Policy Planning and Local Government Robin Hambleton, 1978 Policy Planning and Local Government Robin Hambleton, 1979 *Policy, Planning, and People* Naomi Carmon, Susan S. Fainstein, 2013-06-27 Policy Planning and People presents original essays by leading authorities in the field of urban policy and planning The volume includes theoretical and practice based essays that integrate social equity considerations into state of the art discussions of findings in a variety of planning issues **Local Policy-making and Management Needs Perceptions of Local Government Officials** Center for Governmental Studies (Washington, D.C.), 1975 Local Plans in British Land Use Planning Patsy Healey, 2013-10-22 Local Plans in British Land Use Planning provides an analysis of the nature purpose and operation of development plans in British planning practice Comprised of 10 chapters the book discusses about the use of development plans as procedural tools used by government agencies as an element in programs for intervening in the way a land is used and developed Chapter 1 discusses land policy land use planning and development plans while Chapter 2 covers the British land policy and land use planning Chapter 3 and 4 tackle structure and local plans respectively The fifth chapter attempts to answer the question Why prepare a local plan and the next three chapters tackle local plan production form and content and use Chapter 9 covers the need of explanation regarding the planning system and Chapter 10 discusses the recommendation to tackle the issues of the British planning system The book will be of great interest to readers who are curious about the British planning system and in the analysis of public programs Handbook of Local Government Administration John J. Gargan, 2019-09-17 This theoretically and experientially grounded reference provides a complete overview of the principles and applications of government administration and management practices in the local public sector Written by over 25 distinguished academics and professionals with substantial experience as practitioners and consultants of administrative operations to local governments the book covers the effects of environmental conditions on local administrators and management techniques to administration in different types of local government It helps readers reduce research time by presenting advanced materials on local government administration and management in a single source **The Reorganisation of British Local Government** John Dearlove, 1979-09-20 This volume was first published in 1979 just a few years after the Local Government Act of 1972 redrew the map of British local government Local authorities were also encouraged to change their organization and methods of work anxiety was expressed about finance councillor calibre and the credibility of the whole system itself and neighbourhood councils and public participation in planning were introduced John Dearlove s aim is to make sense of these changes and the discussion they generated He does this by showing that both the official case for reorganization and the academic discussion of it have hindered their own understanding by uncritically accepting superficial traditional wisdoms which fail to reveal the concealed ideological positions behind reorganization Thus he aims to develop a truly political perspective on reorganisation which is rounded out and given greater depth by the insertion at appropriate points of

Local government planning for community food systems Raja, S.; Sweeney, E.; Mui, Y.; Frimpong Boamah, E., Over the last couple of decades local governments have started taking action to address food system challenges Many innovative food policies have taken place in cities in particular However despite major developments spearheaded by visionary local leaders and communities in recent years local governments in low and middle income countries LMICs continue to face major challenges in integrating food security nutrition and sustainable food systems in their agenda This publication introduces a new knowledge base for understanding food planning and governance processes and models in local governments of low and middle income countries a valuable counterbalance to the prevailing literature and experience from high income countries It provides practical insights on the needs challenges and opportunities in local food planning practice in three countries in Asia Africa and Latin America and the Caribbean Based on reported cases this publication offers a broad guiding framework and a methodology for subnational government bodies including city metropolitan regional distinct and parish governments that takes into consideration the uniqueness of each local context

Complex Policy Planning Philip Haynes, 2018-08-13 First published in 1999 this book examines recent developments in the application of chaos and complexity theory to the applied social sciences and the implications for the government planning of social care services The study argues that there are fundamental limitations to traditional government political and managerial planning structures Chaos and complexity theory shows that the effects of time and space are critical aspects for planners to consider Small changes in isolated social or individual factors can have larger scale effects on the future validity of a policy programme In particular rigid linear statistical calculations like the Government Standard Spending Assessment can undermine the ability of local authorities to make realistic plans It is proposed that government political strategies and managerial methods of analysis need to better understand the complexity of information available to them New political and institutional typologies are required if planning activity is to evolve to be of optimal social value

Approaches in Public Policy Steve Leach, John Stewart, 2025-04-01 First published in 1982 Approaches in Public Policy is an integrated purpose written text on the context process and practice of policymaking in the public sector particularly at the local level It has two main purposes It aims to provide a stimulating and critical evaluation of trends in the analysis and formulation of policy by examining the realities behind such influential concepts and ideas as rationality information systems distributional impact of services and monitoring At the same time it attempts through case study illustration to provide perceptive and detailed insights into the way such approaches have worked out in practice in a range of examples of policy initiatives in area management regional planning health care planning and Comprehensive Community Programmes The book fills a significant gap in the literature by providing a well structured set of papers which link theoretical arguments to an evaluation of topical examples of the policy process in action It will be of interest to students and researchers of public administration public policy making planning and similar topics
