Radical Images:

Images of Power Jens Andermann, William Rowe, 2006-09-01 In Latin America where even today writing has remained a restricted form of expression the task of generating consent and imposing the emergent nation state as the exclusive form of the political was largely conferred to the image Furthermore at the moment of its historical demise the new postmodern forms of sovereignty appear to rely even more heavily on visual discourses of power However a critique of the iconography of the modern state form has been missing This volume is the first concerted attempt by cultural historical and visual scholars to address the political dimension of visual culture in Latin America in a comparative perspective spanning various regions and historical stages The case studies are divided into four sections analysing the formation of a public sphere the visual politics of avant garde art the impact of mass society on political iconography and the consolidation and crisis of territory as a key icon of the state *Exploring Stereotyped Images in Victorian and Twentieth-century Literature and Society* John Morris, 1993

Between Image and Identity Karina A. Eileraas, 2007-07-19 What does it mean to insist on the visual as a form of psychic and political violence And how are women specifically targeted by symbolic violence during periods of war and colonization *Between Image and Identity* highlights postcolonial feminist efforts to transform violence into aesthetic and political strategies of resistance This book explores the autobiographical literature visual and performance art of postcolonial women from Maghreb and Southeast Asia including Leila Sebbar Assia Djebar and Theresa Hak Kyung Cha Karina Eileraas critically examines how contemporary these artists actively participate in the violence of representation in order to re imagine the relationship between image and identity By exploring the creative potentials of fantasy alienation and misrecognition in their work these artists rewrite postcolonial history and re vision the relationships between sexual politics symbolic violence and national memory *Between Image and Identity* is a compelling and innovative book that will appeal to those interested in postcolonial and feminist studies autobiography visual culture war and trauma studies **Conflicting**

Images Stuart Allan, Tom Allbeson, 2024-05-31 In contrast with historical examinations centring the evolving role of the war correspondent *Conflicting Images* focuses on the contribution of photographers and photojournalists providing an evaluative appraisal of war photography in the news and its development from the nineteenth century to the twenty first century Stuart Allan and Tom Allbeson critically explore diverse genres of war photography across a broad historical sweep encompassing events from the Crimean War 1853 56 and the Civil War in the United States 1861 65 up to and including conflicts unfolding in Syria and Ukraine This book reflects on the relevance of different types of warfare to visual reporting from colonial conquest via trench warfare and aerial bombardment to the ideological dimensions of the Cold War and embedding and winning hearts and minds during the War on Terror and its aftermath In pinpointing illustrative examples the authors examine changing dynamics of production dissemination and public engagement Readers will come to understand how current efforts to rethink the future of war photography in a digital age can benefit from a close and careful consideration of

war photography's origins, early development and gradual uneven transformation over the years. *Conflicting Images* aims to invigorate ongoing enquiries and inspire new alternative trajectories for future research and practice. This book is recommended reading for researchers and advanced students of visual journalism and conflict reporting.

The Civil War and the Press S. Kitrell Rushing, 2023-06-14 The power of the American press to influence and even set the political agenda is commonly associated with the rise of such press barons as Joseph Pulitzer and William Randolph Hearst at the turn of the century. The latter even took credit for instigating the Spanish American War. Their power, however, had deeper roots in the journalistic culture of the nineteenth century, particularly in the social and political conflicts that climaxed with the Civil War. Until now, historians have paid little attention to the role of the press in defining and disseminating the conflicting views of the North and the South in the decades leading up to the Civil War. In *The Civil War and the Press*, historians, political scientists and scholars of journalism measure the influence of the press, explore its diversity and profile the prominent editors and publishers of the day. The book is divided into three sections covering the role of the press in the prewar years, throughout the conflict itself and during the Reconstruction period. Part 1, *Setting the Agenda for Secession and War*, considers the rise of the consumer society and the journalistic readership, the changing nature of editorial standards and practice, the issues of abolitionism, secession and armed resistance as reflected in Northern and Southern newspapers, the reporting on John Brown's Harper's Ferry raid and the influence of journalism on the 1860 election results. Part 2, *In Time of War*, includes discussions of journalistic images and ideas of womanhood in the context of war, the political orientation of the Jewish press, the rise of illustrated periodicals and issues of censorship and opposition journalism. The chapters in Part 3, *Reconstructing a Nation*, detail the infiltration of the former Confederacy by hundreds of federally subsidized Republican newspapers, editorial reactions to the developing issue of voting rights for freed slaves and the journalistic mythologization of Jesse James as a resister of Reconstruction laws and conquering Unionists. In tracing the confluence of journalism and politics from its source, this groundbreaking volume opens a wide variety of perspectives on a crucial period in American history while raising questions that remain pertinent to contemporary tensions between press power and government power. *The Civil War and the Press* will be essential reading for historians, media studies specialists, political scientists and readers interested in the Civil War period.

Public Policy Analysis William N. Dunn, 2015-07-22 *Public Policy Analysis* the most

widely cited book on the subject provides readers with a comprehensive methodology of public policy analysis Starting from the premise that policy analysis is an applied social science discipline designed for solving practical problems facing public and nonprofit organizations the book bridges the gap between theory and practice It provides practical skills for conducting policy analysis and communicating findings through memos position papers and other forms of structured analytical writing The book asks readers to critically analyze the arguments of policy practitioners as well as political scientists economists and political philosophers *Electron Paramagnetic Resonance* Bruce C Gilbert,M J Davies,Damien M Murphy,2007-10-31

Electron Paramagnetic Resonance EPR Volume 18 highlights major developments in this area reported in 2001 and 2002 with results being set into the context of earlier work and presented as a set of critical yet coherent overviews The topics covered describe contrasting types of application ranging from biological areas such as EPR studies of free radical reactions in biology and medically related systems to experimental developments and applications involving EPR imaging the use of very high fields and time resolved methods Critical and up to the minute reviews of advances involving the design of spin traps advances in spin labelling paramagnetic centres on solid surfaces exchange coupled oligomers metalloproteins and radicals in flavoenzymes are also included As EPR continues to find new applications in virtually all areas of modern science including physics chemistry biology and materials science this series caters not only for experts in the field but also those wishing to gain a general overview of EPR applications in a given area *Picture Composition* Peter Ward,2002-11-12

Behind each shot there lies an idea or purpose When setting up a shot the camera operator can employ a range of visual techniques that will clearly communicate the idea to an audience Composition is the bedrock of the operator's craft yet is seldom taught in training courses in the belief that it is an intuitive personal skill Peter Ward shows how composition can be learned to enhance the quality of your work Based on the author's own practical experience the book deals with the methods available for resolving practical production questions such as Does the shot composition accurately reflect the idea that initiated the shot Will the content and method of presenting the subject accurately convey the idea Major innovations in television and film production since the previous edition have affected the styles of composition such as wide screen and the use of mini DV cameras These new technologies and their implications for picture composition are addressed in this new edition A new colour plate section is also being included to update the section on colour If you are a practising camera operator trainee camera operator student or lecturer on a television or film production course or simply a video enthusiast wishing to progress to a more professional standard you will find this book essential in enhancing the quality of your work

Art and Design in 1960s New York Amanda Gluibizzi,2021-02-26 Art and Design in 1960s New York explores the mutual influence between fine art and graphic design in New York City during the long decade of the 1960s Beginning with advertising s creative revolution and its relationship to pop artists the book traces design and art s developing interest in responses to civic problems such as the proliferation of billboards navigation through the city s streets and subways and issues of deteriorating infrastructure The strategies exploited by these artists and designers resulted in similar approaches to visual imagery and shared techniques for thinking about and responding to the city in which they lived

Fashion and Feeling Roberto Filippello,Ilya Parkins,2023-05-16 Fashion and Feeling The Affective Politics of Dress explores the complex nexus of fashion and the feeling body from a variety of critical perspectives across fashion studies anthropology sociology design practice and media studies It asks such questions as What does fashion look and feel like in an age dominated by amplified anxiety isolation depression and precariousness How are feelings woven into clothing and mobilized through fashion practices in ways that might sustain living with a sense of ongoing crisis Does fashion have the potential to help us reimagine new lifeworlds which might be reinvigorating In other words how is fashion engaging with the bad the good and the ambivalent feelings associated with our personal and collective histories with our troubled political present and with our imagined future Despite such diverse and scattered contributions the potentialities of feeling for the study of fashion are still largely neglected This edited volume seeks to tease out possible avenues of investigation of the clothed body and its representations through the lens of feeling

The Aesthetics of Image and Cultural Form Yi Chen,2024-04-24 Offering an alternative mode of visual cultural analysis to the prevalent discursive model this book proposes to situate analysis of Image within formal analyses of culture experience Specifically the discussion draws on theories of affective aesthetics with the view of addressing the sensual form of culture i e cultural form Therefore the volume puts forward a mode of formalist analysis in visual cultural research which takes purchase on the idea of cultural form A continuum of formalist attention between Image analysis visual media industrial design and probing of cultural forms establishes the theoretical underpinning of the book These concepts are expounded through a case study which looks at formal experimentations and debates arising from 1960s avant garde artistic practices in London
