Restless Evil A Mitchell And Markby Mystery:

A Restless Evil Ann Granger, 2002-12-04 Legendary Stovey Woods has always seemed threatening but for decades the danger has remained dormant Now it appears a long dead murder case is being reopened as another victim appears with remarkable similarities

A Restless Evil Ann Granger, The officer on duty at Bamford police station is skeptical when he takes a call from Guy Morgan Morgan claims to have stumbled upon human bones in Stovey Woods in the heart of the Cotswolds but surely animal bones are more likely Morgan though is a doctor as well as a hiker and he knows exactly what he's found It sends a shiver down Detective Alan Markby's spine when he hears the news Twenty two years ago as a fresh faced young inspector he had a rare failure His hunt for a brutal serial rapist preying on local women in the Stovey woods came up empty After the third rape the attacker disappeared never to be heard of again Now with a new investigation prompted by Morgan's grisly discovery the trail could be warm once more But almost at once Markby is confronted with another body and a thoroughly up to date murder Markby's lover Meredith Mitchell can't help but wonder Could the two be connected But as both are about to find out it seems that some of the village residents would be just as happy to let sleeping dogs lie and secrets both old and new stay hidden

Bowker's Guide to Characters in Fiction 2007 ,2008-02 *Mystery Women, Volume Three (Revised)* Colleen Barnett,2010-12-31 Like other fictional characters female sleuths may live in the past or the future They may represent current times with some level of reality or shape their settings to suit an agenda There are audiences for both realism and escapism in the mystery novel It is interesting however to compare the fictional world of the mystery sleuth with the world in which readers live Of course mystery readers do not share one simplistic world They live in urban suburban and rural areas as do the female heroines in the books they read They may choose a book because it has a familiar background or because it takes them to places they long to visit Readers may be rich or poor young or old conservative or liberal So are the heroines What incredible choices there are today in mystery series This three volume encyclopedia of women characters in the mystery novel is like a gigantic menu Like a menu the descriptions of the items that are provided are subjective Volume 3 of *Mystery Women* as currently updated adds an additional 42 sleuths to the 500 plus who were covered in the initial Volume 3 These are more recently discovered sleuths who were introduced during the period from January 1 1990 to December 31 1999 This more than doubles the number of sleuths introduced in the 1980s 298 of whom were covered in Volume 2 and easily exceeded the 347 series and some outstanding individuals described in Volume 1 which covered a 130 year period from 1860 1979 It also includes updates on those individuals covered in the first edition changes in status short reviews of books published since the first edition through December 31 2008
