Cartelisation, Convergence or Increasing Similarities? Henrik Enroth,Magnus Hagevi,2018-03-02 It is often suggested that political parties are becoming increasingly alike and that party politics has turned into an elite affair where political professionals collude to further their self interest rather than work to represent the interests of their constituents In recent decades this diagnosis has been famously associated with Richard Katz and Peter Mair s cartel party theory Yet so far this controversial thesis has not been subjected to systematic empirical scrutiny nor has its conceptual and normative underpinnings been properly considered In this volume a group of political scientists with different specialisations take on this task focusing empirically on the Swedish party system which the originators of the cartel party theory have suggested is especially conducive to the formation of party cartels Collecting new and unique qualitative and quantitative data the volume casts serious doubt on the validity of the cartel party theory as an explanation for party system change **News Literacy**

Michelle Luhtala,Jacquelyn Whiting,2018-05-09 At a time when misinformation in the media is abundant this book explains the difficulty in nurturing students to become critical researchers and offers practical lessons that empower students to excavate information that will help them learn This guide to teaching news literacy explores a wealth of resources and classroom tested lessons that educators in grades 7 12 can use in their own libraries and classrooms To introduce the concept of news literacy the authors explain the steps of the inquiry and research process in detail and examine the Stanford History Education Group SHEG 2016 report Evaluating Information The Cornerstone of Civic Online Reasoning and related research studies Lesson plans corresponding to each stage of the process are coordinated to relevant standards from the CCSS and ISTE and are accompanied by rubrics for providing students feedback on their progress as well as samples of student work as it evolved through the stages Furthermore the authors anecdotal insights from their experiences in collaboratively implementing the lessons with colleagues are an invaluable addition for any librarian seeking to work with teachers to help students become critical researchers
