Political Economy And The Labour Party The Economics Of Democratic Socialism 18841995

Prapimphan Chiengkul

Political Economy And The Labour Party The Economics Of Democratic Socialism 18841995:

The Labour Party and Taxation Richard Whiting,2001-01-25 This is a political history of Labour s use of the tax system from 1906 to 1979 an epilogue brings the story up to the present surveying New Labour s tax policies and dilemmas Richard Whiting s broad ranging lucid and readable study examines how Labour used tax to further its political aims of funding welfare managing the economy promoting fairness and achieving greater equality Whiting also shows the limits of Labour s ability to achieve a more equal society in this way assesses the ability and standing of key figures in the Labour movement and delineates the problems caused by the political role of the trade unions This study provides an original perspective on Labour s history and is a valuable contribution to understanding both the tax structure and the politics of twentieth century Britain more generally

The City of London and Social Democracy Aled Davies,2017-06-15 The City of London and Social Democracy examines the relationship between the financial sector and the state in post war Britain The key argument made in Aled Davies s study is that changes to the financial sector during the 1960s and 1970s undermined the state s capacity to sustain and develop a modern industrial economy Social democratic economic strategy was constrained by the institutionalization of investment in pension and insurance funds the fragmentation of the nation s oligopolistic domestic banking system the emergence of an unregulated international capital market based in London and the breakdown of the Bretton Woods international monetary system Novel attempts to reconfigure social democratic economic strategy in response to these changes ultimately proved unsuccessful Meanwhile the assumption that national prosperity could only be achieved through industrial growth was challenged by a reconceptualization of Britain as a fundamentally financial and commercial nation an idea that was successfully promoted by the City itself These findings assert the need to place the Thatcher governments subsequent neoliberal economic revolution which saw the acceleration of deindustrialization and the triumph of the City of London as a pre eminent international financial centre within a broader material institutional and cultural context previously underappreciated by historians

The Political Economy of Corporation Tax John Snape,2011-12-09 Excellent technical writing on corporation tax abounds but it tends to be inaccessible to public lawyers political theorists and political economists Although recent years have seen not only an explosion in public law scholarship but also a reawakening of interest in interpretative political theory and political economy the potential of these perspectives to illuminate the corporation tax debate has remained unexplored In this important work John Snape seeks to reconcile these disparate strands of scholarship and to contribute to a new way of understanding and conceptualising the reform of the law relating to corporate taxation Drawing on important developments in public law scholarship the study combines elements of political theory and political economy It advances a new interpretation of corporation tax law as an instrument of rule through the maximisation of a nation s economic potential Snape shows how corporate taxation belongs at the centre of any discussion of economic globalisation not only because of the potential of national tax systems to influence inward investment decisions but

also because of the potential of those decisions to shape the public interest that those tax systems might embody Following public law and politics models the book looks afresh at the impact of Britain's political institutions of the processes of its representative government and of the theory that moulds and orders the values that the corporation tax code contains This is a timely exploration of cutting edge issues of public policy

A Companion to Early Twentieth-Century Britain Chris Wrigley, 2008-04-15 This Companion brings together 32 new essays by leading historians to provide a reassessment of British history in the early twentieth century The contributors present lucid introductions to the literature and debates on major aspects of the political social and economic history of Britain between 1900 and 1939 Examines controversial issues over the social impact of the First World War especially on women Provides substantial coverage of changes in Wales Scotland and Ireland as well as in England Includes a substantial bibliography which will be a valuable guide to secondary sources

The Labour Governments 1964-1970 Peter Dorey, 2006-04-18 Peter Dorey here presents the most comprehensive in depth and original book of the 1964-1970 labour governments published to date This unique account examines a wide range of political issues and makes extensive use of primary sources recently released by the Public Records Office including previously unpublished cabinet papers ministerial correspondence ministers private papers and interviews with former ministers Peter Dorey analyzes the policies and intra party debates of the era and the problems which ministers faced in the context of both external events and the growing unrest amongst labour backbenchers Providing a systematic analysis of this key period in modern British history contributions span economic policies foreign affairs social reform liberalism constitutional reform and territorial management thus ensuring that this text is essential reading for researchers and students of politics and government

The Political Life of Josiah C. Wedgwood Paul Mulvey, 2010 New study of the Radical politician Josiah Wedgwood setting him in context and illuminating many of the political issues of the time In his day Josh Wedgwood was one of Britain's best known and most outspoken Radical politicians He served in three wars and in a Parliamentary career lasting from 1906 to 1943 first with the Liberals and then with Labour he fought to uphold personal liberty and to limit the power of the state Instead of the collectivism of socialists or social imperialists Wedgwood advocated a Radical vision of Victorian Individualism as the solution to the problems of social inequality at home and growing threats abroad that Britain faced in the first half of the twentieth century His support of individual freedom a redistribution of landowner's wealth and a voluntary and democratic British Empire received only limited support in his own lifetime but he fought for them with vigour and passion throughout his career This study of his life throws new light upon some of the defining ideological and policy issues of the most turbulent period of modern British history PAUL MULVEY teaches at the London School of Economics

Political Movements in Urban England, 1832-1914 Matthew Roberts, 2008-12-16 A critical introduction to the mass political movements that came of age in urban England between the Great Reform Act of 1832 and the start of World War One Roberts provides a guide to the new approaches to topics such as Chartism parliamentary reform

Gladstonian Liberalism popular Conservatism and the independent Labour movement

Labour Under Corbyn

Prapimphan Chiengkul, 2020-11-27 This book provides an accessible yet critical analysis of the Labour Party under the leadership of Jeremy Corbyn 2015-2020 in the context of the contemporary British political economy It analyses structural constraints on left wing politics and evaluates the transformative potential of Labour's economic and social policies under Corbyn Drawing from a neo Marxist and neo Gramscian framework the book argues that the material institutional and ideological conditions before 2015 opened political space for a left wing Labour Party although the dominant historical structures severely limited its chance of coming to power In addition the book argues that Labour under Corbyn should not be dismissed as populist and that its policies aimed to redress structural economic problems promote economic democracy and tackle contemporary challenges The book also highlights the importance of adopting a long term approach to counter hegemonic political struggle so as not to shrink the space for progressive politics

Reinterpreting Social Democracy Jonas Hinnfors, 2006-11-14 This thought provoking book challenges the conventional wisdom that social democracy was market hostile forty years ago and is market friendly today In this study Hinnfors provides detailed accounts of the British Labour Party and the Swedish Social Democratic Party and their shifting approaches to the liberal market economy during the period 1965-2002 Through this analysis he draws original conclusions about the parties capacity to be flexible

A History of the British Labour Party Andrew Thorpe, 2017-09-16 After 13 years in power Labour suddenly returned to being the party of opposition in 2010 This new edition of A History of the British Labour Party brings us up to date examining Gordon Brown's period in office and the Labour Party under the leadership of Ed Miliband Andrew Thorpe's study has been the leading single volume text on the Labour Party since its first edition in 1997 and has now been thoroughly revised throughout to include new approaches This new edition Covers the entirety of the party's history from 1900 to 2014 Examines the reasons for the party's formation and its aims Analyses the party's successes and failures including its rise to second party status and remarkable recovery from its problems in the 1980s Discusses the main events and personalities of the Labour Party such as MacDonald Attlee Wilson Blair and Brown With his approachable style and authoritative manner Thorpe has created essential reading for students of political history and anyone wishing to familiarise themselves with the history and development of one of Britain's major political parties

When somebody should go to the books stores, search introduction by shop, shelf by shelf, it is in fact problematic. This is why we allow the books compilations in this website.
