Handbook of Classroom Management Carolyn M. Evertson, Carol S. Weinstein, 2013-10-31 Classroom management is a topic of enduring concern for teachers administrators and the public It consistently ranks as the first or second most serious educational problem in the eyes of the general public and beginning teachers consistently rank it as their most pressing concern during their early teaching years Management problems continue to be a major cause of teacher burnout and job dissatisfaction Strangely despite this enduring concern on the part of educators and the public few researchers have chosen to focus on classroom management or to identify themselves with this critical field The Handbook of Classroom Management has four primary goals 1 to clarify the term classroom management 2 to demonstrate to scholars and practitioners that there is a distinct body of knowledge that directly addresses teachers managerial tasks 3 to bring together disparate lines of research and encourage conversations across different areas of inquiry and 4 to promote a vigorous agenda for future research in this area To this end 47 chapters have been organized into 10 sections each chapter written by a recognized expert in that area Cutting across the sections and chapters are the following themes First positive teacher student relationships are seen as the very core of effective classroom management Second classroom management is viewed as a social and moral curriculum Third external reward and punishment strategies are not seen as optimal for promoting academic and social emotional growth and self regulated behavior Fourth to create orderly productive environments teachers must take into account student characteristics such as age developmental level race ethnicity cultural background socioeconomic status and ableness Like other research handbooks the Handbook of Classroom Management provides an indispensable reference volume for scholars teacher educators in service practitioners and the academic libraries serving these audiences It is also appropriate for graduate courses wholly or partly devoted to the study of classroom management

Reflective Teaching in Secondary Schools Andrew Pollard, Caroline Daly, Katharine Burn, Steve Higgins, Aileen Kennedy, Margaret Mulholland, Jo Fraser-Pearce, Mary Richardson, Dominic Wyse, John Yandell, 2023-01-26 The book you can trust to guide you through your teaching career as the expert authors share tried and tested techniques in secondary settings For this new edition Caroline

Daly with Andrew Pollard has worked with top practitioners from around the UK to create a text that is both cohesive and that continues to evolve to meet the needs of today's secondary school teachers. *Reflective Teaching in Schools* uniquely provides two levels of support: practical evidence-based guidance on key classroom issues such as relationships, behaviour, curriculum planning, teaching strategies, and assessment; evidence-informed principles and concepts to help you continue developing your skills. New to this edition: More case studies and research summaries based on teaching in the secondary school than ever before; New reflective activities and guidance on key readings at the end of each chapter; Updates to reflect recent changes in curriculum and assessment across the UK. reflectiveteaching.co.uk provides a treasure trove of additional support.

At the Heart of Teaching Grace Hall McEntee, 2003-01-01 Featuring engaging narratives, this how-to book delves into reflection as a concept and provides specific replicable tools for professional practice. Each chapter draws on a particular school situation, demonstrating the value of teacher reflection and describing the nuts and bolts of the process, including protocols for handling many different circumstances. Written by public school teachers who offer lessons learned and strategies that work, this volume provides insights to help teachers build reflective practice with their students, including protocols for classroom problem solving, presents scenarios for individual students, their parents, and teachers to talk together about a student's performance, including protocols for conducting family meetings, shows what can happen when teachers come together to share stories of their daily lives, including protocols for conducting a focus group, and offers advice for reflecting alone and with a group, including protocols for both types of reflection.

Reflective Practice in Education and Social Work Robyn Ewing, Fran Waugh, David L. Smith, 2021-12-14 This book offers unique interdisciplinary insights into developing connections between reflective practice and employability, particularly through the lenses of the education and social work professions. It recognises the various meanings that can be applied to the notion of reflection and examines the challenges of using reflective practice in the workplace. The chapters explore the tensions that arise from preparing professionals to be agents of change and concerned with social justice and equity. Further, the book provides much-needed perspective on how diverse positions can be identified and leveraged, and shared meanings negotiated in the creation of meaningful professional learning resources for early career teachers and social workers, and across the career continuum. Bringing together contributions from internationally renowned scholars, *Reflective Practice in Education and Social Work* is essential reading for early career and experienced professionals in education and social work, academics, and practitioners seeking further professional development in reflective practice.
