Derek Gill, Stanley R. Ingman

Political Economy Of Aging The State Private Power And Social Welfare:

The Political Economy of Aging Laura Katz Olson,1982 **Age, Class, Politics, and the Welfare State** Fred C. Pampel,John B. Williamson,1989 Detailed analysis of data from the UN ILO and the World Bank leads to the conclusion that a large aged population especially in combination with democratic political processes has a direct and crucial influence on the level of welfare expenditures Eldercare, Distributive Justice, and the Welfare State Derek Gill,Stanley R. Ingman,1994-01-01 The essays in this book describe the situation of the elderly today taking into account the major political economic and social variations of service provided in a variety of countries Although the welfare state exists in all developed and developing countries its content and administration varies substantially The editors first develop a framework of concepts and perspectives that establish links between eldercare distributive justice and the welfare state This is followed by analyses of the services provided to the elderly in selected countries Finally the editors show how and in what ways the concepts developed earlier in the introduction equity uniformity public accountability individualism collectivism institutional or residual welfare state orientation high or low wage economy apply to and explain the differences in care of the elderly

Kim,2021-03-04 This series attempts to address the topic of aging from a wide variety of perspectives and to make available some of the best gerontological thought and writings to researchers professional practitioners and students in the field of aging as well as in other related areas This volume is an invaluable resource for those persons seeking a broad comprehensive coverage of current public policies and service programs for the elderly Besides dealing with present gerontological services it also explores the emerging challenges that these services must face in the future One of the outstanding features of the book is that its contributors include some of the most prominent authorities in the field of gerontology This is an exceptionally important and timely volume and is a much needed addition to the literature on aging Voices and Visions of Aging Robert Kastenbaum, PhD,Thomas R. Cole, PhD,W. Andrew Achenbaum, PhD,Patricia L. Jakobi, PhD,1992-11-15 A critical gerontology requires more than a simple elaboration of existing humanistic scholarship on aging This exceptional new work introduces a basis for genuine dialogue across humanistic scientific and professional disciplines Among the topics addressed are industrial employment retirement life styles of older women and biological research From philosophical reflections on the third age to critical perspectives on institutional adaptations to an aging society this book presents a wide range of provocative thought The Welfare State Crisis and the Transformation of Social Service Work Michael Fabricant,Steve F. Burghardt,Irwin Epstein,2016-09-16 This book has emerged in response to social service workers vivid descriptions of changes in the practice of their craft during the past 15 years and to the scanty literature that addressed their concerns Few works have attempted to explore the interplay between the recent broader changes affecting the welfare state fiscal crisis cost containment privatization etc and the restructuring of social service work Yet it is clear that the fiscal decisions of the 1980s profoundly affected both the context

and content of social service practice The Welfare State Crisis and the Transformation of Social Service Work explores how these larger forces have created significant changes for the line practitioner The greater push for caseload volume in the face of resource scarcity is redefining service encounters in ways that are more likely to meet the fiscal needs of the agency rather than the service needs of clients and the professional concerns of the worker In short the fiscal crisis of the past two decades has placed the enterprise of social services at risk After empirically documenting the seriousness of the risk The Welfare State Crisis and the Transformation of Social Service Work concludes with an exploration of new social service practice strategies that have the potential to integrate the individual organization communal and social changes necessary for effective service interventions
