## **Rethinking Feminist Identification The Case For De Facto Feminism:**

**Rethinking Feminist Identification** Patricia Misciagno, 1997-11-20 Is it possible to be a de facto feminist This question is explored and debated in this book about the phenomenon of people who support feminist positions but do not call themselves feminists The author examines the implications of de facto feminism on both the level of feminist theory as well as that of practical politics in the U S In a theoretical manner the author considers how the problem of abstraction in many of the behavioral approaches to feminist identity have the unintended consequence of reinforcing elite depictions of social change At the level of practical politics in the U S this has left feminism open to the many polemical attacks that have risen in recent years The author asks whether the attempt to bring about beneficial policy can be rendered ineffective if women do not identify with the feminist organizations working on their behalf

**Rethinking Sartre** John C. Carney, 2007 This work reexamines Sartre's phenomenology from the perspective of contemporary debates in political theory with particular attention to the reemergence of theories of human nature For Sartre any construct that stood between the self and its direct encounter with the world was suspect Sartre's version of direct realism is a strong refutation of the new essentialism that has emerged in recent years as a back door invocation of theories of human nature This book provides an account of the major ideas that inform the new essentialism and that serve to further identify it as other than what it claims to be a scientific grounding of human behavior Instead from the perspective of Sartre's realism it is exposed as an abstract ideology One aspect of this new essentialism has been its encouragement of ideological claims about human essences historically and culturally derived attributes of individuals that it is alleged define individual human existence itself Thus human freedom is diminished even while essentialist categories such as male aggression become an overlooked underpinning for political ideology Sartre's later philosophical account of why essentialist theories of human nature are particularly damaging in relation to political theory is explained with an eye towards the current global danger wherein ideologies of human nature are increasingly masked as religion Sartre's philosophy insists that the full exposition of human freedom and agency must be established first for only then can the life of history and culture enhance and not detract from the actualization of humanist goals It explicates this concept first through a study of Sartre's early article on Intentionality and then the larger work Transcendence of the Ego A detailed account is given of Sartre's direct realism in which the intentional structure of consciousness emerges as evidence against essentialist claims of human nature Book jacket

**Between Feminism and Orthodox Judaism** Yael Israel-Cohen, 2012-07-25 In Between Feminism and Orthodox Judaism Yael Israel Cohen offers an analysis of the activism and identity of women considered at the forefront of the feminist challenge to Orthodoxy Through a look at women's battle over synagogue ritual and the ordination of women rabbis an intricate and complex picture of identity resistance and religious change is revealed Some of the central questions that Yael Israel Cohen explores are How do modern Orthodox women strategize to implement feminist changes How do they deal with what at least on the surface seem to be

conflicting allegiances How do they perceive their role as agents of change and what are the ramifications of their activism for how we understand the boundaries of Orthodoxy more generally Between Feminism and Orthodox Judaism represents an interpretive study at its finest It is well written theoretically sophisticated and grounded within the literature I highly recommend this book for scholars and nonscholars alike who are interested in studies of women s resistance in conservative settings Faezeh Bahreini University of South Florida Tampa
