Public and School Libraries Margaret J. Hughes, 1994 Learn the right questions to ask when considering the creation maintenance and policy needs of the A V collection A V in Public and School Libraries guides librarians through the development of an A V policy by addressing special aspects of A V in the 90s such as censorship cataloging costs and acquisition policy dilemmas Audio visual material use is soaring in the public and school library environment yet some video collections are being developed haphazardly as libraries select new materials based on policy statements written for print materials The staff of any library that is starting or adding to an A V collection will benefit from this insightful overview of the video collection that addresses future trends patron use patterns collection development tools and development of written policies Some of the special issues concerning the A V collection addressed in this book include charging fees for borrowing videos censorship issues should children have access to R and NC 17 rated videos video collections in a small public library collections of audio books teaching youth how to judge A V information critically recommended videos for establishing a children s video collection how secondary school students can benefit from A V instructional media Video acquisitions librarians A V librarians and librarians in small and medium sized libraries who are responsible for policymaking regarding the video collection will benefit from this practical advice on developing basic collections creating collection tools copyright issues and decisions based on quality versus popularity of materials A V in Public and School Libraries helps all librarians address the audio visual needs of younger patrons in the school library media collection and the public library environment

Introduction to Cataloging and Classification Daniel N. Joudrey, Arlene G. Taylor, David P. Miller, 2015-09-29 A new edition of this best selling textbook reintroduces the topic of library cataloging from a fresh modern perspective Not many books merit an eleventh edition but this popular text does Newly updated Introduction to Cataloging and Classification provides an introduction to descriptive cataloging based on contemporary standards explaining the basic tenets to readers without previous experience as well as to those who merely want a better understanding of the process as it exists today The text opens with the foundations of

cataloging then moves to specific details and subject matter such as Functional Requirements for Bibliographic Records FRBR Functional Requirements for Authority Data FRAD the International Cataloging Principles ICP and RDA Unlike other texts the book doesn't presume a close familiarity with the MARC bibliographic or authorities formats ALA's Anglo American Cataloging Rules 2nd Edition revised AACR2R or the International Standard Bibliographic Description ISBD Subject access to library materials is covered in sufficient depth to make the reader comfortable with the principles and practices of subject cataloging and classification In addition the book introduces MARC BIBFRAME and other approaches used to communicate and display bibliographic data Discussions of formatting presentation and administrative issues complete the book questions useful for review and study appear at the end of each chapter

The Audiovisual Cataloging Current Sandra K. Roe, 2013-10-18 Examine crucial issues for audiovisual cataloging from a variety of perspectives This vital book addresses both current and historic issues related to audiovisual materials and cataloging It covers the current cataloging rules for sound recordings popular music and nonmusic recordings videorecordings including DVDs electronic resources whether accessed locally or remotely three dimensional objects and realia and kits Three historical articles chronicle the history of audiovisual catalog in general the history of cataloging computer files and the history of The Thesaurus for Graphic Materials A section on audiovisual materials and subject access issues includes a chapter which proposes form genre terms for moving image materials and a special library's creation and use of a new thesaurus and its availability to assist online catalog users Finally four contributions examine audiovisual materials and cataloging from the perspectives of different library types school public academic and special The Audiovisual Cataloging Current provides case studies that show how the National Library of Medicine produces collects and catalogs non print materials the differences between the Moving Image Genre Form Guide and Library of Congress Subject Headings with recommendations for improving LCSH as a tool and an exhaustive list of LCSH terms how libraries and organized cataloging groups developed the Chapter 9 descriptive cataloging rules in AACR2 how the Westchester Library System created a user friendly online catalog for audiovisual materials how the Illinois Fire Service Library improved firefighters subject access to nonprint fire emergency materials how the National Library of Medicine promotes audiovisual formats and much more
