Michener, 2013-12-06 Patrick Nullens and Ronald T Michener seek to revitalize Christian ethics through an integrative approach to classical ethics Their matrix of consequential principle virtue and value ethics provides an alternative to postmodern situation ethics and brings the framework of biblical wisdom to bear on contemporary ethical questions **A Multidimensional Perspective on Corruption in Africa** Sunday Bobai Agang, Chris Jones, Pregala Pillay, 2019-11-15 This book brings together a number of African anti corruption policy makers from across different academic disciplines religions and generations It engages in processes of economic social and political transformation to eliminate poverty and inequity through individual and institutional means Through historical and contemporary perspectives on authority structures institutionalised myths beliefs and rituals of authority the volume explores how to correctly mobilise and influence citizens behaviour and attitudes towards accountability transparency and probity all of which are key to strengthening national integrity systems all over Africa and are needed for equity and sustainable development The book strongly advocates that corruption is everybody s business All the chapters in some way commemorate the inaugural anti corruption year of the African Union in 2018 by interrogating how mechanisms to eliminate inequity and poverty can be built in Africa **Biblical Counseling Basics** Jeremy Lelek, 2018-04-09 In this comprehensive account of biblical counseling Jeremy Lelek recounts its history discusses its beliefs

and provides insight for the future Valuable for those both inside and outside of biblical counseling Biblical Counseling Basics draws from a wide range of and experts to guide readers through Christian soul care The Role of Religion in Marriage and Family Counseling Jill Duba Onedera,2007-07-19 Religion can play a vital role in the way people relate to each other particularly with interpersonal dynamics within a family The role of a couple or family s religion s in the counseling room is no less important This book provides practitioners with an overview of the principles of the major world religions with specific focus on how each religion can influence family dynamics and how best to incorporate this knowledge into effective practice with clients God and Government Cornelis Van Dam,2011-12-05 Ours is a time of rapid cultural change with new economic challenges People look to their governments for leadership and solutions But what can and should government do to meet the difficulties that beset a nation What can citizens expect from their elected representatives What is reasonable And what should citizens do What are their responsibilities This book addresses such fundamental issues through the eyes of Scripture and against the backdrop of North America s dual heritage of Christianity and humanism Government politics and the Bible do not seem like a good mix But as this book aims to show the Bible has much wisdom to teach us about the place and role of government and its citizens Biblical principles work because God knows how his world and his servant governments are supposed to function After all he ordained the governing authorities and the principles enunciated in his Word are timeless and remain practical This book introduces fundamental biblical principles that apply to government and politics The intent is to inform and to motivate the reader to get involved where possible in the political processes of the day Our legislators need the input and help from their knowledgable Christian constituents *An Introduction to Biblical Ethics* David Wayne Jones,2013 An introductory text explaining the nature relevancy coherency and structure of the moral law as revealed throughout the Bible with discussion of the Ten Commandments as a moral rubric and a subsequent application of each commandment to Christian living **Environmental Stewardship** J. Douma,2015-03-17 If any single word in the Christian vocabulary captures our relationship to and responsibility for the environment that word is stewardship It is a word that brings into view the relationship between humanity and the natural world of water land animals and fellow human beings Nevertheless today some people think Christianity especially Calvinism is largely responsible for many of our environmental problems The language of exercising dominion subduing the earth creation mandate and technological progress somehow suggests abuse exploitation and pollution But are these criticisms correct In this book you will receive an honest and clearheaded analysis from a Christian perspective of our role as human beings in caring for the environment along with careful explanation of important Bible passages and teachings relating to environmental stewardship What about humanity s relationship to the earth to animals to their own genetic capacities What about genetic screening Germline therapy Eugenics When do science and scientific experimentation cross the moral boundary line This primer will introduce you to this timely moral discussion while placing before your eyes with honest detail both the damage resulting from our

human interaction with the creation and our personal duties toward the Creator of this earth      **"In the Beginning . . ."**

Eduardo J. Echeverria, 2011-01-01 One of the most significant contributions of Pope John Paul II to the church and arguably to the culture was his development of a theology of the body This theology explores the rich meaning and vocation of human embodiment of the body person in light of the fundamental truths of creation fall into sin and redemption in Jesus Christ In this book Eduardo J Echeverria inquires into the biblical theological and philosophical foundations of the Pope s theology of the body In a wide ranging discussion of a Catholic theology of revelation biblical hermeneutics and a biblical perspective on the Christ centered dynamics of the moral life Echeverria clearly establishes the fundamental principles needed for a full understanding of John Paul II s thought He probes the philosophical foundations of the Pope s thought in the context of a Catholic theology of nature sin and grace The book concludes with an analysis of the normative implications of the Pope s theology for sexual ethics and provides a novel and provocative application of the theology of the body to the morality of homosexuality Echeverria s study of John Paul II s theology of the body helps us to make sense of how the pope s theology deepens our understanding of the Catholic teaching that the human body shares in the dignity of the image of God Catechism of the Catholic Church no 364      *Eucharistic Reciprocity* A. William DeJong, 2019-11-11 This volume probes the nature of gratitude as a virtue and identifies its moral value in the Christian life in order to enhance pastoral effectiveness in ministering to those gripped by sins of desire Such impulses are explored in terms of the seven deadly sins which this inquiry regards as distorted desires for the good God provides Utilizing a method of mutual critical correlation this volume brings philosophical and psychological claims about gratitude into conversation with the Christian tradition On the basis of an ontology of communion in which humans are inextricably situated in giving and receiving relationships with God others and the world this inquiry defines gratitude as a social response involving asymmetrical agapic reciprocity whereby a recipient freely joyfully and fittingly salutes a giver for the gift received in order to establish maintain or restore a personal and peaceable relationship Critiquing especially the reductions of gratitude by Aristotle and Jacques Derrida this inquiry recommends gratitude as a virtue which when embodied practiced and ritualized especially though not exclusively in the Eucharist has potential to repel the destructive idolatries generated by the seven deadly sins and thus function as a crucial ingredient in human social flourishing Familiarity with the virtue of gratitude as a vital ingredient in moral flourishing therefore equips pastors for greater ministerial effectiveness      *Christian Ethics* Alvah Hovey, 1875      *To You and Your Children* Benjamin K. Wikner, 2004 Scripture promises that God s people shall not labor in vain nor bring forth children for trouble for they shall be the descendants of the blessed of the Lord and their offspring with them Is 65 22 23 and that Christ will turn the hearts of the children to their fathers Mal 4 6 Yet Christian parents today face a disturbing exodus of their children from the Church to the world Why is this What is the place of children within the faith What do the promises mean Recognizing that this subject is fraught with difficulty and grief the twelve contributors to this volume seek to address the

hard questions and lay a biblical foundation of hope for our children Contributors include Timothy Bayly Joel Belz Randy Booth David Hagopian Douglas Jones Dr Nelson D Kloosterman Dr Charles Alan McIlhenny Dr Robert S Rayburn G Mark Sumpter Tom Trouwborst Benjamin K Wikner and Douglas Wilson      **Divine Election** Eduardo J. Echeverria, 2016-09-14

This dogmatic study addresses two perennial questions First how do we reconcile God's sovereignty with human freedom not just in general but particularly with respect to the Church's full understanding of God's plan of salvation as a work of grace Second and equally crucial is the question of how we reconcile God's universal salvific will with the mystery of predestination election and reprobation The author of this study does theology within the normative tradition of confessional Catholicism and thus in the light of Catholic teaching But this study is also an ecumenical work indeed a work in receptive ecumenism and hence he listens attentively to the reflections and arguments not only of his fellow Catholic theologians Matthias Joseph Scheeben and Hans Urs von Balthasar but also theologians of the Evangelical and Reformed traditions John Calvin Herman Bavinck Karl Barth and G C Berkouwer This book concludes with a Catholic synthesis regarding the doctrine of divine election in dogmatic and ecumenical perspective      *Faith seeking understanding* Nico Vorster, Frederik van Niekerk, 2023-03-01

How did it all begin How do we even start to engage the differences between creation narratives in the Christian Bible and modern scientific theory The authors of this book explore hermeneutic approaches and developments in biblical studies to set the scene for a religious approach This approach is open to the possibility that a literalist approach to Scripture is in fact the most unjustifiable reading of the Bible This may profoundly affect how we view God the cosmos and even ourselves To be able to read the Bible from the perspective of an open present and future paves the way for suppressed uncertainties to be liberated This paves the way for humankind to freely question all things without being enslaved by imposed religious dogma This is not to say that religion has served its purpose but it is far from it With the rise of technological advancements come other social and anthropological problems not to mention the challenge we face on a global scale with climate change et cetera Just as we dare to peek over the edge of a future without religion the authors bring us back to the fundamental teachings of faith traditions Christianity in particular They remind us that the solutions to these challenges are to be found in us becoming better humans Becoming better humans brings us back into the arena of faith traditions When technology may lead to social disconnection and narcissism religion calls for love of self and neighbour Where greed inspired advancements threaten the future of our planet religion teaches us to be in relationship with our environment and to be custodians of it      *Revisiting Max Weber's Ethic of Responsibility* Etienne de Villiers, 2018-02-20

To what extent could Max Weber's ethic of responsibility serve as a model for us today An adequate answer to this question could only be given on the basis of a satisfactory interpretation and thorough assessment of his ethic of responsibility In this monograph Etienne de Villiers sets himself the task of doing just that He establishes that in spite of serious shortcomings Weber's ethic points to the contemporary need for an ethic of responsibility as a second level normative ethical approach that

would address the undermining effect of modernisation on ethical living Such a contemporary ethic of responsibility would provide guidelines on how ethical living could be responsibly enhanced in our time The author also presents a brief proposal on how a contemporary ethic of responsibility might be designed      *Christian Responsibility for the Social Order* Samuel Edward Keeble,1922      Corporate Governance Ethics & Social Responsibility of Business - SBPD Publications Dr. Amit Kumar, ,Dr. Mukund Chandra Mehta,2021-09-29 1 Business Ethics An Overview 2 Business Ethics and its Theories 3 Nature of Ethics and its Relevance to Business 4 Corporate Governance An Introduction and Framework 5 Failure of Corporate Governance and Reforms 6 Clause 49 Corporate Governance Initiative in India 7 Corporate Governance Practices An Introduction 8 Board Committee Roles and Responsibilities 9 Whistle Blowing An Introduction 10 Whistle Blower Policy and Framework 11 Whistle Blower Protection Act 2014 12 Corporate Social Responsibility An Introduction 13 Corporate Social Responsibilities and Social Audit      **Christian Ethics** Russell A. Morris,2015-08-14 Within the Christian community at large there is often little correlation between scriptural guidelines for Christian living and the lifestyle practices and behavior of believers Christian social scientist George Barna has done extensive research in this area that reveals alarming data For example nearly nine of ten adults state that religious faith is very important in their lives However only one in five adults claims that the Bible is the dominant influence in their decisions regarding lifestyle practices Further research suggests that there is often little difference between the lifestyle practices of Christians and non Christians This nominal difference in lifestyle practices and behavior between Christians and non Christians as well as the minimal correlation between Scripture and practice among many Christians produced an interest in this area of practical theology Serving as a Christian pastor over the past two decades the reality of Barnas research has been observed personally The biblical parallel of the prevailing apathy within todays churches is seen in Judges 21 25 NASB In those days there was no king in Israel everyone did what was right in his own eyes That is in those days there was no accepted standard of truth Likewise only one in four American adults believes in the existence of absolute truth As a result the relationship between doctrine and practice belief and behavior is often minimal with many Christians doing only what is right in their own eyes rather than allowing Gods Word to influence their mode of living A distinct relationship between belief and behavior is seen in I Timothy 4 16 In this passage Paul clearly identifies a correlation between what one believes doctrine and the lifestyle behavior one lives when he writes Watch your life and doctrine closely Persevere in them because if you do you will save both yourself and your hearers From this verse it is clear that there are two areas in the life of the Christian that need to be scrutinized and pursued namely belief and behavior The fundamental thesis of this book is that a deeper understanding of Christian ethics will inform and facilitate the Christian life
