Children of the Rainforest explores the lives of children growing up in a time of radical change in Amazonia The book draws on ethnographic fieldwork conducted with the Matsigenka a group of hunter gatherer forest dwellers who have lived in voluntary isolation until fairly recently Having worked with them for over a decade returning every year to their villages in the rainforest Camilla Morelli follows closely the life trajectories of Matsigenka children watching them shift away from the forest based lifestyles of their elders and move towards new horizons crisscrossed by concrete paving lit by the glow of electric lights and television screens and centered around urban practices and people The book uses drawings and photographs taken by the children themselves to trace the children s journeys lived and imagined from their own perspectives proposing an ethnographic analysis that recognizes children s imaginations play and shifting desires as powerful catalysts of social change **Children's Books in Print, 2007** ,2006 **Curriculum in Early Childhood** Judith A. fresh start she moves to the coastal town of Hadport and accepts the first post she is offered as an art therapist at a lackluster institution for dangerously psychopathic teens Gabrielle's predecessor is on emergency leave thanks to an unhealthy obsession with Bethany Krall now Gabrielle's patient A punky and precocious wild child with matted hair and Kohl-rimmed eyes Bethany's claim to fame is that she murdered her own mother with a screwdriver Aside from a gift for rip-roaring verbal obscenities and a knack for intuiting the inner torments of strangers Bethany has the uncanny ability to gleefully forecast the environmental catastrophes now befalling the earth at a terrifying rate Though skeptical at first Gabrielle finds herself preoccupied with Bethany her alarm and fascination swelling with every accurate prediction Seeking a rational explanation Gabrielle connects with the big-hearted Scottish geophysicist Frazer Melville an expert on global weather patterns Though Frazer is not able to give Gabrielle the easy answer she hopes for she finds comfort in his presence and perhaps even attraction The two begin a tentative romance as Gabrielle realizes that the door to her sexual life may not be closed after all Meanwhile the enormous human cost of each global cataclysm is tallied in advance by a jubilant Bethany who likes to toss in a few snippets of scripture memorized at the knee of her father the charismatic fundamentalist preacher Leonard Krall Gabrielle suspects Krall of having more to do with his wife and child's ruin than he admits to but before she can fully investigate she and Frazer must put their reputations on the line and find a way to warn humanity of the looming apocalypse Raved about in *The Times* as an unputdownable eco thriller and already optioned for film by Warner Brothers Liz Jensen's *The Rapture* once again proves Jensen to be a master of page turning suspense Readers will be entertained by the pyrotechnics of this hugely intelligent and wholly original voice while unnerved by the high voltage ecological horror story that feels all too plausible in our time

Zoo Bernard Livingston, 2000-11-07 In this book ZOO the author Bernard Livingston will present a study of this world which treats it as social history But the style will be a light handed one similar to that of his previous social study *Their Turf* the story of the world of the racehorse and the people involved therein It is to be hoped that the fun drama humor and yes enlightenment inherent in the world of the zoo will not be lacking in this work
