

# Define: Political Economy

Obviously, power and authority come to the fore when heterogeneity of interest leads to conflict among actors and does not necessarily lead to optimal use of scarce resources.

Today, political economists study interrelationships between political and economic institutions (or forces) and processes. They appreciate politics as the sum of activities—involving cooperation, conflict, and negotiation—that shape decisions touching the production, consumption, and transfer of scarce resources, irrespective of whether the activities are formal or informal, public or private, or a combination thereof.

**Essays in Economic Globalization, Transnational Policies and Vulnerability** Alexander Kouzmin,Andrew Hayne,1999 The liberalization of trade and its questionable benefit the increasing fluidity in the movement of people and trade across geo political divides the emergence of unregulated virtual trade and its implications on domestic economic policy and the social implications of the new world order are all issues demanding on going critical examination from a perspective beyond the common lens of neo liberal economics Such an examination is pursued in Kouzmin and Hayne edited volume Essays in Economic Globalization Transnational Policies and Vulnerability a collection of 13 diverse challenging and often cautionary chapters contributed by an international cohort of scholars

**The Political Economy of Reform in Central Asia** Martin C. Spechler,2008-04-23 This book examines the economic reforms and material progress of the Central Asian republics after becoming independent from the Soviet Union focusing especially although not exclusively on the largest of these new states Uzbekistan It considers the region s abundant energy resources and prospects for future development

**The Political Economy of Megaprojects in Asia** Hyun Bang Shin,Dong-Wan Gimm,2025-02-18 This book offers a comprehensive analysis of how the developmental goals of Asian states are reflected in large scale projects and how various actors both realize and challenge these goals The rise of Asian economies has spurred the proliferation of megaprojects through large scale resource mobilization necessitating varying degrees of state intervention Despite neoliberal pressures these projects remain linked to national developmental aspirations driven by domestic transnational or combined pro growth interests and serve multiple political purposes The book advances the argument that megaprojects embody the dynamics of multiscalar strategic relations that determine the process and outcome of urbanization These projects create iconic landmarks new towns central business districts and infrastructure showcasing intertwined political and economic interests By examining contemporary megaprojects in China South Korea Taiwan India Malaysia and Turkey the contributing authors reveal the complexity of urbanizing forces and their multiscalar nature in shaping the built environment and shed light on the

intricate interplay of state strategies economic needs and sociopolitical forces that influence urban landscapes This interdisciplinary work provides a nuanced understanding of the political economy underpinning Asian urbanization and contributes to ongoing debates on urban development state society relations and the production of space in the context of globalization Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license

**Capitalism in the Age of Globalization** Samir Amin, 1997-02-15 This is an analysis of the increasingly differentiated regions of the South the former Eastern bloc countries and Western Europe The author integrates his economic arguments about the nature of the crisis with political arguments based on his vision of human history as the product of social response to material realities The book analyzes the rise of ethnicity and fundamentalism and deconstructs the Bretton Woods institutions notably the IMF and the World Bank as managerial mechanisms protecting the profitability of capital

**Korea's Quest for Economic Democratization** Youngmi Kim, 2017-09-06 This book studies the sources of inequality in contemporary South Korea and the social and political contention this engenders Korean society is becoming more polarized Demands for economic democratization and a fairer redistribution of wealth occupy centre stage of political campaigns debates and discourse The contributions offer perspectives on this wide ranging socio political change by examining the transformation of organized labour civil society the emergence of new cleavages in society and the growing ethnic diversity of Korea's population Bringing together a team of scholars on Korea's transition and democratization the story the book tells is one of a society acutely divided by the neo liberal policies that accompanied and followed the Asian financial crisis Taken together the contributions argue that tackling inequalities are challenges that Korean policy makers can no longer postpone The solution however cannot be imposed once again from the top down but needs to arise from a broader conversation including all segments of Korean society The book is intended for a readership interested in South Korean politics specifically and global experiences in transition more generally

**A Global Political Economy of Democratisation** Alison J. Ayers, 2018-02-13 The late twentieth century is often portrayed as an Age of Democratisation with democracy heralded as the best of all political systems Yet democracy has multiple meanings values and significances The start of the twenty first century has witnessed a massive revival of interest in the meaning and role of democracy not least as democracy understood in one highly particular sense has been increasingly recognised to be in crisis This book presents these deliberations in a new light by moving beyond the concept of the sovereign state as the dominant framework of enquiry and by rejecting the primacy of the state and the categorical separation of the domestic and the international Instead Ayers elaborates an account of democratisation through the global political economy encompassing a trenchant critique of mainstream democracy promotion in theory and practice and opening up possibilities for different histories of democratisation autonomous of the Western liberal and neoliberal project This innovative work will prove useful to scholars and students in the fields of Politics

Political Economy International Relations Development African Studies History Geography and Sociology *Religions in International Political Economy* Sabine Dreher, 2020-07-02 This book shows how religions and their internal struggles shape key actors and processes in the international political economy It highlights how fundamentalist business oriented Christians in the United States were instrumental in the neoliberal turn in US hegemony how Christianity in the form of prosperity religion transformed Latin America and how reactionary religious movements sharpened state competition through illiberal politics in Turkey India and elsewhere But reactionary movements are also confronted by liberationist or more progressive movements such as Islamic feminism that seek to build a more inclusive global economy Religions and their ideas should be seen as a constitutive part of neoliberal globalization and its contestation in IPE [The International Political Economy of Transformation in Argentina, Brazil and Chile Since 1960](#) E. Pang, 2002-09-06 This book is about how the three most important countries in South America have responded to the challenges of globalization since the mid 1960s the first OPEC price hike the Third World debt crisis leading to the lost decade for the continent and finally bold but often ill planned neo liberal reforms of the 1990s Latin America will experience another cycle of structural changes in the coming decades as the reforms of the 1980s and 1990s failed to produce the desired effects social justice fair income distribution sustainable growth and consolidation of democracy
