Restructuring Military Education and Training John D. Winkler, Paul Steinberg, Rand Corporation, 1997 This report aims to identify promising directions for restructuring programs of military education and training to make them more effective affordable and efficient

Restructuring Military Education and Training; Lessons from Rand Research, 1997 This report aims to identify promising directions for restructuring programs of military education and training to make them more effective affordable and efficient The document is motivated in part by the Department of Defense s Quadrennial Defense Review which is examining ways to modernize and improve all DoD programs in light of the sweeping changes that have occurred in the past several years The report summarizes results and insights from a number of RAND studies that assessed alternative concepts for restructuring military training programs within and across the military services Most of the research discussed within comes from work conducted in RAND s Arroyo Center the Army s federally funded research and development center FFRDC for studies and analysis However where appropriate the report draws upon research conducted in RAND s two other military FFRDCs the National Defense Research Institute NDRI which serves the Office of the Secretary of Defense OSD the Joint Chiefs of Staff and the defense agencies and Project AIR FORCE which serves the Air Force

Military Education Cynthia A. Watson, 2007-02-28 Professional Military Education PME is broader and more rigorous than is widely understood in the United States Improving educational programs within the military service branches is at the very center of ongoing force transformation efforts and advanced educational opportunities occur at various set levels of military experience Military education increasingly conforms to standards imposed by outside civilian accrediting bodies and is mandated and monitored to an extent by Congress Military Education explores this often overlooked area of education within the context of the modern military force structure In this unique work Watson chronicles the evolution of professional military education during the last sixty years Careful to draw distinctions between training and education she briefly traces the history of PME and examines some of the major personalities involved in shaping it as well as the evolution of the curriculum stressed in PME programs Her narrative combined with key documents a glossary and a timeline of important events dispels popular notions of an uneducated military force
