Resistance The Political Autobiography O:

Resistance: The Political Autobiography of Georges Georges Bidault, 1965 **Christian Democracy in France (Routledge Revivals)** R. E. M. Irving, 2010-03-23 Christian Democracy which may briefly be defined as organised political action by Catholic democrats has been a major political force in Western Europe since the Second World War not least in France The aim of this book first published in 1973 is to trace the Development of Christian Democracy in France from its origins in the 1830s to the present day discussing its theories and its importance in French history and politics with particular but by no means exclusive reference to the Fourth Republic 1946-58 when the MRP was one of the key centre parties Dr Irving provides a thorough analysis of MRP its economic foreign and colonial policies and gives reasons for the relative decline of French Christian Democracy in the 1960s This French movement has been little understood in Britain and a thorough history has been badly needed This study will be valuable to all those who in the context of a United Europe wish to understand the political forces at work at its conception It will be valuable especially to students of modern history and politics

Charles de Gaulle William R. Keylor, 2020-12-07 In this definitive history William R Keylor traces the tumultuous relationship between Charles de Gaulle and a host of other key twentieth century figures his former mentor Marshal Philippe Pétain who headed the collaborationist government in the southern French city of Vichy as the German army occupied the northern two thirds of the country Sir Winston Churchill the British prime minister whose government supported and financed de Gaulle and the Free French but who clashed with the French leader on a number of hot button issues and most critically the six American presidents from FDR to Nixon Keylor uses the metaphor thorn in the side to emphasize the fact that challenges from the intrepid French leader were often an annoyance to the Americans who all had many more important issues to deal with World War II for Roosevelt and Truman the Cold War for Eisenhower and the Vietnam War for Kennedy and Johnson Richard Nixon alone had an excellent relationship but the two men overlapped for only four months before de Gaulle's retirement Thoroughly researched and deeply knowledgeable this gripping book will appeal to all readers interested in contemporary French and US history

The Struggle for a Democratic Austria Bruno Kreisky, 2000 His stature enabled him to play an active part in the promotion of the Arab Israeli dialogue and pave the way for President Jimmy Carter's mediation of the Israeli Egypt peace accord through his close relationship with Sadat As a result of such activity Kreisky was respected and praised by every US administration from Kennedy to Reagan and was on excellent terms with Khrushchev and Brezhnev despite his support for the containment of Soviet communism

BOOK JACKET *Haunted by History* Cyril Buffet, Beatrice Heuser, 1998-04-01 Europe is a continent weighed down by the shadows of its past its wars the traditional enmities the suspicions of neighbours fuelled by historical memories This has immediate consequences for the understanding and representation of the past journalists politicians historians often apply simplistic pre-conceived patterns i.e. myths to current events resulting in distorted and misleading analyses This volume exposes the way some historical myths such as

Balance of Power Rapallo the Special Relationship the Franco German Couple the Peril of Islam are used to blur not to clarify our understanding of international affairs even to manipulate contemporary politics *The Politics of Truth in Polarized America* David C. Barker, Elizabeth Suhay, 2021-05-18 In American politics the truth is rapidly losing relevance The public square is teeming with misinformation conspiracy theories cynicism and hubris Why has this happened What does it mean What can we do about it In this volume leading scholars offer multiple perspectives on these questions and many more to provide the first comprehensive empirical examination of the politics of truth its context causes and potential correctives With experts in social science weighing in this volume examines different drivers such as the dynamics of politically motivated fact perceptions Combining insights from the fields of political science political theory communication and psychology and offering substantial new arguments and evidence these chapters draw compelling if sometimes competing conclusions regarding this rising democratic threat *Encyclopedia of the Cold War* Ruud van Dijk, William Glenn Gray, Svetlana Savranskaya, Jeremi Suri, Qiang Zhai, 2013-05-13 Between 1945 and 1991 tension between the USA its allies and a group of nations led by the USSR dominated world politics This period was called the Cold War a conflict that stopped short of a full blown war Benefiting from the recent research of newly open archives the Encyclopedia of the Cold War discusses how this state of perpetual tensions arose developed and was resolved This work examines the military economic diplomatic and political evolution of the conflict as well as its impact on the different regions and cultures of the world Using a unique geopolitical approach that will present Russian perspectives and others the work covers all aspects of the Cold War from communism to nuclear escalation and from UFOs to red diaper babies highlighting its vast ranging and lasting impact on international relations as well as on daily life Although the work will focus on the 1945 1991 period it will explore the roots of the conflict starting with the formation of the Soviet state and its legacy to the present day **Telling Our Stories** A. Alabi, 2005-04-15 Telling Our Stories investigates the continuities and divergences in selected Black autobiographies from Africa the Caribbean and the United States The stories of slaves creative writers and political activists are discussed both as texts produced by individuals who are products of specific societies and as interconnected books The book identifies influences of environmental and cultural differences on the texts while it adopts cross cultural and postcolonial reading approaches to examine the continuities and divergences in them **Nicaraguan Biographies** ,1988 **The Thinking Space** Leona Rittner, W. Scott Haine, 2016-03-03 The cafe is not only a place to enjoy a cup of coffee it is also a space distinct from its urban environment in which to reflect and take part in intellectual debate Since the eighteenth century in Europe intellectuals and artists have gathered in cafes to exchange ideas inspirations and information that has driven the cultural agenda for Europe and the world Without the caf would there have been a Karl Marx or a Jean Paul Sartre The caf as an institutional site has been the subject of renewed interest amongst scholars in the past decade and its role in the development of art ideas and culture has been explored in some detail However few have investigated the ways in which caf

s create a cultural and intellectual space which brings together multiple influences and intellectual practices and shapes the urban settings of which they are a part This volume presents an international group of scholars who consider caf s as sites of intellectual discourse from across Europe during the long modern period Drawing on literary theory history cultural studies and urban studies the contributors explore the ways in which cafes have functioned and evolved at crucial moments in the histories of important cities and countries notably Paris Vienna and Italy Choosing these sites allows readers to understand both the local particularities of each caf while also seeing the larger cultural connections between these places By revealing how the caf operated as a unique cultural context within the urban setting this volume demonstrates how space and ideas are connected As our global society becomes more focused on creativity and mobility the intellectual caf s of past generations can also serve as inspiration for contemporary and future knowledge workers who will expand and develop this tradition of using and thinking in space

Human Rights, Suffering, and Aesthetics in Political Prison Literature Yenna

Wu, Simona Livescu, 2011-06-16 This interdisciplinary volume of essays studies human rights in political prison literature while probing the intersections of suffering politics and aesthetics in an interliterary and intercultural context As the first book to explore the concept of global aesthetics in political prison narratives it demonstrates how literary insight enhances the study of human rights Covering varied geographical and geopolitical regions this collection encourages comparative analyses and cross cultural understanding Seeking to interrogate linguistic structural and cultural constructions of the political prison experience it highlights the literary aspects without losing sight of the political and the theoretical The contributors cross various disciplinary boundaries and adopt different interpretive perspectives in analyzing prison narratives especially memoirs from such diverse countries as China Egypt Morocco Syria Romania Russia Uruguay and the U S The volume emphasizes the literary works produced since the second half of the twentieth century particularly since the political seismic shift in 1989 The authors treated range from the canonical to the less well known Nawal El Saadawi Varlam Shalamov Zhang Xianliang Cong Weixi Wumingshi Carlos Liscano Fatna El Bouih Nabil Sulayman Faraj Bayraqdar Hasiba Abdalrahman Tahar Ben Jelloun Nicolae Steinhardt Irina Ratushinskaya etc Critical issues investigated include how the writers represent their sufferings experiences and emotions during incarceration their strategies of survival and how political prison literature can reveal hidden violations of human rights while resisting official discourse and serving other functions in society Examining the commonalities and differences in global experiences of imprisonment the eight chapters engage with the aesthetics of self making and resistance individual and collective memory denial and conversion catharsis and redemption and the experiencing and witnessing of trauma Topics also include the politics of remembering and the politics of representation such as the problematic relationship between narrative language and representations of torture Similarly under discussion are prison aesthetics of happiness the role of spectacle in the criminal justice system and the intersection of prison gender and silences At a juncture when more and more people all over the world actively defy repressive regimes and

demand political reform this book makes a timely contribution to the advocacy and discourse of universal human rights

Assassination! July 14 Ben Abro, 2001-01-01 July 14 One of Europe's most sinister terrorist organizations hatches a brilliant plan to assassinate the feared and powerful leader of France President Charles de Gaulle Max Palk an extraordinarily talented British secret agent is summoned to Paris to hunt down the assassins before it is too late Ensnared in a terrifying web of doublecross and death Palk races against the clock to outmaneuver outshoot and outthink his increasingly desperate foes A decade before *The Day of the Jackal* appeared Ben Abro's *Assassination July 14* became an international sensation thanks to its sizzling plot an ingenious intellectual hero and a realistic depiction of France's volatile political scene in the 1960s In fact the novel proved too real provoking outrage and a lawsuit that shut down its publication For the first time in decades this gripping underground thriller is again widely available The equally riveting story behind the novel and the controversy it spawned are carefully explained in an informative essay by James D Le Sueur Drawing upon interviews with the authors court transcripts and recent evidence and scholarship Le Sueur examines how an item of popular culture could have had such national and international repercussions *France Restored* William I. Hitchcock, 2000-11-09 Historians of the Cold War argues William Hitchcock have too often overlooked the part that European nations played in shaping the post World War II international system In particular France a country beset by economic difficulties and political instability in the aftermath of the war has been given short shrift With this book Hitchcock restores France to the narrative of Cold War history and illuminates its central role in the reconstruction of Europe Drawing on a wide array of evidence from French American and British archives he shows that France constructed a coherent national strategy for domestic and international recovery and pursued that strategy with tenacity and effectiveness in the first postwar decade This once occupied nation played a vital part in the occupation and administration of Germany framed the key institutions of the new Europe helped forge the NATO alliance and engineered an astonishing economic recovery In the process France successfully contested American leadership in Europe and used its position as a key Cold War ally to extract concessions from Washington on a wide range of economic and security issues *The New South, 1945-1980* Numan V. Bartley, 1995 First published in 1955 to wide acclaim T Harry Williams P G T Beauregard is universally regarded as the first authoritative portrait of the Confederacy's always dramatic often perplexing general Chicago Tribune Chivalric arrogant and of exotic Creole Louisiana origin Beauregard participated in every phase of the Civil War from its beginning to its end He rigidly adhered to principles of war derived from his studies of Jomini and Napoleon and yet many of his battle plans were rejected by his superiors who regarded him as excitable unreliable and contentious After the war Beauregard was almost the only prominent Confederate general who adapted successfully to the New South running railroads and later supervising the notorious Louisiana Lottery This paradox of a man who fought gallantly to defend the Old South and then helped industrialize it is the fascinating subject of Williams' superb biography **Encyclopedia of Politics of the American West** Steven L.

Danver,2013-04-25 The Encyclopedia of Politics in the American West is an A to Z reference work on the political development of one of America s most politically distinct not to mention its fastest growing region This work will cover not only the significant events and actors of Western politics but also deal with key institutional historical environmental and sociopolitical themes and concepts that are important to more fully understanding the politics of the West over the last century

The Birth of Cool Carol Tulloch,2016-01-28 It is broadly recognized that black style had a clear and profound influence on the history of dress in the twentieth century with black culture and fashion having long been defined as cool Yet despite this high profile in depth explorations of the culture and history of style and dress in the African diaspora are a relatively recent area of enquiry The Birth of Cool asserts that cool is seen as an arbiter of presence and relates how both iconic and ordinary black individuals and groups have marked out their lives through the styling of their bodies Focusing on counter and sub cultural contexts this book investigates the role of dress in the creation and assertion of black identity From the gardenia corsage worn by Billie Holiday to the work wear of female African Jamaican market traders through to the home dressmaking of black Britons in the 1960s and the meaning of a polo neck jumper as depicted in a 1934 self portrait by African American artist

Malvin Gray Johnson this study looks at the ways in which the diaspora experience is expressed through self image Spanning the late nineteenth century to the modern day the book draws on ready made and homemade fashion photographs paintings and films published and unpublished biographies and letters from Britain Jamaica South Africa and the United States to consider how personal style statements reflect issues of racial and cultural difference The Birth of Cool is a powerful exploration of how style and dress both initiate and confirm change and the ways in which they expresses identity and resistance in black culture

Resister Bruce Dancis, 2014-02-25 Bruce Dancis arrived at Cornell University in 1965 as a youth who was no stranger to political action He grew up in a radical household and took part in the 1963 March on Washington as a fifteen year old He became the first student at Cornell to defy the draft by tearing up his draft card and soon became a leader of the draft resistance movement He also turned down a student deferment and refused induction into the armed services He was the principal organizer of the first mass draft card burning during the Vietnam War an activist in the Resistance a nationwide organization against the draft and a cofounder and president of the Cornell chapter of Students for a Democratic Society Dancis spent nineteen months in federal prison in Ashland Kentucky for his actions against the draft In Resister Dancis not only gives readers an insider s account of the antiwar and student protest movements of the sixties but also provides a rare look at the prison experiences of Vietnam era draft resisters Intertwining memory reflection and history Dancis offers an engaging firsthand account of some of the era s most iconic events including the 1963 March on Washington for Jobs and Freedom the Abbie Hoffman led hippie invasion of the New York Stock Exchange the antiwar confrontation at the Pentagon in 1967 and the dangerous controversy that erupted at Cornell in 1969 involving African American students their SDS allies and the administration and faculty Along the way Dancis also explores the relationship between the topical folk and rock music of the era and the political and cultural rebels who sought to change American society

The Impossible Peace Anne Deighton, 1993-02-11 A new interpretation of the British government s policy towards Germany in the years immediately after 1945 and a reassessment of the part this policy played in the development of the Cold War

From Hitler's Doorstep Neal H. Petersen, 2010-11-01 For three years during World War II future Director of Central Intelligence Allen Dulles commanded the OSS mission in Bern Switzerland From Hitler s Doorstep provides an annotated selection of his reports to Washington from 1942 to 1945 Dulles was a leading source of Allied intelligence on Nazi Germany and the occupied nations The messages presented in this volume were based on information received through agents and networks operating in France Italy Austria Eastern Europe and Germany itself They deal with subjects ranging from enemy troop strength and military plans to political developments support of resistance movements secret weapons psychological warfare and peace feelers The Dulles reports reveal his own vision of grand strategy and presage the postwar turmoil in Europe One of the largest collections of OSS records ever published these telegrams and radiotelephone transmissions from the National Archives provide an exciting account of the course of the European war offer insight on the development of

American intelligence and illuminate the origins of the Cold War They will interest diplomatic and military historians as well as specialists on modern Europe This volume is almost unique as document based intelligence history and serves as a badly needed bridge between diplomatic history and intelligence studies
