Political Frontiers And Boundaries:

The Geography of Frontiers and Boundaries J. R. V. Prescott, 2014-10-03 This book originally published in 1986 shows the importance of geography in international power politics and shows how geopolitical thought influences policy making and action It considers the various elements within international power politics such as ideologies territorial competition and spheres of influences and shows how geographical considerations are crucial to each element It considers the effects of distance on global power politics and explores how the geography of international communication and contact and the geography of economic and social patterns change over time and affect international power balances *Political Frontiers*

and Boundaries J. R. V. Prescott, 2014-10-03 This classic work is a comprehensive treatment of the world's political frontiers and boundaries and includes sections on boundaries in the air as well as chapters treating the subject in a regional manner covering the continents in terms of the evolution of boundaries *Political Frontiers and Boundaries* John Robert Victor

Prescott, 1987-01-01 **International Frontiers and Boundaries** Victor Prescott, Gillian D. Triggs, 2008-07-31

International frontiers and boundaries separate land rivers and lakes subject to different sovereignties Frontiers are zones of varying widths and they were common many centuries ago By 1900 frontiers had almost disappeared and had been replaced by boundaries that are lines The divisive nature of frontiers and boundaries has formed the focus of inter disciplinary studies by economists geographers historians lawyers and political scientists Scholars from these disciplines have produced a rich literature dealing with frontiers and boundaries The authors surveyed this extensive literature and the introduction reveals the themes which have attracted most attention Following the introduction the book falls into three sections The first section deals systematically with frontiers boundary evolution and boundary disputes The second section considers aspects of international law related to boundaries It includes chapters dealing with international law and territorial boundaries maps as evidence of international boundaries and river boundaries and international law The third section consists of seven regional chapters that examine the evolution of boundaries in the Americas the Middle East Africa Asia Europe islands off Southeast Asia and Antarctica **The Geography of Frontiers and Boundaries (Routledge Library Editions: Political**

Frontiers, Ethnic Boundaries and Human Geographies in Chinese History Nicola Di Cosmo, Don J Wyatt, 2005-08-16

Boundaries demanding physical space enclosing political entities and distinguishing social or ethnic groups constitute an

essential aspect of historical investigation It is especially with regard to disciplinary pluralism and historical breadth that this book most clearly departs and distinguishes itself from other works on Chinese boundaries and ethnicity In addition to history the disciplines represented in this book include anthropology particularly ethnography religion art history and literary studies Each of the authors focuses on a distinct period beginning with the Zhou dynasty c 1100 BCE and ending with the early centuries after the Manchu conquest c CE 1800 resulting in a chronological sweep of nearly three millennia

Constructing Europe's Identity Lars-Erik Cederman, 2001 The authors assess not only the benefits but also the costs of attempts to assert a European identity Referring to debates about the respective merits of deepening and widening they address the equally important associated tradeoffs between exclusion and dilution they point to the risks on the one hand of a Europe that excludes foreign goods immigrants and entire countries and on the other of an unfocused definition of Europe that may dilute the very values that a European identity is intended to protect

A Companion to Political Geography John A. Agnew, Katharyne Mitchell, Gerard Toal, 2008-04-15 A Companion to Political Geography presents students and researchers with a substantial survey of this active and vibrant field Introduces the best thinking in contemporary political geography Contributions written by scholars whose work has helped to shape the discipline Includes work at the cutting edge of the field Covers the latest theoretical developments
