Re-statements of Christian Doctrine, in Twenty-five Sermons. by Henry W. Bellows ... Henry W. (Henry Whitney) Bellows,2004-01-01    Christian Examiner and Theological Review ,1860    **The Christian Examiner** ,1860    **The Year-book of the Unitarian Congregational Churches, for ...** ,1867    **Making the American Self** Daniel Walker Howe,2009-09-22 Originally published in 1997 and now back in print Making the American Self by Daniel Walker Howe the Pulitzer Prize winning author of What Hath God Wrought charts the genesis and fascinating trajectory of a central idea in American history One of the most precious liberties Americans have always cherished is the ability to make something of themselves to choose not only an occupation but an identity Examining works by Benjamin Franklin Jonathan Edwards Abraham Lincoln Frederick Douglass Henry David Thoreau Ralph Waldo Emerson Margaret Fuller and others Howe investigates how Americans in the 18th and 19th centuries engaged in the process of self construction self improvement and the pursuit of happiness He explores as well how Americans understood individual identity in relation to the larger body politic and argues that the conscious construction of the autonomous self was in fact essential to American democracy that it both shaped and was in turn shaped by American democratic institutions The thinkers described in this book Howe writes believed that to the extent individuals exercised self control they were making free institutions liberal republican and democratic possible And as the scope of American democracy widened so too did the practice of self construction moving beyond the preserve of elite white males to potentially all Americans Howe concludes that the time has come to ground our democracy once again in habits of personal responsibility civility and self discipline esteemed by some of America s most important thinkers Erudite beautifully written and more pertinent than ever as we enter a new era of individual and governmental responsibility Making the American Self illuminates an impulse at the very heart of the American experience
