Lapham's Raiders Robert Lapham, Bernard Norling, 2014-04-23 On December 8 1941 the day after the surprise attack on Pearl Harbor the Japanese invaded the Philippine Islands catching American forces unprepared and forcing their eventual surrender Among the American soldiers who managed to avoid capture was twenty five year old Lieutenant Robert Lapham who was to play a major role in the resistance to the brutal Japanese occupation Lapham's Raiders is the memoir of one man's guerrilla experiences A collaboration between Lapham and historian Bernard Norling the book also offers a detailed assessment of the most extensive land campaign in the Pacific war and a vivid portrayal of Allied guerrilla activity Through letters records and the recollections of Lapham and others the drama of the mean dirty brutal struggle to the death of guerrilla warfare in the Pacific theater is reconstructed and waged again within these pages After emerging from the jungles of Bataan and in the face of daunting odds Lapham built from scratch and commanded a devastating guerrilla force behind enemy lines His Luzon Guerrilla Armed Forces LGAF evolved into an army of thirteen thousand men that eventually controlled the entire northern half of Luzon's great Central Plain an area of several thousand square miles Lapham and Norling shed light on the clandestine activities of the LGAF and other guerrilla operations assess the damages of war to the Filipino people and discuss the United States postwar treatment of the newly independent Philippine nation They also offer a fuller understanding of Japan's wartime failures in the Philippines the Pacific and elsewhere in Asia and of America's postwar failure to fully realize opportunities there

Dryden's Second Hundred Years: a Central New York Town in the 20Th Century Elizabeth Denver Gutches, 2020-11-18 Dryden's Second Hundred Years Part II does two exceptional things First its tight focus on local participation in World War II paradoxically chronicles the entire war a conflict which drew its combatants from small rural townships like Dryden NY assigned and scattered them throughout the world and then delivered the survivors back home again creating in every small American community a microcosm of the entire conflict an eye witnessing of the whole story Second that story is told here largely in local participants own words in letters from camps troopships carriers cruisers foxholes and hospitals their voices a quiet backdrop to the horrific war they had been asked to fight The resulting narrative suggests that those who don't know history while not always doomed to

repeat it are very likely doomed to live their lives without perspective to mistake inconvenience for hardship and hardship for catastrophe and to be blind to the miracle of everyday normal life **Retaking the Philippines** William B.

Breuer,1986-01-01 Breuer examines and recreates the time and events of MacArthur's recapture of Manila Corregidor and Bataan **Retribution** Max Hastings,2009-03-10 By the summer of 1944 it was clear that Japan's defeat was inevitable but how the drive to victory would be achieved remained unclear The ensuing drama that ended in Japan's utter devastation was acted out across the vast theater of Asia in massive clashes between army air and naval forces In recounting these extraordinary events Max Hastings draws incisive portraits of MacArthur Mao Roosevelt Churchill Stalin and other key figures of the war in the East But he is equally adept in his portrayals of the ordinary soldiers and sailors caught in the bloodiest of campaigns With its piercing and convincing analysis Retribution is a brilliant telling of an epic conflict from a master military historian at the height of his powers **V-J Day** United States. Navy & Marine Corps WWII Commemorative Committee,Bob Germinsky,1995 Germany and the Second World War Horst Boog,Gerhard Krebs,Detlef Vogel,2006-05-04 By the spring of 1943 after the defeat at Stalingrad the writing was on the wall But while commanders close to the troops on Germany's various fronts were beginning to read it those at the top were resolutely looking the other way This seventh volume in the magisterial 10 volume series from the Militärgeschichtliches Forschungsamt Research Institute for Military History shows both Germany and her Japanese ally on the defensive from 1943 into early 1945 It looks in depth at the strategic air war over the Reich and the mounting toll taken in the Battles of the Ruhr Hamburg and Berlin and at the Battle of the Radar Sets so central to them all The collapse of the Luftwaffe in its retaliatory role led to hopes being pinned on the revolutionary V weapons whose dramatic but ultimately fruitless achievements are chronicled The Luftwaffe's weakness in defence is seen during the Normandy invasion Operation Overlord an account of the planning preparation and execution of which form the central part of this volume together with the landings in the south of France the setback suffered at Arnhem and the German counter offensive in the Ardennes The final part follows the fortunes of Germany's ally fighting in the Pacific Burma Thailand and China with American forces capturing islands ever closer to Japan's homeland and culminates in her capitulation and the creation of a new postwar order in the Far East The struggle between internal factions in the Japanese high command and imperial court is studied in detail and highlights an interesting contrast with the intolerance of all dissent that typified the Nazi power structure Based on meticulous research by MGFA's team of historians at Potsdam this analysis of events is illustrated by a wealth of tables and maps covering aspects ranging from Germany's radar defence system and the targets of RAF Bomber Command and the US 8th Air Force through the break out from the Normandy beachhead to the battles for Iwo Jima and Okinawa *World War II Map by Map* DK,2019-09-03 Trace the epic history of World War II across the globe with more than 100 detailed maps In this stunning visual history book custom maps tell the story of the Second World War from the rise of the Axis powers to the dropping of the atom bomb on Hiroshima and Nagasaki Each map is rich

Thomas Nelson, 2022-02-22 Acclaimed historian and New York Times bestselling author Craig Shirley delivers a compelling account of 1945 particularly the watershed events in the month of April that details how America emerged from World War II as a leading superpower In the long awaited follow up to the widely praised December 1941 Craig Shirley's April 1945 paints a vivid portrait of America her people faith economy government and culture The year of 1945 brought a series of watershed events that transformed the country into an arsenal of democracy one that no longer armed the world by necessity but henceforth protected the world by need At the start of 1945 America and the rest of the world were grieving millions of lives lost in the global conflict As President Roosevelt was sworn into his fourth term optimism over an end to the bloody war had grown then in April several events collided that changed the face of the world forever the sudden death of President Roosevelt followed by Harry S Truman's rise to office Adolph Hitler's suicide and the horrific discoveries of Dachau and Auschwitz Americans doubled down on their completion of the atomic bomb and their plans to drop them on Hiroshima and Nagasaki the destruction ultimately leading the Japanese Empire to surrender on V J day and ending World War II for good Combining engaging anecdotes with deft research and details that are both diminutive and grand April 1945 gives readers a front row seat to the American stage at the birth of a brand new world **Historical Dictionary of the Philippines**
