The Economy and Political Culture in New Democracies: An Analysis of

Democratic Support in Central and Eastern Europe Kristin Broderick, 2017-11-22 This title was first published in 2000 This research examines the socio-economic and cultural factors that influence the development of democracy and also explores how new democracies can be maintained and consolidated It investigates the consolidation of new democracies in Central and Eastern Europe which face the hurdle of transforming their economies The study looks at the effect of economic factors on popular support for democracy and discusses what factors influence citizen commitment to democratic regimes in Central and Eastern Europe It argues that citizen perception of well-being is an important element in influencing political support Case studies cover developing democracies in Europe such as the Czech Republic or Slovakia and policy implications specifically in terms of economic policy are offered that may aid democracies in their consolidation
The Role of Political

Culture in Iranian Political Development Dal Seung Yu, 2017-05-15 The analysis of the impediments to political development is one of the most important discussions which has major theoretical and political consequences This analysis has been controversial and many different aspects have been introduced as elements for political underdevelopment In this study Dal Seung Yu takes culture a key element in this discussion and explains the major cultural impediments to political development in Iran He focuses on the historical attitudes of people towards the political management of the society and the effect these attitudes have on slowing the development of this political system in the society Those concerned with Iran the Middle East and political culture will be extremely interested in this provocative text
Religion, Globalization and

Political Culture in the Third World Jeff Haynes, 2016-07-27 A unique focus on the relationship between religion and political culture in the Third World using a comparative and thematic approach Specific issues of religion-politics interaction in the Third World in recent times include the rise of Islamic fundamentalist groups throughout the Middle East and other parts of the Muslim world the political effects of the decline of Catholicism and the rapid growth of Protestant evangelical sects in Latin America communal conflict between Hindu nationalist groups and the politicisation of Buddhism in South East Asia The common effect of such developments is to challenge existing forms of relationship between states and societies with religion used as a political resource
Political Culture and Institutional Development in Costa Rica and Nicaragua Consuelo Cruz, 2005-08-22 Democracy's checkered past and uncertain future in the developing world still puzzles and fascinates In Latin America attempts to construct resilient democracies have been as pervasive as reversals have been cruel

This book is based on a wealth of original historical documents and contemporary interviews with prominent political actors and analyses five centuries of political history in these paradigmatic cases of outstanding democratic success and abysmal failure It shows that while factors highlighted by standard explanations matter it is political culture that configures economic development institutional choices and political pacts in ways that directly affect both democracy s chances and its quality But it also claims that political culture is a dynamic combination of rational and normative imperatives that define actors views of the permissible shape their sense of realism structure political struggles and legitimate the resulting distribution of power
