Responsible Dog Ownership:

Poppy and Puppy Are Friends Kimberly Burgan Cpdt-Ka, 2012-06 *Poppy and Puppy Are Friends* is a charming and informative picture book designed to encourage safe behavior around dogs for the entire family. The many responsibilities associated with having a dog are depicted throughout in an effort to create a general understanding of responsible dog ownership and animal husbandry at even the earliest age. Learning to listen to and communicate with a dog is paramount to successfully raising children and dogs within the same household. In our human world we often forget that dogs use a nonverbal style of communication called body language to express their feelings. This lighthearted and expressively illustrated book provides children with a general introduction to identifying and respecting these nonverbal cues. Children will delight in the fun brief text combined with the use of vivid color and grey tones allowing them to chime in and or anticipate what is to come for Poppy and her puppy. Parents are invited to partner with young readers and learn along the way. Proactive education promoting respect for animals with safety as a top priority creates happy pets, safe homes and healthy family relationships ultimately keeping more dogs in their homes and out of overpopulated shelters. Join Poppy in learning how to treat Puppy. The author pledges to donate a portion of all online sales proceeds to Best Friends Animal Society, the nation's largest animal sanctuary located in Kanab, Utah.

Responsible Dog Ownership Kathy Diamond Davis, 1994 *Responsible Dog Ownership* addresses selecting the right dog, responsible breeding practices, neutering, control, multiple dog ownership, grooming, care and health essentials, letting go, training and the role of the AKC's Canine Good Citizen Test Essential.

Dog Control and Welfare Great Britain: Parliament: House of Commons: Environment, Food and Rural Affairs Committee,2013-02-15 DEFRA s belated proposals to tackle irresponsible dog ownership are too limited Since 2007 dogs have killed seven people including five children in private homes The NHS also spends over 3 million annually treating dog attack injuries Some eight assistance dogs a month and thousands of livestock annually are attacked by dogs The Home Office approach to tackling antisocial behaviour is too simplistic and fails to reflect the impact that poor breeding and training by irresponsible owners can have on a dog s behaviour New rules should give enforcement officers more effective powers including Dog Control Notices to prevent dog related antisocial behaviour Local authorities need to devote more resources to the effective management of stray dogs MPs call for changes in the legislation to give powers to extend the banned list to include other dogs with particularly aggressive characteristics At the same time those tasked to enforce legislation should have the discretion to neuter rather than destroy a banned animal where a particular dog poses no threat The Advisory Council on Welfare Issues of Dog Breeding should be given a formal regulatory role to enforce standards Any breeder producing more than two litters per year should be licensed and subject to welfare checks The Kennel Club should stop registering puppies from breeders not compliant with its own Assured Breeder Scheme It should also commission an independent annual review of Breed Standards led by vets to eliminate health problems linked to breeding for exaggerated characteristics Lastly MPs call on websites
