Political Ideology In Britain:

British Political Ideologies Robert Leach, 1991 This text examines the major political ideologies underlying the political life of Britain today The coverage of the subject ranges wider than political party ideology extending to include details on more recent ideologies such as feminism and environmentalism Topics included are the nature of ideology liberalism conservatism and socialism Political Ideology in Britain Robert Leach, 2015-05-01 As well as introducing the mainstream ideologies of Liberalism Conservatism and Socialism this text examines challenges from nationalist feminist and Green thinkers amongst others Now in its third edition it includes a new chapter on anarchism and assesses the continuing disillusionment of Britain with the ideas of the Westminster elite *Party Ideology in Britain* Leonard Tivey, Anthony Wright, 2024-03-01 First published in 1989 Party Ideology in Britain presents an approach to the study of British politics which is distinctive in its focus on political ideas rather than on the more familiar organizational basis of party politics It sets out to explore what the major political traditions in Britain stand for both in terms of general ideas and in relation to key policy areas The contributors examine the nature of political ideology in Britain in the period since 1945 as revealed by the party system and discuss the way in which general ideological positions have been related to policy and practice Each of the major national party traditions is examined showing how contemporary party thinkers have sought to apply and adapt the historic principles of their parties in the face of social change economic problems and international developments This book will be of interest to students of political science and history *Christian Socialism as Political Ideology* Anthony A.J. Williams, 2020-11-12 In this book Anthony Williams investigates the history of Christian Socialist thought in Britain from the late nineteenth to mid twentieth century Through analysis of the writings of ten key Christian Socialists from the period Williams reframes the ideology of Christian Socialism as a coherent and influential body of political thought moving the study of Christian Socialism away from historical narratives and towards political ideology The book sheds new light on a key period in British political development in particular Williams demonstrates how the growth of the Christian Socialist movement exercised a profound impact on the formation of the British Labour party which would go on to radically change 20th century politics in Britain *Political Ideology Today* Ian Adams, 2001 Examines the tenets of liberalism socialism conservatism Marxism anarchism and fascism **Principles and Politics in Contemporary Britain** Mark Garnett, 2013-10-28 This book shows the importance of political ideas in policy making and demonstrates the extent to which pragmatic considerations preclude the imposition of rigid ideological programmes It charts the decline of the postwar British consensus the changing face of both the Conservative and Labour parties under the long shadow of Thatcherism and the growing emergence of single issue policies such as environmentalism and feminism With an extensive bibliography and suggested seminar and essay topics Principles and Politics can be used on any course which focuses on contemporary British politics as well as having general appeal to those interested in looking at the contemporary political and ideological debate in

the context of wider issues and trends This second edition is completely revised and updated Politics East and West: A Comparison of Japanese and British Political Culture Curtis H. Martin, Bruce Stronach, 2017-10-03 This title was first published in 1992 This book compares stability and change in the political culture of the relatively new Asian democracy Japan and the much older Western democracy Britain While the democratic polity emerged incrementally and indigenously in Britain it was essentially a modern and in many ways foreign implant in Japan By analysing long term trends and recent changes in political attitudes support for government institutions participation voting behaviour and policy making in the two polities the authors seek to bring us a unique perspective on these two dynamic island political cultures on opposite ends of the Eurasian land mass This study will be useful as a supplemental text in upper level undergraduate and graduate courses in comparative political systems or political cultures particularly those focusing on industrial democracies It can also be used in courses on either British or Japanese politics

Political Ideas in Modern Britain Rodney Barker, 2013-01-11 The rise of the New Right and the collapse of state communism in 1989 has fundamentally changed political thinking in the late twentieth century Rodney Barker has revised and extended his classic text Political Ideas in Modern Britain in the light of these changes His accessible account of political thinking in Britain since the 1880s now includes detailed analysis of the demise of traditional conservatism and socialism the rise and decline of the New Right the growth of feminism liberalism and pluralism Political Ideas in Modern Britain charts the changing intellectual landscape of political thinking illustrating how contemporary political thought is both rooted in tradition and a radical transformation of it Whether the future is liberal communitarian pluralist or simply uncertain this is an essential guide for students of British politics Rodney Barker is Senior Lecturer in Government at the London School of Economics and Political Science

Radical Ideas in Britain R. G. Williams, 2022-07-13 This book is a study of British society It outlines the struggle for social change in Britain today from a Socialist and Left wing perspective It considers the role of ideas in British politics British history and British society It argues that if Britain is to become a better society it needs to develop better ideas specifically the ideas of Socialism

UK Government & Politics Andy Williams, 1998 This edition is revised in the light of the change of government in 1997 and the compulsory UK sections of the A levels syllabuses Additions include comparisons with the USA and Europe Europe and party politics
