Political Imagination Dialogues In Polit:

The Political Imagination; Dialogues in Politics and Political Behavior Edgar Litt (ed),1966 Dialogue, Politics and Gender Jude Browne,2013-05-23 Dialogue is promoted by its supporters as a pluralising force capable of accommodating the moral disagreement inevitable in every sphere of human society but this promise is widely and vehemently challenged How are we to determine the principles upon which the dialogical exchange should take place How should we think of ourselves as interlocutors Should we associate dialogue with the desire for consensus How should we determine decision making What are the gender dynamics of dialogical politics and how much do they matter This book brings together internationally recognised expert authors from the fields of political and social theory political philosophy and international relations to consider these controversial questions anew from a range of theoretical positions The differences of opinions and clashes of views make for a fascinating and highly informative read **The Politics of Dialogue** Ranabir Samaddar,2017-07-05 Offering a detailed analysis of post colonial South Asia The Politics of Dialogue discusses the creation and impact of borders and the pervasive tension between the new nations It critiques existing knowledges and techniques which guide our understanding of post colonial politics of war and peace and stresses the importance of dialogue in such situations as well as pointing out the reasons behind the failure to take up dialogue seriously **Forgiveness and Politics** Kethoser Aniu Kevichusa,2017-11-14 Forgiveness and politics are often assumed both ordinarily and academically to be unrelated and unrelatable This study not only argues that forgiveness and politics can be related but also that they are intrinsically related In making the case this publication explores both the biblical foundations of forgiveness and the concepts and practices of politics justice and reconciliation The findings are tested and illustrated within two case studies of forgiveness examining the conflict in Northern Ireland and several conflicts in Nagaland India Curriculum and Teaching Dialogue Chara Haeussler Bohan,John L. Pecore,Franklin S. Allaire,2022-09-01 Curriculum and Teaching Dialogue is a peer reviewed journal sponsored by the American Association for Teaching and Curriculum AATC The purpose of the journal is to promote the scholarly study of teaching and curriculum The aim is to provide readers with knowledge and strategies of teaching and curriculum that can be used in educational settings The journal is published annually in two volumes and includes traditional research papers conceptual essays as well as research outtakes and book reviews Publication in CTD is always free to authors Information about the journal is located on the AATC website <http://aatc.org> and can be found on the Journal tab at <http://aatc.org> about ctd journal *Transnational Feminisms, Transversal Politics and Art* Marsha Meskimmon,2020-02-28 This book explores the critical significance of the visual arts to transnational feminist thought and activism This first volume in Marsha Meskimmon's powerful and timely Trilogy focuses on some of the central political challenges of our era including war migration ecological destruction sexual violence and the return of neo nationalisms It argues that transnational feminisms and the arts can play a pivotal role in forging the solidarities and epistemic communities needed to create social economic

and ecological justice on a world scale Transnational feminisms and the arts provide a vital space for knowing imagining and inhabiting earth wide and otherwise The chapters in this book each take their lead from a current matter of political significance that is central to transnational feminist activist organizing and has been explored through the arts in ways that permit dialogues across geopolitical borders to take place Including examples of artwork in full colour this is essential reading for students and researchers in art history theory and practice visual culture studies feminism and gender studies political theory and cultural geography The Transnational Feminisms and the Arts Trilogy Transnational Feminisms Transversal Politics and Art Entanglements and Intersections Transnational Feminisms and Art s Transhemispheric Histories Ecologies and Genealogies Transnational Feminisms and Posthuman Aesthetics Resonance and Riffing Poetry, Politics, and Culture Harold Kaplan, A salient feature of modern poetics is its direct connection with cultural history and politics Among the great American poets of the twentieth century Wallace Stevens and William Carlos Williams offer a significant contrast with T S Eliot and Ezra Pound Where the latter advocated a theocentric or reactionary response to the cultural crises of modernity the former affirmed an essentially humanist and democratic social and aesthetic ethos While each believed in poetry as a source of cultural values and beliefs they nevertheless experienced loss of confidence in their own vocation in a world characterized by scientific rationalist thinking and the mundane struggle for survival *Foundations of Just Cross-Cultural Dialogue in Kant and African Political Thought* Gemma K. Bird, 2018-10-19 This book addresses the potential existence of shared foundational principles in the work of Immanuel Kant and a range of African political thought as well as their suitability in facilitating just and fair cross cultural dialogue The book first establishes an analytical framework grounded in a Kantian approach to understanding shared human principles suggesting that a drive to be self law giving may underpin all human interactions regardless of cultural background It then investigates this assumption by carrying out a theoretical analysis of texts and speeches from a variety of African scholarship ranging from the colonial period to the present day The analysis divided into three distinctive chapters covers the N gritude movement African socialism and post colonial philosophers including such thinkers as L opold S dar Sengor Julius K Nyerere Kwame Nkrumah Kwame Anthony Appiah Kwasi Wiredu and Kwame Gyekye The author argues that underpinning each of their very different theoretical positions and arguments is a foundational argument for the importance of self law giving In doing so she highlights the need to respect this principle when embarking on cross cultural dialogues The book will be of interest to students and scholars in the fields of African political thought political theory and international relations **Democracy in Dialogue, Dialogue in Democracy** Katarzyna Jezierska, Leszek Koczanowicz, 2016-03-09 It is widely accepted that the machinery of multicultural societies and liberal democratic systems is dependent upon various forms of dialogue dialogue between political parties between different social groups between the ruling and the ruled But what are the conditions of a democratic dialogue and how does the philosophical dialogic approach apply to practice Recently facing challenges from mass protest movements

across the globe liberal democracy has found itself in urgent need of a solution to the problem of translating mass activity into dialogue as well as that of designing borders of dialogue Exploring the multifaceted nature of the concepts of dialogue and democracy and critically examining materializations of dialogue in social life this book offers a variety of perspectives on the theoretical and empirical interface between democracy and dialogue Bringing together the latest work from scholars across Europe Democracy in Dialogue Dialogue in Democracy offers fresh theorizations of the role of dialogue in democratic thought and practice and will appeal to scholars of sociology political science and social and political theory **War Beyond the Battlefield** David Grondin, 2013-09-13 In an effort to make sense of war beyond the battlefield in studying the wars that were captured under the rubric of the War on Terror this special issue book seeks to explore the complex spatial relationships between war and the spaces that one is not used to thinking of as the battlefield It focuses on the conflicts that still animate the spaces and places where violence has been launched and that the war has not left untouched In focusing on war beyond the battlefield it is not that the battlefield as the place where war is waged has gone in smoke or has borne out of importance it is rather the case that the battlefield has been displaced redesigned reshaped and rethought through new spatializing practices of warfare These new spaces of war new in the sense that they are not traditionally thought of as spaces where war takes place or is brought to are television screens cellular phones and bandwidth George W Bush's ranch in Crawford Texas videogames popular culture sites news media blogs and so on These spaces of war beyond the battlefield are crucial to understanding what goes on the battlefield in Iraq Afghanistan or in other fronts of the War on Terror such as the homeland to understand how terror has globally been waged beyond the battlefield This book was originally published as a special issue of Geopolitics
