Andelman, 2009-07-08 Advance Praise for A Shattered Peace The peace settlements that followed World War I have recently come back into focus as one of the dominant factors shaping the modern world The Balkans the Middle East Iraq Turkey and parts of Africa all owe their present day problems in part to these negotiations David Andelman brings it all back to life the lofty ideals the ugly compromises the larger than life personalities who came to Paris in 1919 And he links that far away diplomatic dance to present day problems to illuminate our troubled times A tremendous addition to this vitally important subject Ambassador Richard Holbrooke The peace conference in Paris at the end of World War I was the first and last moment of pure hope for peace in the history of world affairs Our president Woodrow Wilson was the sorcerer for this hope and he kindled great expectations in people everywhere David Andelman a classic reporter and storyteller tells this fascinating tale of hope falling finally and forever on the shoals of naivete and hard headed cynicism Leslie H Gelb former columnist for the New York Times and President Emeritus of the Council on Foreign Relations The failed peace settlement following the Great War of 1914 1918 has been the subject of many fine books In many respects David Andelman's A Shattered Peace is the best of these It is compact and compellingly written Moreover it explains more clearly than any other work how the failure of peacemaking in 1919 shaped later history and indeed shapes our own era Ernest R May Charles Warren Professor of American History Harvard University It is the power and fascination of David Andelman's new book A Shattered Peace that he shows us with the clarity of a first rate reporter and the drama and detail at the command of a first rate novelist that we are all still enmeshed in the loose ends of the Treaty of Versailles Andelman brings us to Korea to Vietnam to the Persian Gulf and to Iraq in our own vexed era His story is alive with color conflict and interesting people We could not find a better guide to this time Richard Snow Editor in Chief American Heritage Between the Woods and the

Water Patrick Leigh Fermor, 2011-09-14 Continuing the epic foot journey across Europe begun in A Time of Gifts Patrick Leigh Fermor writes about walking from Hungary to the Balkans The journey that Patrick Leigh Fermor set out on in 1933 to cross Europe on foot with an emergency allowance of one pound a day proved so rich in experiences that when much later he sat down to describe them they overflowed into more than one volume Undertaken as the storms of war gathered and providing a background for the events that were beginning to unfold in Central Europe Leigh Fermor's still unfinished account of his journey has established itself as a modern classic Between the Woods and the Water the second volume of a projected three has garnered as many prizes as its celebrated predecessor A Time of Gifts The opening of the book finds Leigh Fermor crossing the Danube at the very moment where his first volume left off A detour to the luminous splendors of Prague is followed by a trip downriver to Budapest passage on horseback across the Great Hungarian Plain and a crossing of the Romanian border into Transylvania Remote castles mountain villages monasteries and towering ranges that are the haunt of bears wolves eagles gypsies and a variety of sects are all savored in the approach to the Iron Gates the division between the Carpathian mountains and the Balkans where for now the story ends **Orchestral Music (Class M1000-1268)**
