# Researching Life Stories And Family Histories

**Robert Lee Miller, John D Brewer**

## **Researching Life Stories And Family Histories:**

*Researching Life Stories and Family Histories* Robert Lee Miller, 1999-12-07 A comprehensive balanced and judicious treatment of biographical methods in social research made all the more useful to students by its careful delineation of the practicalities involved Raymond M Lee Royal Holloway University of London Specifically designed for those carrying out biographical life history or family history research this concise guide covers the methods and issues involved The author demonstrates that biographical research is a distinctive way of conceptualizing social activity The three main approaches to biographical and family history research are covered Realist focused around grounded theory techniques of interviewing

**Researching Life Stories and Family Histories** Robert L. Miller (MA), Robert Lee Miller, 2000 *Researching Life Stories and Family Histories* is a concise guide to the methods and issues involved in carrying out biographical life history or family history research

**Researching Life Stories and Family Histories** Robert Lee Miller, 1999-09-22 A comprehensive balanced and judicious treatment of biographical methods in social research made all the more useful to students by its careful delineation of the practicalities involved Raymond M Lee Royal Holloway University of London Specifically designed for those carrying out biographical life history or family history research this concise guide covers the methods and issues involved The author demonstrates that biographical research is a distinctive way of conceptualizing social activity The three main approaches to biographical and family history research are covered Realist focused around grounded theory techniques of interviewing Neo positivist more structured interview techniques Narrative with emphasis on the active construction of life stories through the interplay between interviewer and interviewee An invaluable introduction to the field which contains much that will be of interest to the experienced practitioner the book will be ideal for researchers in sociology psychology political science social policy or anthropology

**Researching Life Stories** Peter Clough, Dan Goodley, Rebecca Lawthom, Michelle Moore, 2004-04-29 It has long been argued that an age of biography is upon us certainly the life story now has a well recognised role as a key resource in social research This book is the first to offer a comprehensive and practical guide to carrying out

Recording Oral History Valerie Raleigh Yow, 2014-12-05 *Recording Oral History* now available in its third edition provides a comprehensive guide to oral history for researchers and students in diverse fields including history sociology anthropology education psychology social work and ethnographic methods Writing in a clear accessible style Valerie Yow builds on the foundations laid in prior editions of her widely used and highly regarded text to tackle not just the practicalities of interviewing but also the varied ethical legal and philosophical questions that can arise The text now twelve chapters allows for dedicated discussion of both legalities and ethics Other new material include recent research on how brain functions affect memory more comprehensive demonstration of how to analyze an interview and details on making the most of technology both old and new Each chapter concludes with updated and annotated Recommended Readings and tailored appendixes address new developments such as institutional review boards and the Oral History Association's new

Principles and Best Practices      **Nursing Research Using Life History** Mary De Chesnay, 2014-07-28 This is an excellent book for researchers who want to conduct nursing research using life history. It contains worthwhile basic information about the design and many good examples of its use. Doody's Book Review Service Life history is a qualitative research method used to tell the story of an individual through the eyes of a researcher who frames the story within the context of the culture in which the person lived. In this book experienced scholars in qualitative life history research discuss the theoretical rationale for using this design, describe its components and delineate a practical plan to conduct studies including a focus on appropriate methods, ethical considerations and potential pitfalls. Examples from published nursing research with author commentary help to support new researchers in making decisions and facing challenges. This concise how-to guide to conducting ethnography research is part of the seven book nursing series *Qualitative Designs and Methods* which focuses on qualitative methodologies. The series will be of direct aid to novice nurse researchers and specialists seeking to develop or enhance their competency in a particular design. graduate educators and students in qualitative research courses, research sections in larger hospitals and in service educators and students. The book describes traditional and focused life history phases of research and methodology from sample and setting to dissemination and follow-up. Case studies follow a template that includes a description of the study, data collection and analysis and dissemination. The book also discusses techniques whereby researchers can ensure high standards of rigor. With a focus on practical problem solving throughout the book will be of value to novice and experienced nurse researchers, graduate teachers and students in service educators and students and nursing research staff at health care institutions. Key Features Includes examples of state-of-the-art life history nursing research with content analysis. Describes types of life history phases of research and methodology. Provides case studies including description, data collection and analysis and dissemination. Written by international scholars of qualitative life history.      *The Routledge International Handbook on Narrative and Life History* Ivor Goodson, Ari Antikainen, Pat Sikes, Molly Andrews, 2016-10-04 In recent decades there has been a substantial turn towards narrative and life history study. The embrace of narrative and life history work has accompanied the move to postmodernism and post-structuralism across a wide range of disciplines: sociological studies, gender studies, cultural studies, social history, literary theory and most recently psychology. Written by leading international scholars from the main contributing perspectives and disciplines, *The Routledge International Handbook on Narrative and Life History* seeks to capture the range and scope as well as the considerable complexity of the field of narrative study and life history work by situating these fields of study within the historical and contemporary context. Topics covered include: The historical emergences of life history and narrative study; Techniques for conducting life history and narrative study; Identity and politics; Generational history; Social and psycho-social approaches to narrative history. With chapters from expert contributors, this volume will prove a comprehensive and authoritative resource to students, researchers and educators interested in narrative theory, analysis and interpretation.      **The A-Z of Social**

**Research** Robert Lee Miller, John D Brewer, 2003-03-21 A detailed and valuable addition to the literature that will be a very useful resource for lecturers as well as having a wide appeal among students Tim May University of Salford Have you ever wondered what a concise comprehensive book providing critical guidance to the whole expanse of social science research methods and issues might look like The A Z is a collection of 94 entries ranging from qualitative research techniques to statistical testing and the practicalities of using the Internet as a research tool Alphabetically arranged in accessible reader friendly formats the shortest entries are 800 words long and the longest are 3000 Most entries are approximately 1500 words in length and are supported by suggestions for further reading The book Answers the demand for a practical fast and concise introduction to the key concepts and methods in social research Supplies students with impeccable information that can be used in essays exams and research projects Demystifies a field that students often find daunting This is a refreshing book on social research methods which understands the pressures that modern students face in their work load and seeks to supply an authoritative study guide to the field It should fulfil a long standing need in undergraduate research methods courses for an unpatronising utterly reliable aid to making sense of research methods

**Qualitative Research Practice** Clive Seale, 2007 Aimed at the student reader this book demonstrates the benefits of using particular methods from the viewpoint of real life experience It contains chapters written by leading internationally distinguished qualitative researchers who recount and reflect on their own research experiences as well as others

**SAGE Biographical Research** John Goodwin, 2012-06-25 Biographical research may take a range of forms and may vary in its application and approach but has the unified and coherent aim to give voice to individuals The central concern of this collection is to assemble articles from sociology social psychology education health criminology social gerontology epidemiology management and organizational research that illustrate the full range of debates methods and techniques that can be combined under the heading biographical research Volume One Biographical Research Starting Points Debates and Approaches explores the different biographical methods currently used while locating these within the history of social science methods Volume Two Biographical Interviews Oral Histories and Life Narratives focuses on the more established interview based biographical research methods and considers the analytical strategies used for interview based biographical research Volume Three Forms of Life Writing Letters Diaries and Auto Biography considers the value of data contained within letters diaries and auto biography and illustrates how this data has been analyzed to reveal biographies and their social context Volume Four Other Documents of Life Photographs Cyber Documents and Ephemera focuses on the other human documents and objects like photographs cyber documents emails blogs social networking sites webpages and other ephemera such as official documents that are used extensively in biographical research

**Reader's Guide to the Social Sciences** Jonathan Michie, 2014-02-03 This 2 volume work includes approximately 1 200 entries in A Z order critically reviewing the literature on specific topics from abortion to world systems theory In addition nine major entries cover each of the major disciplines

political economy management and business human geography politics sociology law psychology organizational behavior and the history and development of the social sciences in a broader sense

**Doing Research in Special Education** Richard Rose, Ian Grosvenor, 2013-10-23 This book incorporates an international perspective of research related to special education across all phases of education It draws upon the experience and expertise of recognized researchers and practitioners in special education As a research handbook for practicing teachers this book provides exemplars of good classroom based research practice addressing a broad range of special needs issues Methods are presented which can be generalized to situations beyond the case studies immediately presented

**The Oral History Reader** Robert Perks, Alistair Thomson, 2015-11-19 The Oral History Reader now in its third edition is a comprehensive international anthology combining major classic articles with cutting edge pieces on the theory method and use of oral history Twenty seven new chapters introduce the most significant developments in oral history in the last decade to bring this invaluable text up to date with new pieces on emotions and the senses on crisis oral history current thinking around traumatic memory the impact of digital mobile technologies and how oral history is being used in public contexts with more international examples to draw in work from North and South America Britain and Europe Australasia Asia and Africa Arranged in five thematic sections each with an introduction by the editors to contextualise the selection and review relevant literature articles in this collection draw upon diverse oral history experiences to examine issues including Key debates in the development of oral history over the past seventy years First hand reflections on interview practice and issues posed by the interview relationship The nature of memory and its significance in oral history The practical and ethical issues surrounding the interpretation presentation and public use of oral testimonies how oral history projects contribute to the study of the past and involve the wider community The challenges and contributions of oral history projects committed to advocacy and empowerment With a revised and updated bibliography and useful contacts list as well as a dedicated online resources page this third edition of The Oral History Reader is the perfect tool for those encountering oral history for the first time as well as for seasoned practitioners

**Research Methodologies for Auto/biography Studies** Kate Douglas, Ashley Barnwell, 2019-06-03 This collection of short essays provides a rigorous rich collaborative space in which scholars and practitioners debate the value of different methodological approaches to the study of life narratives and explore a diverse range of interdisciplinary methods Auto biography studies has been one of the most vibrant sub disciplines to emerge in the humanities and social sciences in the past decade providing significant links between disciplines including literary studies languages linguistics digital humanities medical humanities creative writing history gender studies education sociology and anthropology The essays in this collection position auto biography as a key discipline for modelling interdisciplinary approaches to methodology and ask what original and important thinking can auto biography studies bring to discussions of methodology for literary studies and beyond And how does the diversity of methodological interventions in auto biography studies build a strong and diverse

research discipline In including some of auto biography s leading international scholars alongside emerging scholars and exploring key subgenres and practices this collection showcases knowledge about what we do when engaging in auto biographical research Research Methodologies for Auto biography Studies offers a series of case studies that explore the research practices reflective behaviours and ethical considerations that inform auto biographical research **The SAGE Handbook of Social Research Methods** Pertti Alasuutari,Leonard Bickman,Julia Brannen,2008-02-25 The SAGE Handbook of Social Research Methods is a must for every social science researcher It charts the new and evolving terrain of social research methodology covering qualitative quantitative and mixed methods in one volume The Handbook includes chapters on each phase of the research process research design methods of data collection and the processes of analyzing and interpreting data The volume maintains that there is much more to research than learning skills and techniques methodology involves the fit between theory research questions research design and analysis The book also includes several chapters that describe historical and current directions in social research debating crucial subjects such as qualitative versus quantitative paradigms how to judge the credibility of types of research and the increasingly topical issue of research ethics The Handbook serves as an invaluable resource for approaching research with an open mind This volume maps the field of social research methods using an approach that will prove valuable for both students and researchers *Narrative Research Now* Ashley Barnwell,Signe Ravn,2023-12 Supported by the editors popular podcast Narrative Now this interdisciplinary volume explores the capacities and limitations of narrative research It maps out new directions for the field while honouring its legacy [The Voice of the Past](#) Paul Thompson,2017-02-24 Oral history gives history back to the people in their own words And in giving a past it also helps them towards a future of their own making Oral history and life stories help to create a truer picture of the past and the changing present documenting the lives and feelings of all kinds of people many otherwise hidden from history It explores personal and family relationships and uncovers the secret cultures of work It connects public and private experience and it highlights the experiences of migrating between cultures At the same time it can bring courage to the old meaning to communities and contact between generations Sometimes it can offer a path for healing divided communities and those with traumatic memories Without it the history and sociology of our time would be poor and narrow In this fourth edition of his pioneering work fully revised with Joanna Bornat Paul Thompson challenges the accepted myths of historical scholarship He discusses the reliability of oral evidence in comparison with other sources and considers the social context of its development He looks at the relationship between memory the self and identity He traces oral history through its own past and weighs up the recent achievements of a movement which has become international with notably strong developments in North America Europe Australia Latin America South Africa and the Far East despite resistance from more conservative academics This new edition combines the classic text of [The Voice of the Past](#) with many new sections including especially the worldwide development of different forms of oral history and the parallel memory boom as well as

discussions of theory in oral history and of memory trauma and reconciliation It offers a deep social and historical interpretation along with succinct practical advice on designing and carrying out a project The Voice of the Past remains an invaluable tool for anyone setting out to use oral history and life stories to construct a more authentic and balanced record of the past and the present

**Documents of Life 2** Ken Plummer, Kenneth Plummer, 2001-03-20 This study champions the use of life stories and other personal documents in social research It considers recent developments in the humanist approach to social research looking at writing and narrative memory and the auto biographical society

**Baltic Biographies at Historical Crossroads** Aili Aarelaid-Tart, Li Bennich-Björkman, 2012-06-12 This book brings together life stories from five generations of Balts living through the diverse and recurring transformations of the twentieth century occupations war independence totalitarianism and democratic rule and market economy The twentieth century history of the Baltic countries has often been deeply tragic Lying on the coastline of the Baltic Sea these rather small but strategically well located territories have historically found themselves in the middle of many power struggles between larger states empires and other power holders the Teutonic Knights Swedish kings Tsarist Russia Nazi Germany the Soviet Union Today they are once again forced to stand up to the Russian Federation Biographical interviewing is a field focused on individuals and on how those individuals choose to re create and present their lived lives make meaning of it through the narratives they tell To interpret the biographical narrations of Lithuanians Latvians and Estonians shaped by complex and controversial historical background the authors use Pierre Bourdieu's concept of social and cultural capitals the principles of Erving Goffman's framing analysis and Alessandro Portelli's distinction of private and public spheres Anton Steen's investigations of post Socialist elites and Piotr Sztompka's theory of cultural trauma etc Given analyses of particular biographical narrations are supplemented by brief historical and sociological overviews which allow the reader to better understand the contexts of lived lives and the mental atmosphere in which the interviews were conducted

**New Qualitative Methodologies in Health and Social Care Research** Frances Rapport, 2004-08-02 This edited volume brings together innovative contributions from a range of health and social care professionals and research scientists who are interested in introducing new approaches to qualitative research into the world of health and social care A range of methodologies including discourse analysis imagework cut up technique minimalist passive interviewing technique and social action research are discussed along with their histories methods and their applicability to practice Illustrated by examples drawn from clinical and practice settings the book also explores recent developments and their implications for and impact on delivery and good practice evaluation in health and social care The book encourages an in depth appreciation of the concept of evidence what it means how it is arrived at and the consequences of it being applied and enables health and social care professionals academics and students to learn more about new qualitative methodologies broadens understanding of notions of good practice encourages new thinking about the application of methodologies to practice

### Researching Life Stories And Family Histories Introduction

In today's digital age, the availability of Researching Life Stories And Family Histories books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Researching Life Stories And Family Histories books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Researching Life Stories And Family Histories books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Researching Life Stories And Family Histories versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Researching Life Stories And Family Histories books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Researching Life Stories And Family Histories books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Researching Life Stories And Family Histories books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of

digitized books and historical documents. In conclusion, Researching Life Stories And Family Histories books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Researching Life Stories And Family Histories books and manuals for download and embark on your journey of knowledge?

### FAQs About Researching Life Stories And Family Histories Books

1. Where can I buy Researching Life Stories And Family Histories books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Researching Life Stories And Family Histories book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.).
