Radical Accounting

A Way Out of the Dark and into the Profit

With a few QuickBooks[®] Accounting Software Tips & Tricks

By Madeline Bailey

"Devoured your eBook over several sittings yesterday, finished up this morning. I was actually voluntarily sitting at my desk at 6:45 am. on a Sunday morning, reading about BOOKKEEPING, of all things!! Am taking a break from setting up my first Chart of Accounts to send you this email. A quick read of your eBook has tremendously raised my comfort level with managing our family and small business bookkeeping tasks, and I wanted to share my appreciation."

"I am so excited about Madeline's book, Radical Accounting. I've read it cover to cover twice, marking it up with stickies and margin notes, and had it open on my lap when I sat down in front of a brand new QB account to create my Chart of Accounts from scratch. The day it all clicked - when I finally got it - when the P&L became clear and it all made sense - I was jumping up and down. I've been self-employed for 8 years and until I read her book I thought my Chart of Accounts was just something I kept for my tax preparer so she'd know how much to deduct from my Schedule C. I wanted to understand more about how the finances affect my businesses, but I didn't know where to go to learn. Now I recommend it to everyone who runs his or her own business. It's concise, to the point, and puts all the pieces together. THANK YOU for such an awesome resource and for explaining it so clearly."

LaraEve Feltin, Partner, Bizrak, www.bizrak.com

*"Of all the accounting textbooks, or educational literature I've read, or been subject to, this one may be the easiest to understand and apply in the real world. I think **this book should be required reading for all entrepreneurs** thinking of starting their own business, or those who continuously have trouble communicating effectively with that highly paid accountant they use."*
