Responsibility Matters:

Jurisdiction, Recognition and Enforcement in Matrimonial and Parental Responsibility Matters Cristina González Beilfuss, Laura Carpaneto, Thalia Kruger, Ilaria Pretelli, Mirela Župan, 2023-07-01 This authoritative Commentary on the recast Regulation 2019 1111 on matters of matrimonial and parental responsibility presents a deep analysis of the Regulation and is authored by leading experts in family law and private international law Employing a granular article by article approach the Commentary acts as a detailed reference point on the uniform jurisdiction rules for divorce legal separation and marriage annulment as well as for disputes over parental responsibility with an international element including child abduction Responsibility Matters Peter A. French, 1992 Most of us spend a fair amount of time trying to avoid responsibility That s not too astounding What is surprising says Peter French is that we tend to dodge the good variety as well as the bad The Planetary Bargain Michael Hopkins, 2016-07-27 Exploring many of the most pertinent ethical and economic issues of our time this book offers both new insights and innovative solutions Including case studies of international companies and analysis of research Michael Hopkins addresses global commercial and social problems and examines the question of corporate social responsibility His presentation of the case for a worldwide agreement or planetary bargain between the private and public sectors is both a challenge and a potential source of hope for all those engaged in business in the last years of the twentieth century *Equality and Responsibility* Christopher Lake, 2001-11-08 Arguments about distributive justice often take place around two ideas One is that good should be distributed equally The other is that how people fare in life should depend on what they are responsible for The author asks what draws us to these two ideas and examines recent attempts by egalitarian thinkers to bring them together in a single distributive ideal Underlying this ideal is the egalitarian intuition the intuition that it is objectionable for some to be worse off than others through no fault of their own in a wide ranging discussion Lake tests that intuition from a variety of perspectives and points to the gaps in our current thinking about quality and individual responsibility , Personal Responsibility Alexander Brown, 2009-11-30 Individual responsibility is an issue at the heart of public debates surrounding justice today this book explores the philosophical implications of this hugely topical contemporary debate *Responsibility Collapses* Stephen Kershner, 2023-12-01 Our emotions beliefs and values assume that a person is responsible for what she thinks and does and that this is a good thing This book argues that this worldview is false It provides arguments for this conclusion that build on the free will and responsibility literatures in original and insightful ways **Is Anyone Responsible?** Shanto Iyengar, 1994-08-17 A disturbingly cautionary tale Is Anyone Responsible anchors with powerful evidence suspicions about the way in which television has impoverished political discourse in the United States and at the same time molds American political consciousness It is essential reading for media critics psychologists political analysts and all the citizens who want to be sure that their political opinions are their own Not only does it provide convincing evidence for particular effects of media

fragmentation but it also explores some of the specific mechanisms by which television works its damage Here is powerful additional evidence for those of us who like to flay television for its contributions to the trivialization of public discourse and the erosion of democratic accountability William A Gamson Contemporary Sociology Iyengar s book has substantial merit His experimental methods offer a precision of measurement that media effects research seldom attains I believe moreover that Iyengar s notion of framing effects is one of the truly important theoretical concepts to appear in recent years Thomas E Patterson American Political Science Review

Enforcing Morality Steven Wall,2023-11-16 What parts of morality ought the law to enforce What considerations justify its enforcement What is the relationship between the legal and social enforcement of morality Are there principled moral limits that constrain the enforcement of morality How should we think about the pragmatic limits to the effective enforcement of morality These are some of the main questions addressed by Steven Wall in this comprehensive and provocative study of a fundamental debate in jurisprudence and political theory The book defends the practice of ethical environmentalism the deliberate effort to improve the ethical character of the social environment of a society by political legal and other means The presumptive case for ethical environmentalism is presented and then assessed in light of a range of important considerations including fair treatment governmental neutrality the value of personal liberty rights to do wrongs and free expression

Public Relations in Practice Anne Gregory,2004 The role of the public relations practitioner is becoming ever more demanding Even those entering the profession are expected to already possess sophisticated skills Public Relations in Practice helps develop these skills by looking at the key functional areas of public relations from the practitioner s point of view

Responsibility in Law and Morality Peter Cane,2002-04-17 Lawyers who write about responsibility tend to focus on criminal law at the expense of civil and public law while philosophers tend to treat responsibility as a moral concept and either ignore the law or consider legal responsibility to be a more or less distorted reflection of its moral counterpart This book aims to counteract both of these biases By adopting a comparative institutional approach to the relationship between law and morality it challenges the common view that morality stands to law as critical standard to conventional practice It shows how law and morality interact symbiotically and how careful study of legal concepts of responsibility can add significantly to our understanding of responsibility more generally Central to this project is a distinction between two paradigms of responsibility the criminal law paradigm and the civil law paradigm Whereas theoretical discussions of responsibility tend focus on conduct and agency taking account of civil law reveals the importance of outcomes and the interests of victims and society to ideas of responsibility The book examines from a distinctively legal point of view central philosophical questions about responsibility such as its relationship with culpability challenging the common view that moral responsibility requires fault causation and personality It explores the relevance of sanctions and problems of proof and enforcement to ideas of responsibility as well as the relationship between responsibility and distributive justice and the role of concepts of responsibility in public law At the heart of this book lie two questions what

does it mean to say we are responsible and what are our responsibilities Its aim is not to answer these questions but to challenge some traditional approaches to answering them and more importantly to suggest fruitful alternative approaches that take law seriously **Departments of Commerce, Justice, and State, the Judiciary, and Related Agencies Appropriations for 1999: Justification of the budget estimates, Arms Control and Disarmament Agency** United States.
