## **Political Philosophy And Ideology A Critique Of Political Essentialism:**

**Political Philosophy and Ideology** Hugh P. McDonald, 1997 This book is a critique of political essentialism the doctrine that states that there is a single nature and destiny for human kind and that an elite is indispensable for bringing this about through political action A systematic value philosophy is contrasted with ideological politics which includes novel theories of justice freedom equality and their relation This book argues against Marxist accounts of social changes and that the cause of modern revolutions and their aftermath is ideology and not economic factors Ideology is articulated by political intellectuals who direct political movements It also argues against ideologically based political thought Ibss: Political Science: 1997 British Library of Political and Economic Science, 1999-01-14 Provides an unrivalled overview of intellectual development in political science

**John Dewey and Environmental Philosophy** Hugh P. McDonald, 2004-01-01 A comprehensive look at how John Dewey's ethics can inform environmental issues

*Radical Axiology* Hugh P. McDonald, 2021-11-08 This book treats values as the basis for all of philosophy an approach distinct from critiquing theories of value and far rarer First Philosophy the effort to justify the foundations for a system of philosophy is one of the main issues that divide philosophers today McDonald's philosophy of values is a comprehensive attempt to replace philosophies of existence being experience the subject or language with a philosophy that locates value as most basic This transformation is a radical move within Western philosophy as a whole since it has never been done in such a thoroughgoing way Hugh P McDonald makes a comprehensive case against first philosophy as metaphysical by mounting a case against all metaphysical systems of philosophy *Radical Axiology A First Philosophy of Values* is a fresh start for a rebirth of philosophy While other movements debate the death of philosophy this book radically re evaluates the direction of philosophy by discovering values at the basis of all philosophy This reorientation addresses the question of what the love of wisdom can mean for us today

**Existence** Robert Cummings Neville, 2014-06-05 Religion writes Robert Cummings Neville articulates existential predicaments and provides venues for ecstatic fulfillment Like its companion volumes treating ultimacy and religion *Existence* advances a systematic philosophical theology to address first order questions found in the array of Axial Age religions Issues arising in the major religious traditions are explored through a complex array of philosophical approaches This second volume shows religion to be the engagement of ultimate realities common to all human beings Neville finds five problematics relative to ultimate boundary conditions of the human world the contingency of existence living under obligation the quest for wholeness engagement with others and the meaning or value in life Common to all human beings and hence religion the engagement with realities is also historically and culturally bound becoming simultaneously socially constructed religions Readers will find Neville's philosophical theology both bold and enlightening running counter to dominant intellectual trends while richly informed by a long and fruitful engagement with theology philosophy and religion East and West

**Karl Marx's Realist Critique of Capitalism** Paul Raekstad, 2022-10-13 This book offers the first realist reconstruction of Marx's critique of capitalism. Reading Marx through a realist lens enables us to make sense of the connections between 1. Marx's positive concept of freedom rooted in a theory of human development, 2. his understanding of alienation as diagnosing capitalist unfreedom, and 3. his conceptions of democracy and socialism respectively as the cures for this unfreedom. Along the way, it discusses and responds to some of Marx's most insightful critics such as Max Weber and Friedrich Hayek. This clarifies Marx's ideas for a new generation of political thinkers, explains the challenge they pose to contemporary debates about freedom, democracy, and future economic institutions, and demonstrates that these ideas remain both defensible and compelling.
