Rainbow Climbing High Life Under The Rainbow Exposed:

Rainbow Climbing High V. S. Ganjabhang, Mike Anderiesz, 2002 For over 20 years it delighted kids of all ages Rainbow was a phenomenon ITV's longest running kids show and the one which gave us the unforgettable Zippy Bungle George and Geoffrey But it was far more than that The cast of Rainbow were megastars who lived the TV dream to the extreme From their impoverished beginnings as a warm up act to the madness of fame celebrity groupies jewel encrusted dungarees and tragic Marmite dependency Now at last the true story can be told and it will shock children's entertainment to its very core Welcome to Rainbow Climbing High thirty years of psychedelic mayhem

Before Mandela's Rainbow Edward Joffe, 2013-10-25 FUNNIER THAN ADRIAN MOLE AND FAR SEXIER Does not skirt round the vast injustice of apartheid SUPERB MEMOIR Joffe is a man sui generis Impish at times but always interesting Memorable and well written AN INTIMATE FUNNY AND PROFOUND PERSONAL HISTORY Reading this funny clever sometimes vicious portrayal of growing up in Johannesburg in the 1930s 40s and 50s I found myself reminded of Blake's line To see a world in a grain of sand This is because Joffe in writing a detailed and often very amusing account of his personal adventures and misadventures captures also the texture of the broader environment the brutal decades of racist horror of his native land Joffe relates events with the engaging rhythm of all great story tellers there are villains like sadistic teachers and fatuous fathers in law there are lost adolescents in pursuit of sex and meaning there are coming of age crises and triumphs and an almost Dickensian host of memorable often quirky family members and friends Read it and you will see what I mean Read it and you'll laugh frequently Read it and you'll better understand the last 80 years of South African history BRILLIANT MEMOIR Fascinating portrait of life in pre Mandela South Africa packed with very fine vignettes A page turning account of adolescence and the pains of growing up Source Amazon customer reviews

From One End of the Rainbow Frank Sumner, 2013-08 From One End of the Rainbow A Story about the Life Inside the Irish Defence Forces and Beyond is about how the truth can be clouded by what's perceived as reality With the truth everybody is blameless There are no fall guys no victims no reason no justice just a carefully woven sequence of events with no beginning and no end that will stand the test of time Thirty two years later the truth is confronted with reality The whole panoramic consequences of that takes its toll on the conscience and raises its head to be exposed in its very raw format This invites the reader to determine the real truth be the judge and the jury and pass sentence It exposes the real politics of the Government How in fact the privileged are protected at all costs It ascribes the destitute feeling of betrayal that eats into the very vertebrae of the real meaning of military life The book also gives an insight into daily military life the characters the routine and the effect it has on family life Being a soldier is a vocation that can only be compared to religious life because the feeling is the same when you retire The reality is an old soldier never dies
