Research Writing in Education and Psychology--from Planning to Publication Herbert John Klausmeier, 2001

IMPROVING LEADERSHIP IN STUDENT AFFAIRS ADMINISTRATION Arthur Sandeen, 2000-01-01 If student affairs is to continue to advance as a vital part of the administration of colleges and universities it is essential to focus on the role of leadership in the profession. The major purpose of this book is to provide learning opportunities for those who aspire to become senior student affairs leaders by presenting a variety of realistic case studies for discussion and debate. By thinking through the issues presented in the case and by considering the advantages and disadvantages of the various options presented for resolving the issues, readers will increase their understanding of the role of student affairs leadership. The text includes an introductory chapter about the current state of leadership in student affairs and also provides insight into the expectations institutions have for the future. The 18 cases are organized in four sections: Initiating programs, revising and implementing policy, developing effective structures, and responding to specific issues. The topics for the cases were selected to present many different kinds of problems and issues representing public and private urban and rural and large and small institutions. This book provides students with a source of excellent interaction and discussion and it is offered as another key component to the lengthy process of learning how to become an effective student affairs leader. *Research Methods in Education* William Wiersma, Stephen G. Jurs, 2009. Accompanying CD ROM contains the data sets that are used to illustrate statistical procedures in Chapters 16 and 17. Page xvii.

Conceptualizing, Designing, Implementing, and Evaluating Writing Interventions, 2023-10-20 This book takes a fresh look at the challenge of setting up educational writing intervention studies in authentic class contexts. In four sections, the book offers innovative approaches on how to conceptualize, design, implement, and evaluate writing interventions for research purposes. Hot topics in the field such as professional development for scaling up writing interventions, building research-practice partnerships, implementation variation, and fidelity and response to intervention are addressed. To illustrate the proposed approaches for writing promotion, the book showcases a wide variety of writing interventions from around the world, ranging from single participant designs to large-scale intervention studies in writing.

Psychology in Coaching Practice: A Guide for Professionals Manfusa Shams, 2022-10-19 This is the introductory book to the new series *Coaching Psychology for Professional Practice* which explores the latest developments in the field of coaching psychology and how these can be applied to professional practice across numerous industries including health and wellbeing, higher education, and human resources and management. Subsequent titles in the series will dive into specific areas like team coaching, leadership, neuroscience, and sports coaching. The series welcomes book proposals from prospective authors. Coaching psychology is developing fast as a practice-based scientific discipline. Through evidence-based case studies and reflective experiential accounts by practitioners, this book advocates the positive application of coaching psychology. Manfusa Shams explores the influence of psychology on knowledge

construction in coaching and highlights the need for theoretical groundings to develop effective practice and build potential. This book is dedicated to delivering practice based knowledge and ethical guidance to inform professional coaching practice and to advance coaching practice using relevant psychological paradigm. The book is divided into two key sections: practice and application. This book features guidance on Professional development of coaching psychology practitioners. How to improve coaching psychology practice with useful knowledge, skills and experiences. Developing theoretical models to support best practice in coaching psychology. Ethical awareness and professional accountability in coaching psychology practice. Coaching psychology practice in the changing environment: virtual coaching and local and global coaching. Offering a rich collection of intellectual and practical based resources, this book is for coaching psychologists, practitioners and all who are interested in coaching. It can also be applied to a wide range of disciplines, services and service users such as education, health and public services. Whether you're an experienced practitioner, a coach or coaching psychologist in training, this book will be a valuable resource. Mary Watts, Emeritus Professor of Psychology, City University, UK. *Psychology in Coaching Practice: A Guide for Professionals* offers a well considered selection of chapters that reflect the experience as well as the knowledge of the authors and editors. Francine Campone, Ed, D, MCC Accredited Coaching Supervisor, Editor, *International Coaching Psychology Review*. This book has been written by experts in the coaching and coaching psychology field. As it focuses on the professional development of practitioners, it will be of great interest to both trainees and experienced practitioners. Professionals working in areas allied to coaching may also find it of interest. Professor Stephen Palmer, PhD, Centre for Coaching, UK. Manfusa Shams' book provides fresh insights to the specialist area of coaching psychology practice, providing readers with practical insights into working with individuals, the team and wider social system to help each move forward towards personal and business success. The focus on psychology in practice in this book is an important development to advance this discipline. Professor Jonathan Passmore, SVP CoachHub, Professor Henley Business School, UK.
