Fish Hooks & Caulk Boots Florence Tickner, 1992 Growing up in a floating logging camp on the BC coast **Boom & Bust** Jennifer L. Butler, 2019-06-11 Received Honourable Mention for the 2019 Lieutenant Governor's Medal for Historical Writing Telegraph Cove one of Vancouver Island's most visited tourist destinations has humble origins as a one shack telegraph station established a century ago The community grew first with a salmon saltery and sawmill then with new industries developed by the ingenuity of the Cove's inhabitants From the 1920s Irish Chinese Japanese German Danish Italian and English community members along with other old and new Canadians were neighbours in a place accessible only by boat In this book more than 25 women tell their own stories and memories of life in the Cove They faced down the impacts of isolation hazardous terrain war occupation immigration internment social change economic development community decline and environmental degradation remarkable given that Telegraph Cove's population peaked at 60 From these lives come stories of resilience resourcefulness heartbreak humour and triumph Boom and Bust draws the reader in for an intimate view accompanied by never before published archival photographs **International Books in Print**, 1991

Canadian Books in Print. Author and Title Index, 1975 **Canadian Books in Print**, 2001 God's Little Ships Michael L. Hadley, 1995 The men and women of the Columbia Coast Mission ships legendary figures in the history of the BC coast are brought vividly to life in this readable well researched volume From 1904 to the mid 1970s the mission sent out ships in all kinds of weather delivering medical care and non sectarian spiritual support to logging camps Native villages and white settlements in 20 000 square miles of rugged coastline John Antle who founded the mission was a devout and practical Christian who measured his success in services to BC's outposts rather than material wealth or number of converts Immortalized in Margaret Craven's I Heard the Owl Call My Name and in the hearts and memories of families all over the coast the mission was a glad bold organization that could be as rough cut and unconventional as the individuals it served

Canadian Books in Print 2002 Marian Butler, 2002-02 **Upcoast Summers** Beth Hill, Francis Barrow, 1985 Francis and Amy Barrow spent the summers between 1933 and 1941 exploring the west coast in their little boat searching for and recording First Nations rock art and yarnning with the homesteaders in remote bays and inlets *Canadian Book Review Annual*, 1993 **BCLA Reporter** British Columbia Library Association, 1992 **Ocean of Destiny** Arthur

Lower, 2011-11-01 The modern history of the North Pacific began five hundred years ago when Europeans sailed into the ocean for the first time This discovery shaped the destinies of seven countries that now rim its Asiatic and North American shores Russia China Japan North Korea South Korea the United States and Canada Their history is an exciting epic of discovery the great expeditions of Marco Polo Drake and Magellan the quest for the spices of Cathay the early days of the fur trade the gold rush and the long treks westward across North America to first establish Canadian and American possessions on the Pacific shore Rivalry and confrontation were part of this epic From the sixteenth to the nineteenth century European

powers contested for the riches of the East and the West the wealth of the ocean and territory to sate colonial ambitions Since that time full blooded conflicts developed between Asian states and between Asia and the Western powers As a major trading power in the Pacific with no tradition of territorial expansion and as a respected peacekeeper Canada is in a unique position to view the history of the Pacific impartially This survey is doubly valuable not only as the first history of the North Pacific dealing with the concurrent events in the East and West but also as a history reflecting Canada s international outlook

The Forestry Chronicle ,1994 **The Archaeology of Vernacular Watercraft** Amanda M. Evans,2016-04-19 This volume presents multiple idiographic archaeological studies of vernacular watercraft from North America and the Caribbean Rather than attempt to synthesize all vernacular types this volume focuses on ship construction data recovered through archaeological investigations that has been used to make inferences about culture This collection of case studies including many examples from cultural resource management and graduate student theses presents a thematic exploration of cultural adaptation as expressed through ship construction The West Beyond the West Jean Barman,2007-08-25 British Columbia is regularly described in superlatives both positive and negative most spectacular scenery strangest politics greatest environmental sensitivity richest Aboriginal cultures most aggressive resource exploitation closest ties to Asia Jean Barman s *The West beyond the West* presents the history of the province in all its diversity and apparent contradictions This critically acclaimed work is the premiere book on British Columbian history with a narrative beginning at the point of contact between Native peoples and Europeans and continuing into the twenty first century Barman tells the story by focusing not only on the history made by leaders in government but also on the roles of women immigrants and Aboriginal peoples in the development of the province She incorporates new perspectives and expands discussions on important topics such as the province s relationship to Canada as a nation its involvement in the two world wars the perspectives of non mainstream British Columbians and its participation in recreation and sports including Olympics First published in 1991 and revised in 1996 this third edition of *The West beyond the West* has been supplemented by statistical tables incorporating the 2001 census two more extensive illustration sections portraying British Columbia s history in images and other new material bringing the book up to date Barman s deft scholarship is readily apparent and the book demands to be on the shelf of anyone with an interest in British Columbian or Canadian history *The Hot Springs Cove Story* Michael Kaehn,2019-05-18 Up until the 1930s Refuge Cove was one of the most remote places on the West Coast of Vancouver Island Tucked into Clayoquot Sound it sheltered boats from Pacific storms and its hot springs provided welcome relief for anyone waiting for bad weather to pass In spite of its natural wonders the cove was undeveloped and transiently populated But everything changed in 1933 when supply boat operator Ivan Clarke saw a business opportunity At the age of thirty Clarke pre-empted land in Refuge Cove and started a general store trading post out of a large canvas tent In only its first morning of business the store sold almost half its merchandise 250 dollars worth to weather bound fishermen and to a small group of Hesquiaht First Nation families Clarke

was quickly able to expand his operation and started a fish buying camp a marine fuel business and a post office When enough of his eight children became school age he repurposed a former floating bunkhouse into a one room schoolhouse By 1950 over sixty people lived in Refuge Cove by then renamed Hot Springs Cove and it was a popular destination for tourists Clarke originally had plans to develop the hot springs into a health resort but in the end decided to donate part of his land to the people of British Columbia Thirty one acres of land beside the hot springs became Maquinna Provincial Park in 1955 Today the park and the hot springs draw tens of thousands of people each year making them one of the top tourist attractions out of Tofino Meticulously researched and complete with historical photos and ephemera The Hot Springs Cove Story is the story of Ivan Clarke and his family s lives the story of a community and the story of a geographical wonder *On the Northwest* Robert Lloyd Webb,2011-11-01 On the Northwest is the first complete history of commercial whaling in the Pacific Northwest from its shadowy origins in the late 1700s to its demise in western Canada in 1967 Whaling in the eastern North Pacific represented a century and a half of exploration and exploitation which involved the entrepreneurs merchants politicians and seamen of a dozen nations The results of the whaling effort mirrored the outcome of whaling throughout the world By exploiting the large whales without considering their finite numbers or reproductive capacity the industry drove its prey to commercial extinction It was the seamen themselves however who gave substance to the business of whaling On the Northwest focuses on the working lives of these men the shellbacks before the mast the colourful harpoon gunners who chased the whales from spray soaked gun platforms and shore station workers who preserved the international flavour of the Pacific Northwest whaling industry until its demise only two decades ago **Paddling Through History** Aileen Stalker,Andrew Nolan,2005 Experience inner city paddling with a guide that tells the story of Vancouver and Victoria from water level Explore history with the tales behind the people bridges lighthouses museums and watercraft you will see as you explore these waterways Paddling Through History explains place names geology and other highlights and is illustrated with maps and photos *Aboriginal People and Other Canadians* Martin Thornton,Roy Todd,2001-12-06 Aboriginal People and Other Canadians discusses a wide variety of issues in Native studies including social exclusion marginalization and identity justice equality and gender self help and empowerment in Aboriginal communities and in the cities and methodological and historiographical representations of social relationships The contributors attempt to gauge whether the last decade of the twentieth century was a time of constructive transition and whether new patterns of relations are emerging after the recent challenges to the colonial legacy by Aboriginal people **Flourishing and Free** Haley Healey,2021-05-25 An inspiring and eye opening collection of true stories about sixteen women who blazed their own trails in life and contributed in a fundamental way to the history of Vancouver Island and the surrounding islands In this fascinating follow up to On Their Own Terms author Haley Healey chronicles the lives of a whole new crop of resilient hard working rule breaking diverse women who lived on and around Vancouver Island Flourishing and Free introduces readers to Sylvia Stark who was born into slavery

in Missouri and went on to become a homesteader on Salt Spring Island Mary Ann Croft the first female lighthouse keeper in all of Canada Victoria Chung the first Asian Canadian person to earn a medical degree who provided urgent care during the Second World War Barbara Touchie Si quu u who dedicated forty years of her life to revitalizing and sharing the Nuuchahnulth language Minnie Paterson who completed an epic night hike through a west coast storm to rescue sailors shipwrecked on a tempestuous shoreline known as the Graveyard of the Pacific and many more Uplifting empowering and entertaining this concise collection of stories will appeal to anyone interested in learning more about the unsung heroines of the West Coast

Small Matters Mona Gleason, 2013-06-01 What was it like to be young and sick in the past Who taught children how to be healthy and what were they expected to learn In *Small Matters* Mona Gleason explores how medical professionals lay practitioners and parents understood young patients and how children responded During the first half of the twentieth century particularly in the interwar decades a number of changes took shape within the field of child healthcare the rise of pediatrics as a medical profession efforts to ameliorate maternal and infant mortality rates and the shift of focus from controlling contagious diseases to the prevention of illness Gleason makes use of oral histories throughout this period of health and welfare reform to shed new light on children's attitudes toward their medical treatment their largely unexplored experiences of hospitalization and disability and the importance of teachers and health curriculum to the development of healthy habits By focusing on children's medical treatment beyond the doctor's office and by paying particular attention to the experience of marginalized children Gleason makes a major contribution to the history of Canadian childhood and healthcare The first work of its kind *Small Matters* explores how children faced death endured illness and learned to be healthy in the context of their families and communities
