Radical Challenge Priesthood Today:

Spiritual Theology of the Priesthood Dermot A. Power, 1998-01-01 Hans Urs von Balthasar's writings have pastoral implications that even now are barely recognised and hardly developed. Here a pastorally experienced theologian who knew von Balthasar personally unfolds this pastoral dimension for the first time. Integrating Christology and Ecclesiology with the profound spirituality that for von Balthasar is inseparable from authentic theology, Fr Power demonstrates the paradoxical grandeur and weakness of the Catholic priesthood. He highlights the roles of the Catholic priest as servant, bridegroom, shepherd, victim, teacher, prophet, celebrant, and minister of reconciliation. At a time when many priests feel their identity called into question, this book offers new hope for the renewal of the priesthood in the Catholic Church. **African Catholic Priests** Jordan Nyenyembe, 2011 This is a timely book on the contemporary African priesthood. Just as in other parts of the globe, the African priesthood currently faces a serious crisis of identity. The unfolding crisis puts stress on the clerics and augments the tension with lay people. The model of the Church as Family of God, opted for by the Church in Africa, is a new milestone that puts pressure on Catholic priests to define their role in the new context. The identity and image of priests need to be specified as lay ministries render the Church active from the grassroots. Reflection about the ministry of the clergy in Africa is urgent, and indeed it is an important aspect of enculturation. Nyenyembe demonstrates an admirable capacity to situate his rich theological reflections in an African context. A Radical Challenge for Priesthood Today William D. Perri, 1996 The priesthood as we know it is dying. So begins William Perri's fascinating and challenging assessment of a revered church institution. He cites the shortage of priests and well-publicized sexual and psychological problems as two key indicators of the decline of priesthood as we know it. **Bless Me Father for I Have Sinned** Thomas G. Plante Ph.D., 1999-09-30 A tremendous amount of media attention has been devoted to revealing sexual abuse perpetrated by Roman Catholic priests. These essays outline a clinical and research agenda for professionals dealing with clergy sexual abuse. They should enable research, clinical professionals, and clergy to identify the relevant issues in the identification, diagnosis, treatment, and prevention of child and adolescent sexual abuse committed by Roman Catholic priests. Leading experts in the field from the United States and Canada have offered their different perspectives on this compelling problem, including victim profiles for determining who is at risk. Developing Faithful Ministers Tim Ling, 2013-01-25 *Developing Faithful Ministers* aims to support the work of all those involved in supervision and training relationships within the Church. The Church, recognising its call to serve God and the nation, seeks to equip and develop its ministers to face the challenge of ministry in a society at the threshold of Christendom that is in a mission context. It is a context where both the general public and the institutional church have significant expectations of those in ministry. Indeed, there is now an expectation of demonstrable capability prior to being licensed to any form of permanent tenure. The demand for more professional, demonstrably capable, mission-able, and collaborative licensed ministers places particular weight on the efficacy of the initial

training relationship Developing Faithful Ministers seeks to support those who find themselves in these relationships by offering both models of good practice and sustained theological reflection on what these drivers mean for developing ministry

Being Salt George R. Sumner, 2007-05-01 A number of books have addressed ordination and the priestly life from a devotional or vocational vantage point but few books have considered ordination from a truly theological perspective Meanwhile our time is obsessed with the more general question of leadership Being Salt addresses both ordination and leadership by taking as its point of departure the most distinctive yet often overlooked feature of ordination indelibility being ordained for life Being Salt offers several answers to the question What is the church Sumner wholeheartedly agrees with the Reformation emphasis on the ministry of the whole people of God Still he argues that we can only understand priesthood if we understand what one is ordained for Indelibility lifetime ordination provides an entrance to the question of what sets the ordained apart In sum Being Salt offers an evangelical argument for a catholic practice and so goes to the heart of what Anglicanism understands itself to be

Parish Nurses, Health Care Chaplains, and Community Clergy Larry Van De Creek, Sue Mooney, 2012-11-12 Understand the roles of these three unique professions and how collaboration can make each more effective This is the first book to clarify the roles and interprofessional dynamics of these three professions and describe how they can best work together Here you will find theological perspectives on each profession practice models of collaborative programs and new resources to aid your professional growth In addition this book gives you a thorough historical overview of parish nursing and an introduction to health care chaplaincy as well as insightful analyses of the relationships of clergy and congregation to health care institutions Parish Nurses Health Care Chaplains and Community Clergy Navigating the Maze of Professional Relationships is a vital addition to your reference shelf This unique book written by experts in all three fields provides the necessary background to be an effective parish nurse including information on spiritual formation clinical pastoral education and more instruction on starting a parish health ministry effective ways that the disciplines can work together in congregational health ministries to provide the best possible spiritual care successful practice models that your ministry can emulate an examination of the health care institution's role in forming the spiritual care team resources to use to increase your ministry's effectiveness Parish Nurses Health Care Chaplains and Community Clergy is a must for practitioners educators and students who will be entering these vital professions

Spirituality in Ministerial Formation Andrew Mayes, 2009-10-01 This is a ground breaking study into a crucial area of theological education It traces the origin and evolution of the formation model of training and identifies what difference this paradigm makes to present practice It uncovers significant and surprising functions of prayer in the formational and learning process as discovered in empirical research informed by theological and psychological perspectives on prayer among a sample of newly ordained clergy and tutors The practical implications of the research are identified offering creative ideas for a renewed understanding and praxis of the role of prayer in learning This is essential reading for theological students and teachers alike

and calls for a clearer articulation of a spirituality of education as needed by our present culture and context *The Reception of Vatican II* Matthew L. Lamb, Matthew Levering, 2017 A sequel to Vatican II Renewal within Tradition OUP 2008 The Reception of Vatican II shows how the Council has been received and interpreted over the course of the more than fifty years since it concluded The meaning of the Second Vatican Council has been fiercely contested since before it was even over and since its completion has seen a battle for the soul of the Church waged through the interpretation of Council documents Each essay in this volume looks at how one of those documents has been interpreted in the post Vatican II era and points the way forward for its future reception Religious and Priestly Ongoing Formation with Christ Yesterday, Today, and Tomorrow Fr Innocent Mabheka, 2013-07-31 Religious and Priestly Ongoing Formation with Christ Yesterday Today and Tomorrow is surely a powerful religious instrument which can be used to better oneself as a religious or a priest in our today's fast changing society It helps one as a religious to look back at the values which initially motivated him/her to be a religious One looks at these values and evaluates oneself to see how such values have helped him/her to develop as a human person and a religious In this way the book works as an ongoing formation resource which helps one as a religious to grow spiritually and humanly The book has also some practical case studies which may provoke some serious reflections within oneself These reflections help one to have an ongoing burning zeal to serve Christ as a religious Reading this book is a virtue of ongoing self discovery in one's life as a religious or a priest Theology and the New Histories Gary Macy, 1999 In this collection of essays members of the College Theology Society explore how Christianity as an historical religion is responding to the challenge of multiple readings of history The many new ways of writing history women's history history written from the perspective of minority groups new sources of history including those that are non Western and deconstructivist history pose challenges to the assumptions of traditional theology They also affect our understanding of the history of Christianity and of the development of Christian doctrine **The Priestly Kingdom** John Howard Yoder, 1985-01-31 In this volume of essays John Howard Yoder projects a vision of Christian social ethics rooted in historical community and illuminated by scripture Drawing upon scriptural accounts of the early church he demonstrates the Christian community's constant need for reform and change Yoder first examines the scriptural and theoretical foundations of Christian social ethics While personally committed to the radical reformation tradition he eschews denominational categorization and addresses Christians in general The status of Christian community he argues cannot be separated from the doctrinal content of beliefs and the moral understanding of discipleship As a result the Christian's voluntary commitment to a particular community as distinct from secular society offers him valuable resources for practical moral reasoning From a historical perspective Yoder reviews the efforts of sixteenth century radical or Anabaptist reformers to return to the fundamental ethical standards of the New Testament and to disengage the community as a biblically rooted call to faith that does not imply withdrawal from the pluralistic world Rather radical commitment to Christianity strengthens and renews the authentic human interests and

values of the whole society His analyses of democracy and of civil religion illustrate how Christianity must challenge and embrace the wider world *Doors to the Sacred* Joseph Martos,2001 A work of major importance written for an ecumenical audience *Doors to the Sacred* is a sweeping and detailed account of the historical and cultural evolution of sacramental rituals and practices Since its initial publication the book has garnered widespread critical acclaim and has become a mainstay not only for students but for all thinking Christians who want to understand the past fully while making their present participation in the sacraments more genuine and intelligent Martos has greatly expanded all of the bibliographic material and has incorporated the latest developments in theological study and inquiry His focus is on the seven ecclesial sacraments of the Catholic Church Baptism Confirmation Eucharist Reconciliation Anointing Marriage and Orders Though based on thorough research and impressive scholarship *Doors to the Sacred* is written in a lively style that will be welcomed by a general audience Paperback

Challenge of Authenticity Jacob Kofi Hevi,2003-01-25 Authenticity the external self in conformity with the inner self to be sincere to oneself is a state of genteel well being and therefore of true happiness It is the state of being whole and in a sense of experiencing holiness It is the ideal of being a Christian in any cultural context a challenge to all Christians everywhere The response to the Word of God demands the readiness to be at its service But this service is not simply allowing oneself to be an instrument but also of actively being the agent putting the word into action in the world This means creatively activating the Spirit of God the Spirit of the Word within the culture in the world in individuals and in peoples at any time and place It means the challenge to break through the limiting structures of body and mind in order to get to people s hearts whatever may be their stations in life These structures may differ from place to place and from time to time because every time or place has its peculiar challenges For the Christian faith the challenge is to activate the best within the indigenous culture of its practitioners parishioners and sympathisers The point of departure is that the best elements of a typical indigenous African culture are openness sincerity of spirit spontaneity in a word authenticity These are far different from the superficial emotionalism which some uninformed scholars and commentators have made these out to be The reflections in the book suggest how the challenges to faith commitment in general and in African socio cultural context in particular could be converted into opportunities to make faith commitment a truly self fulfilling vocation that will in turn create authentic discipleship

A Priesthood of Both Sexes Ali Green,2011-11-30 Here is a wealth of advice and encouragement for women and men who are called to work together at all levels of Christian leadership Packed with perceptive anecdotes and theological insight this pioneering book shows how a Church that is truly committed to the interests of all people lives out that commitment through the inclusivity of its leadership

Courage and Conviction Anthony J. Gittins,2018-01-15 Today many Christians concerned and challenged by contemporary trends in society and religion are bewildered and perhaps tempted to leave the Church and manage on their own *Courage and Conviction* is addressed to discerning adult Christians who seek something between high theology and pious platitudes Ranging from

consideration of Christian identity via the challenge of faith filled living in a world of diversity to suggestions for mature discipleship today these reflections building on Scripture studies cultural anthropology and life experience are offered by way of support encouragement and perhaps further enlightenment **The Postcolonial Challenge** Couze Venn,2006-01-24

An outstanding contribution to our understanding of postcolonial theory and its engagement with significant changes within the contemporary world Couze Venn forces us to rethink the very parameters of the post colonial and suggests a new political economy for post modern times This critical engagement opens up the possibility to reimagine the world from its current narrow European strictures to a world full of alternative possibilities and modernities This is a timely and ground breaking book that contributes to a much needed reconceptualisation of the postcolony Professor Pal Ahluwalia Goldsmiths University of London What is postcolonial studies What are its achievements strengths and weaknesses This ground breaking book offers an essential guide to one of the most important issues of our time with special emphasis on neo liberalism within world poverty and the third world It clarifies The territory of postcolonial studies How identity and postcolonialism relate The ties between postcolonialism and modernity New perspectives in the light of recent geo political events Potential future developments in the subject *The Pietist Impulse in Christianity* G William Carlson,Christian T Collins Winn,Christopher Gehrz,Eric Holst,2012-10-25 Pietism is a reform movement originating among German Lutherans in the 17th century It focused on personal faith reacting against Lutheran Church s emphasis on doctrine and theology over Christian living The movement quickly expanded exerting an enormous influence on various forms of Christianity and became concerned with social and educational matters Indeed Pietists showed a strong interest in issues of social and ecclesial reform the nature of history and historical inquiry the shape and purpose of theology and theological education the missional task of the church and social justice and political engagement Though the movement remained largely misunderstood especially in Anglo American contexts negative stereotypes depicted Pietism as a quietist and sectarian form of religion merely concerned with the pious soul and its God The main proposal of the editors of this volume is to correct this misunderstanding assembling a deep collection of essays written by scholars from a variety of fields this work demonstrates that Pietism was a movement characterized by great depth and originality Besides they show the vitality and impulse of Pietism today and emphasize the ongoing relevance of the movement for contemporary problems and questions *The Genesis of Modernity* Arpad Szakolczai,2013-01-11 The Genesis of Modernity reconstructs the ideas of three of the most important social and political theorists of the Twentieth Century Max Weber Michel Foucault and Eric Voegelin on the distant roots and sources of modernity Drawing upon the conceptual tools of social theory and political philosophy complimented by approaches based in the fields of anthropology comparative mythology and the history of ancient philosophy this book will prove to be a timely and valuable contribution to this developing area bringing together the ideas of a group of social and political theorists whose work so far has remained largely unconnected This book will be essential reading for academics and advanced

students concerned with social theory political theory sociology history and philosophy **In Praise of Religious Diversity**
James Wiggins, 2013-12-19 As dialogue among the religions of the world has increased the promotion of these exchanges by Christians both Roman Catholic and Protestant raises the question of the motives behind these discussions Some Christians reach out in good will others display defensive hostility still others are simply following the mandates of their church Religious diversity rather than pluralism challenges citizens of the world to learn from the differences between religions rather than glibly assuming their commonality Acknowledging these differences In Praise of Religious Diversity promotes active conversation rather than conventional dialogue as the mode of meeting between the religions Only through a contemporaneous exchange of ideas can the benefits of diversity be realized This new level of communication poses an exciting prospect from which previously unrecognized alternatives for religion and relationships between religions might contribute to even greater human possibilities
