Polish Soviet Relations 1932 1939

Bohdan Basil Budurowycz

Polish Soviet Relations 1932 1939:

Polish-Soviet Relations 1932-1939 Bohdan B. Budurowycz, 1963-03-02 *Polish-Soviet Relations, 1932-1939* Bohdan Basil Budurowycz, 1963-01 **Austria - Hungary - Poland - Russia** Herbert A. Strauss, 2011-09-06 No detailed description available for Austria Hungary Poland Russia **The History of Poland Since 1863** Roy Francis Leslie, R. F. Leslie, 1983-05-19 This is an account of the evolution of Poland from conditions of subjection to its reconstruction in 1918 development in the years between the two World Wars and reorganisation after 1945 It begins at a time when Poland was still suffering from the legacy of the eighteenth century Partitions and burdened with problems of sizeable ethnic minorities inadequate agrarian reforms and sluggish industrial development sustained by foreign capital It traces the history through to independence and then to the transformation of the country in the last thirty years Although many of the problems of the past have now disappeared industrialisation the structure of peasant agriculture and political association with the Soviet Union present the Polish People's Republic with difficulties that have yet to be resolved Substantial achievements in an ethnically homogeneous state must be set against substantial discontents This history provides the English speaking reader with a scholarly synthesis based mainly on literature in Polish and other East European languages It will be essential reading for historians of Eastern Europe and for those interested in modern Polish society Poland and the Western Powers 1938-1938 Anna M. Cienciala, 1968-12-15 This study has two objectives The first is to explain the nature and historical roots of the problems facing Polish foreign policy in 1938 39 and the manner in which they were approached by the men who shaped and directed Polish diplomacy The second is to illustrate the political interdependence in these years of Eastern and Western Europe This interdependence hinged on the German problem The attitude of France and Britain towards Poland and Eastern Europe as a whole was primarily a reflection of their policy towards Germany at the same time this policy was the decisive factor in the individual reactions of Germany's eastern neighbours to the threat of resurgent German power As far as Poland was concerned she not only had to strive to avert the danger of German revisionism the realization of which would have made her a vassal of Berlin but she also had to consider the possibility of Soviet expansion at her expense This study is however primarily concerned with Polish attempts to obtain security with regard to Germany and in the period in question this was the main objective of Polish diplomacy **A Low, Dishonest Decade** Paul N. Hehn, 2005-09-26 Focusing on the rivalries among the Great Powers in the search for markets during the world depression of the 1930s the author surveys the five Major Powers and all the Eastern European countries from the Baltic to Turkey But he primarily canvases the economic situations in locations like Czechoslovakia Hungary Poland Romania and Yugoslavia *A History of The Gypsies of Eastern Europe and Russia* D. Crowe, 2016-09-23 In this fully updated edition with a new foreword by Andre Liebich David M Crowe provides an overview of the life history and culture of the Gypsies or Roma from their entrance into the region in the Middle Ages up until the present drawing from previously untapped East European Russian and traditional sources The Great

Powers and Poland Jan Karski, 2014-01-16 This definitive study provides a comprehensive diplomatic history of Poland during the most seminal period in its existence when its destiny lay in the hands of France Great Britain and the United States Although sovereign in principle Poland was little more than an object of the Great Powers politics and rapidly changing relationships from the end of WWI to the end of WWII Focusing on the shifting policies of the Great Powers toward Poland from the Treaty of Versailles to Yalta the book ends with Poland s tragic abandonment by the West into the hands of the Soviet Union Enriched by unique anecdotal and archival material this book will be essential reading for all those seeking to understand Poland s role in twentieth century history Poland, a Country Study United States. Department of the Army, 1983 General study of Poland covers history demographic aspects and geographical aspects social structure religious practice education health the economy agricultural sector industrial sector infrastructure trade external debt government politics political opposition international relations defence military service administration of justice etc Bibliography glossary maps organigram photographs statistical tables Study of Population and Immigration Problems United States. Congress. House. Committee on the Judiciary, 1964
