Carl Hanser Verlag as an intermediary of Polish literature in West Germany between 1945 and 1990 Daniel

Pietrek,2025-04-14 The Munich based Carl Hanser Verlag was one of the most important publishers in the 1950s and 1960s when it came to promoting Polish literature in West Germany The fact that from the 1950s onwards after a period of German classics editions the Hanser Verlag focused also on Polish literature seems to be baffling However this decision was all the more important because Polish literature in translation often built bridges to Poland s neighbors after the end of World War II and paved the way for a new phase in the German Polish dialogue aimed at reconciliation This publishing policy was maintained over the following decades Daniel Pietrek analyzes and describes this unique cultural transfer in his study

Central and Eastern European Literary Theory and the West Michał Mrugalski,Schamma Schahadat,Irina

Wutsdorff,2022-12-05 Literary theory flourished in Central and Eastern Europe throughout the twentieth century but its relation to Western literary scholarship is complex This book sheds light on the entangled histories of exchange and influence both within the region known as Central and Eastern Europe and between the region and the West The exchange of ideas between scholars in the East and West was facilitated by both personal and institutional relations both official and informal encounters For the longest time however intellectual exchange was thwarted by political tensions that led to large parts of Central and Eastern Europe being isolated from the West A few literary theories nevertheless made it into Western scholarly discourses via exiled scholars Some of these scholars such as Mikhail Bakhtin become widely known in the West and their thought was transposed onto new Western cultural contexts others such as Olga Freidenberg were barely noticed outside of Russian and Poland This volume draws attention to the schools circles and concepts that shaped the development of theory in Central and Eastern Europe as well as the histoire crois e the history of translations transformations and migrations that conditioned its relationship with the West *Bibliotheca Lindesiana ...* James Ludovic Lindsay Earl of Crawford,1910
