Rebel Radio José Ignacio López Vigil, 1994 Describes the courage and sacrifices of the young men and women responsible for running the guerrillas radio station during the ten year long civil war in El Salvador New Latin American Cinema Michael T. Martin, 1997 This volume comprises essays on the development of the New Latin American Cinema as a comparative national project Latin America, Media, and Revolution J. Darling, 2008-04-28 This book compares rebel media use in three Mesoamerican rebellions the Nicaraguan Revolution the Salvadoran civil war and the Zapatista uprising in Chiapas Mexico Directly comparing media use in all three rebellions provides a richer understanding of the role of media in social change particularly violent change **Appendixes to parts I and II** United States. Congress. House. Select Committee to Investigate Covert Arms Transactions with Iran, 1988 Iran-Contra Investigation: Appendixes to parts I and II United States. Congress. Senate. Select Committee on Secret Military Assistance to Iran and the Nicaraguan Opposition, 1988 Political Fictions Joan Didion, 2002-08-27 NATIONAL BESTSELLER In these coolly observant essays the iconic bestselling writer looks at the American political process and at that handful of insiders who invent year in and year out the narrative of public life Through the deconstruction of the sound bites and photo ops of three presidential campaigns one presidential impeachment and an unforgettable sex scandal Didion reveals the mechanics of American politics She tells us the uncomfortable truth about the way we vote the candidates we vote for and the people who tell us to vote for them These pieces build one on the other into a disturbing portrait of the American political landscape providing essential reading on our democracy **Iran-Contra investigation** United States. Congress. Senate. Select Committee on Secret Military Assistance to Iran and the Nicaraguan Opposition, 1988 Broadcasting the Civil War in El Salvador Carlos Henriquez Consalvi, 2010-08-01 During the 1980s war in El Salvador Radio Venceremos was the main news outlet for the Frente Farabundo Mart para la Liberaci n Nacional FMLN the guerrilla organization that challenged the government The broadcast provided a vital link between combatants in the mountains and the outside world as well as an alternative to mainstream media reporting In this first person account Santiago the legend behind Radio Venceremos tells the story of the early years of that conflict a rebellion of poor peasants against the Salvadoran government and its benefactor the United States Originally published as La Terquedad del Izote this memoir also addresses the broader story of a nationwide rebellion and its international context particularly the intensifying Cold War and heavy U S involvement in it under President Reagan By the war s end in 1992 more than 75 000 were dead and 350 000 wounded in a country the size of Massachusetts Although outnumbered and outfinanced the rebels fought the Salvadoran Army to a draw and brought enough bargaining power to the negotiating table to achieve some of their key objectives including democratic reforms and an overhaul of the security forces Broadcasting the Civil War in El Salvador is a riveting account from the rebels point of view that lends immediacy to the Salvadoran conflict It should appeal to all who are interested in historic memory and human rights U S policy toward Central

America and the role the media can play in wartime      Contemporary Latin American Social and Political Thought Iván Márquez, 2008-02-07 This anthology offers the first serious broad ranging collection of English translations of significant Latin American contributions to social and political thought spanning the last forty years Iván Márquez has judiciously selected narratives of resistance and liberation g      Solidarity David Featherstone, 2012-07-12 Despite the frequency with which the word solidarity is invoked the concept itself has rarely been subjected to close scrutiny In this original and stereotype busting work David Featherstone helps redress this imbalance through an innovative combination of archival research activist testimonies and first hand involvement with political movements Presenting a variety of case studies from anti slavery and anti fascist organizing to climate change activism and the boycotts of Coca Cola Featherstone unearths international forms of solidarity that are all too often marginalized by nation centred histories of the left and social movements Timely and wide ranging this is a fascinating investigation of an increasingly vital subject      *The Social Documentary in Latin America* Julianne Burton-Carvajal, 1990-09-15 Twenty essays by major filmmakers and critics provide the first survey of the evolution of documentary film in Latin America While acknowledging the political and historical weight of the documentary the contributors are also concerned with the aesthetic dimensions of the medium and how Latin American practitioners have defined the boundaries of the form      **Daily Report** United States. Foreign Broadcast Information Service, 1996      **After Insurgency** Ralph Sprenkels, 2018-04-30 El Salvador's 2009 presidential elections marked a historical feat Frente Farabundo Martí para la Liberación Nacional FMLN became the first former Latin American guerrilla movement to win the ballot after failing to take power by means of armed struggle In 2014 former comandante Salvador Sánchez Cerón became the country's second FMLN president After Insurgency focuses on the development of El Salvador's FMLN from armed insurgency to a competitive political party At the end of the war in 1992 the historical ties between insurgent veterans enabled the FMLN to reconvert into a relatively effective electoral machine However these same ties also fueled factional dispute and clientelism Drawing on in depth ethnographic fieldwork Ralph Sprenkels examines El Salvador's revolutionary movement as a social field developing an innovative theoretical and methodological approach to the study of insurgent movements in general and their aftermath in particular while weaving in the personal stories of former revolutionaries with a larger historical study of the civil war and of the transformation process of wartime forces into postwar political contenders This allows Sprenkels to shed new light on insurgency's persistent legacies both for those involved as well as for Salvadoran politics at large In documenting the shift from armed struggle to electoral politics the book adds to ongoing debates about contemporary Latin America politics the pink tide and post neoliberal electoralism It also charts new avenues in the study of insurgency and its aftermath      Mapping Memory Kaitlin M. Murphy, 2018-10-02 In Mapping Memory Kaitlin M Murphy investigates the use of memory as a means of contemporary sociopolitical intervention Mapping Memory focuses specifically on visual case studies including documentary film photography performance new media and

physical places of memory from sites ranging from the Southern Cone to Central America and the U S Mexican borderlands Murphy develops new frameworks for analyzing how visual culture performs as an embodied agent of memory and witnessing arguing that visibility is inherently performative By analyzing the performative elements or strategies of visual texts such as embodiment reenactment haunting and the performance of material objects and places Murphy elucidates how memory is both anchored in and extracted from specific bodies objects and places Drawing together diverse theoretical strands Murphy originates the theory of memory mapping which tends to the ways in which memory is strategically deployed in order to challenge official narratives that often neglect or designate as transgressive certain memories or experiences Ultimately Murphy argues memory mapping is a visual strategy to ask and to challenge why certain lives are rendered visible and thus grievable and others not

*Strategy and Tactics of the Salvadoran FMLN Guerrillas* Gustavo Perdomo, David E. Spencer, 1995-05-23 This book examines the military organization strategy and tactics of the Salvadoran FMLN guerrillas during their efforts to overthrow the government It is largely based on the authors personal collections of guerrilla documents captured in the war interviews with former and captured guerrillas and personal combat experience during one of the fiercest wars fought in the Western hemisphere in the 20th century The book describes the guerrilla tactics from a technical point of view and their evolution during the war in El Salvador It includes discussions of such tactical concepts as concentration and deconcentration urban combat anti air defense the use of mines and homemade weapons It contains a chapter on the FMLN special forces they were responsible for most of the spectacular attacks of the war and it examines the sophisticated logistical system of the FMLN that made the prolonged war possible Wherever possible these concepts are illustrated by actual combat experiences from sources on both sides of the conflict An important text for all concerned with guerrilla warfare and counterinsurgency Latin Americanists and students of the developing world will also find much of interest

From Popular to Insurgent Intellectuals Leigh Binford, 2022-12-09 From Popular to Insurgent Intellectuals explains how a group of Catholic lay catechists educated in liberation theology came to take up arms and participate on the side of the rebel FMLN during El Salvador s revolutionary war 1980 92 In the process they became transformed from popular intellectuals to insurgent intellectuals who put their organizational and cognitive skills at the service of a collective effort to create a more egalitarian and democratic society The book highlights the key roles that peasant catechists in northern Moraz n played in disseminating liberation theology before the war and supporting the FMLN during it as quartermasters political activists and musicians among other roles Throughout From Popular to Insurgent Intellectuals highlights the dialectical nature of relations between Catholic priests and urban revolutionaries among others in which the latter learned from the former and vice versa Peasant catechists proved capable at making independent decisions based on assessment of their needs and did not simply follow the dictates of those with superior authority and played an
