now known as unconventional warfare supporting the French Resistance in guerrilla attacks, supply route disruption and the harassment and obstruction of German reinforcements. Always they operated against extraordinary odds. They had to be prepared to survive pitched battles with German troops and Gestapo manhunts for weeks and months while awaiting the arrival of Allied ground forces. They were in short, heroes. The Jedburghs finally tell their story and offer a new perspective on D Day itself. Will Irwin has selected seven of the Jedburgh teams and told their stories as gripping personal narratives. He has gathered archival documents, diaries and correspondence and interviewed Jed veterans and family members in order to present this portrait of their crucial role, a role recognized by Churchill and Eisenhower in the struggle to liberate Europe in 1944-45. This is narrative history at its most compelling, a vivid drama of the battle for France from deep behind enemy lines.

Hitler: 1936-1945 Nemesis Ian Kershaw, 2001-09-17 The climax and conclusion of one of the best-selling biographies of our time. The New Yorker declared the first volume of Ian Kershaw's two-volume masterpiece as close to definitive as anything we are likely to see, and that promise is fulfilled in this stunning second volume. As *Nemesis* opens, Adolf Hitler has achieved absolute power within Germany and triumphed in his first challenge to the European powers. Idolized by large segments of the population and firmly supported by the Nazi regime, Hitler is poised to subjugate Europe. Nine years later, his vaunted war machine destroyed Allied forces sweeping across Germany. Hitler will end his life with a pistol shot to his head. More probing, more judicious, more authoritative in its rich detail, more commanding in its mastery of the horrific narrative.

Milton J. Rosenberg, Chicago Tribune Mission France Kate Vigurs, 2021-01-01 The full story of the thirty-nine female SOE agents who went undercover in France. Formed in 1940, Special Operations Executive was to coordinate Resistance work overseas. The organization's F section sent more than four hundred agents into France, thirty-nine of whom were women. But while some are widely known—Violette Szabo, Odette Sansom, Noor Inayat Khan—others have had their stories largely overlooked. Kate Vigurs interweaves for the first time the stories of all thirty-nine female agents. Tracing their journeys from early recruitment to work undertaken in the field to evasion from or capture by the Gestapo, Vigurs shows just how greatly missions varied. Some agents were more adept at parachuting. Some agents' missions lasted for years, others less than a few hours. Some survived, others were murdered. By placing the women in the context of their work with the SOE and the wider war, this history reveals the true extent of the differences in their abilities and attitudes while underlining how they nonetheless shared a common mission and ultimately deserve recognition.

War and Society in Europe, 1870-1970 Brian Bond, 1998 As Europe descended into an era of war and 19th-century hopes for peace faded, warfare was itself transformed by the growth of nationalism and technological advances. This study assesses the influence of war on European society between 1870 and 1970.
