Research Utilization In The Social Services Innovations In Practice And Administration:

Research Utilization in the Social Services Anthony J. Grasso, Irwin Epstein, 1992 Here is a comprehensive review of the science and art of research utilization available in social work today Written by the field's most experienced and pioneering practitioners on the topic this important book examines the new practice research models that have evolved in social work over the past decade and projects their future developments discusses the role of computerization in all forms of social work practice and presents pedagogical issues related to the teaching of research utilization in undergraduate and graduate programs

Social Work Practice Research for the Twenty-First Century Anne E. Fortune, Philip McCallion, Katharine Briar-Lawson, 2010-09-21 Social work professionals must demonstrate their effectiveness to legislators and governments not to mention clients and incoming practitioners A thorough evaluation of the activities ethics and outcomes of social work practice is critical to maintaining investment and interest in the profession and improving the lives of underserved populations Incorporating the concerns of a new century into a consideration of models for practice research this volume builds on the visionary work of William J Reid 1928 2003 who transformed social work research through empirically based and task centered approaches and more recently synthesized intervention knowledge for framing future study This collection reviews the task centered model and other contemporary Evidence Based Practice models for working with individuals families groups communities and organizations Essays demonstrate the value of these pragmatic approaches in the United States and international settings Contributors summarize state of the art methods in several key fields of service including children and families aging substance abuse and mental health They also evaluate the research movement itself outlining an agenda for today's sociopolitical landscape and the profession This volume inspires practice research to prioritize evidence as a base for the profession

A Guide to Evidence-Based Group Work Mark J. Macgowan, 2008-02-12 This is the first textbook that illustrates step by step how to practice evidence based group work As group workers are increasingly being held accountable to evaluate monitor and improve their practice there are scant resources available that apply specifically to their practice General books on evidence based practice lack the rich material on group work organized for the first time in this one volume Designed specifically as a supplement for undergraduate and graduate group work courses the text is organized around the process and philosophy of evidence based practice formulating appropriate practice questions searching for evidence critically reviewing available evidence applying the evidence with judgment skill and concern for the group members and evaluating the outcomes achieved The evidence based group work framework teaches students how to skillfully apply best practices through practical learning activities case examples research designs step by step guidelines and checklists assessment tips and detailed instructions for formulating questions and evaluating answers It will be equally valuable as a handy reference for professionals eager to hone their practice skills

Science and Social Work Stuart A. Kirk, William James Reid, 2002 Historically there have been two main approaches to the proper role and function of science in

social work This work presents a balanced appraisal demonstrating how the fruits of scientific research can aid clinical practice

Practice-Based Research in Social Work Sarah-Jane Dodd,Irwin Epstein,2012-03-12 This unique textbook explores practice based research PBR using numerous practice examples to actively encourage and engage students and practitioners to embrace research as a meaningful support for their practice Whilst evidence based practice gives practitioners access to information about universal best practices it does not prioritize practitioner generated knowledge or promote new research based interventions relevant to their own practice circumstances as PBR does This book discusses the evolution of PBR as a distinct social work research approach describes its principles and methods and presents a range of exemplars illustrating the application of PBR within different practice methods in different practice settings The chapters cover Identifying the research question in a PBR model Designing a study and identifying a methodology Sampling Literature reviews Gathering data Ethics Analyzing data and interpreting results Putting research into practice Viewing the practitioner as central to the research process and research as a necessary component of practice this invaluable book emphasizes the seamless integration of practice and research It is about research in social work practice rather than research on social work practice Each chapter includes an overview an introduction and a key concepts summary Practice Based Research in Social Work is a very accessible text suitable for social work students particularly MSW students and practitioners

Evidence for Child Welfare Practice Michael J. Austin,2013-09-13 This book provides a work in progress that seeks to capture the micro direct service and macro managerial perspectives related to identifying evidence for practice within the practice domain of public child welfare It is divided into two categories namely evidence for direct practice and evidence for management practice In Part I the articles are categorized in the areas of child welfare assessment and child welfare outcomes Expanded versions of the chapters can be accessed at www.bassc.net In Part II the focus is on organizational issues that relate to evidence for management practice This section includes an overview of evidence based practice from an organizational perspective along with evidence related to the experiences of others in implementing evidence based practice This book pushes the discussion of evidence based practice in several new directions regarding 1 the use of structured reviews to complement the systematic reviews of the Cochrane and Campbell Collaboratives 2 the process of viewing the call for evidence based practice as a goal or future vision of practice and evidence for practice provides a more immediate approach to promote evidence informed practice and 3 a recognition that evidence informed practice is part of building agency based knowledge sharing systems that involve the tacit and explicit knowledge needed to improve the outcomes of social services This book was published as a special issue of the Journal Of Evidence Based Social Work

The Use of Research in Social Work Practice Nancy F. Chavkin,1993-09-30 Chavkin tests the theory that there is a relationship between organizational structure and the use of research recommendations in school social work Part I includes three chapters that explore the complex relationship between applied social science research and practice Part II is the case example of the use

of Costin's recommendation for changes in the goals and methods of school social service delivery Part III presents the implications of the case for practice policy and theory and provides suggestions for future research Chavkin's organizational perspective adds to the information social workers have about why research findings are adopted in some organizations and not in others and how organizational structure factors facilitate or inhibit adoption Recommended for social work scholars and practitioners researchers and agency leaders

Evaluation in Child and Family Services Tiziano Vecchiato,Anthony N. Maluccio,Cinzia Canali, As child and family interventions assume greater international application it will be helpful to examine the various ways in which service innovations are being evaluated As demonstrated in the seminar from which these chapters resulted only by sharing our specific professional interests our too frequent problems in measurement our despair in implementing complicated studies and our successes can we advance the evaluation of human services and their outcomes This volume considers a variety of programs and issues in the field of child and family services While different perspectives are evident among the authors in terms of their focus and or emphasis there is common concern about the value of examining each program or service so as to

maximize its impact as well as its potential for dissemination Intervention research should spur and motivate cross national efforts not only among researchers but also among social workers and other practitioners from diverse professions engaged in the delivery of human services Such collaboration would contribute to the ultimate goals of achieving greater clarity about the specifics of best practices in child and family services protocols for assessing outcomes and ways of improving service delivery How then can researchers and policymakers in diverse settings within diverse countries improve practice and service delivery on behalf of children and families What particular program findings can be generalized to improve services How can we share and implement new solutions The contributions to this volume address such questions from varying international perspectives Contributors provide answers and generate discussion points for consideration by practitioners as well as researchers The book is a must for social work parishioners in areas involving the delivery of goods as well as services Tiziano Vecchiato is scientific director of the Fondazione Emanuela Zancan Padua Italy Anthony N Maluccio is professor of social work at Boston College Graduate School of Social Work Chestnut Hill Massachusetts Cinzia Canali is research associate at the Fondazione Emanuela Zancan Padua Italy **Encyclopedia of Social Work** ,1965

Organization, Policy, and Practice in the Human Services Bernard Neugeboren, Simon Slavin, 2012-08-21 Here is a timely insightful book that greatly increases the effectiveness of human service professionals and the organizations in which they function Organization Policy and Practice in the Human Services is the first such text to bring together in a systematic fashion the concepts of organizational theory policy and practice in the human services Offering a basic orientation to the structure and operations of social service organizations Neugeboren addresses society s need for the successful operation of these complex institutions in our highly organized society He also calls for a re examination of what is meant by dependency and postulates new methods of dealing with the social and personal problems confronting people in contemporary society This book is indispensable for administrators practitioners and students Practitioners gain instruction in bureaucratic expertise enabling them to maximize opportunities limit organizational constraints reduce the likelihood of burnout and otherwise become a good bureaucrat instead of an ineffective if well intentioned one Administrators will benefit from a model of organizational goals practical guidelines for evaluating the effectiveness of an organizational structure and methods for identifying and remedying the causes of organizational dysfunction Neugeboren s practical ideas make a significant contribution in preparing tomorrow s social workers to deal more effectively with the world facing each of us His theoretical insights are grounded in discussions of actual cases making them easy to apply to any human service organization
