its principal issues It studies the most important games and game series from Haunted House 1981 to Alone in the Dark 1992 Resident Evil 1996 present Silent Hill 1999 present Fatal Frame 2001 present Dead Space 2008 2013 Amnesia the Dark Descent 2010 and The Evil Within 2014 Accessibly written The World of Scary Video Games helps the reader to trace the history of an important genre of the video game

The Archives Aa. Vv.,2015-04-21T00:00:00+02:00 The digital age has witnessed the development of a new kind of archive immaterial living and moving largely user generated and conceived for managing a wide variety of audio visual materials besides traditional films and videos The first part of this anthology investigates the ways in which media forms like web documentaries video art and digital art web series amateur productions and also mobile films can be stored and preserved within the new digital repositories The second part focuses on archival and preservation practices of the video game This approach understands the archive not simply as a memory box but as a fully contemporary practice that locates new media objects in the present and acknowledges their changing cultural and social configurations The democratic often immaterial living mobile nature of contemporary archives forces us to question whether or not the traditional notion of the archive still has a heuristic value Or if it would be perhaps better to reject any conventional idea of archive and embrace the notion of an archive
