**Edited by Michèle Lamont  
and Laurent Thévenot**

# Rethinking Comparative Cultural Sociology

**John Law, Annemarie Mol**

## **Rethinking Comparative Cultural Sociology:**

*Rethinking Comparative Cultural Sociology* Michèle Lamont, Laurent Thévenot, 2000-12-11 This book provides a powerful new theoretical framework for understanding cross national cultural differences Researchers from France and America present eight comparative case studies to demonstrate how the people of these two different cultures mobilize national repertoires of evaluation to make judgments about politics economics morals and aesthetics This approach goes beyond essentialist models of national character to compare varying attitudes on topics ranging from racism and sexual harrassment to identity politics publishing journalism the arts and the environment The book will appeal to sociologists political scientists and anthropologists alike

**The SAGE Handbook of Cultural Sociology** David Inglis, Anna-Mari Almila, 2016-05-09 Cultural sociology or the sociology of culture has grown from a minority interest in the 1970s to become one of the largest and most vibrant areas within sociology globally In The SAGE Handbook of Cultural Sociology a global range of experts explore the theory methodology and innovations that make up this ever expanding field The Handbook s 40 original chapters have been organised into five thematic sections Theoretical Paradigms Major Methodological Perspectives Domains of Inquiry Cultural Sociology in Contexts Cultural Sociology and Other Analytical Approaches Both comprehensive and current The SAGE Handbook of Cultural Sociology will be an essential reference tool for both advanced students and scholars across sociology cultural studies and media studies

*Enter Culture, Exit Arts?* Semi Purhonen, Riie Heikkilä, Irmak Karademir Hazir, Tina Lauronen, Carlos J. Fernández Rodríguez, Jukka Gronow, 2018-09-26 Key debates of contemporary cultural sociology the rise of the cultural omnivore the fate of classical highbrow culture the popularization commercialization and globalization of culture deal with temporal changes Yet systematic research about these processes is scarce due to the lack of suitable longitudinal data This book explores these questions through the lens of a crucial institution of cultural mediation the culture sections in quality European newspapers from 1960 to 2010 Starting from the framework of cultural stratification and employing systematic content analysis both quantitative and qualitative of more than 13 000 newspaper articles *Enter Culture Exit Arts* presents a synthetic yet empirically rich and detailed account of cultural transformation in Europe over the last five decades It shows how classifications and hierarchies of culture have changed in course of the process towards increased cultural heterogeneity Furthermore it conceptualizes the key trends of rising popular culture and declining highbrow arts as two simultaneous processes the one of legitimization of popular culture and the other of popularization of traditional legitimate culture both important for the loosening of the boundary between highbrow and popular Through careful comparative analysis and illustrative snapshots into the specific socio historical contexts in which the newspapers and their representations of culture are embedded in Finland France Spain Sweden Turkey and the UK the book reveals the key patterns and diversity of European variations in the transformation of cultural hierarchies since the 1960s The book is a collective endeavour of a large scale international research project active between 2013 and 2018

**Cultural Analysis**

**and Bourdieu's Legacy** Elizabeth Silva, Alan Warde, 2010-03-03 Cultural Analysis and Bourdieu's Legacy explores the achievements and limitations of a Bourdieusian approach to cultural analysis through original contributions from distinguished international scholars. This edited collection offers sustained critical engagement substantiated by new empirical work. It presents concrete evidence of different approaches to the interpretation of culture in Britain, France, and the USA. Discussions are situated in relation to current debates about cultural analysis, in particular the vibrant and extensive disputes concerning the applicability of Bourdieu's concepts and methods. Subsequently, implications for the future of research work in cultural analysis, including into theory and methods, are drawn. The contributing authors offer key interpretations of the work of Bourdieu, arguments for alternative approaches to cultural analysis, and critical applications of his concepts in empirical analysis. This book is essential reading for graduate students of sociology, cultural studies, social anthropology, or cultural geography, providing great insight into the work of one of the most eminent contemporary scholars in the field of cultural analysis.

Shaping Immigration News Rodney Benson, 2013-08-19 This book offers a comprehensive portrait of French and American journalists in action as they grapple with how to report and comment on one of the most important issues of our era. Drawing on interviews with leading journalists and analyses of an extensive sample of newspaper and television coverage since the early 1970s, Rodney Benson shows how the immigration debate has become increasingly focused on the dramatic, emotion-laden frames of humanitarianism and public order. In both countries, less commercialized media tend to offer the most in-depth, multi-perspective and critical news. Benson challenges classic liberalism's assumptions about state intervention's chilling effects on the press, suggests costs as well as benefits to the current vogue in personalized narrative news, and calls attention to journalistic practices that can help empower civil society. This book offers new theories and methods for sociologists and media scholars and fresh insights for journalists, policy makers, and concerned citizens.

A Critical Cultural Sociological Exploration of Attitudes toward Migration in Czechia Bernadette Nadya Jaworsky, Radka Klvanová, Alica Synek Rétiová, Ivana Rapoš Božic, Jan Kotýnek Krotký, 2023-07-10 A Critical Cultural Sociological Exploration of Attitudes toward Migration in Czechia. What Lies Beneath the Fear of the Thirteenth Migrant qualitatively deciphers what lies beneath the fears about the imaginary thirteenth migrant and explores how individuals make sense of migration in nontraditional destination countries, utilizing critical cultural sociological methods to explore the deep meaning-making processes that inform migration attitudes.

*Popular Music, Cultural Politics and Music Education in China* Wai-Chung Ho, 2016-12-08 While attention has been paid to various aspects of music education in China to date, no single publication has systematically addressed the complex interplay of sociopolitical transformations underlying the development of popular music and music education in the multilevel culture of China. Before the implementation of the new curriculum reforms in China at the beginning of the twenty-first century, there was neither Chinese nor Western popular music in textbook materials. Popular culture had long been prohibited in school music education by China's strong revolutionary orientation.

which feared spiritual pollution by Western cultures However since the early twenty first century education reform has attempted to help students deal with experiences in their daily lives and has officially included learning the canon of popular music in the music curriculum In relation to this topic this book analyses how social transformation and cultural politics have affected community relations and the transmission of popular music through school music education Ho presents music and music education as sociopolitical constructions of nationalism and globalization Moreover how popular music is received in national and global contexts and how it affects the construction of social and musical meanings in school music education as well as the reformation of music education in mainland China is discussed Based on the perspectives of school music teachers and students the findings of the empirical studies in this book address the power and potential use of popular music in school music education as a producer and reproducer of cultural politics in the music curriculum in the mainland

**Constructing Quality** Jens Beckert,Christine Musselin,2013-06-13 This book explores how value and quality are established in markets and society by means of a series of empirical studies across a diverse set of topics It contributes to the sociology of markets as well as connecting to the larger issue of the constitution of social order through classification

**Complexities** John Law,Annemarie Mol,2002-06-10 Asks what is meant by complexity and how it might be handled within knowledge practices without generating a chaos of further complexities

**Sex, Love and Feminism in the Asia Pacific** Chilla Bulbeck,2008-10-27 Sex love and feminism are three aspects of the rapidly changing gender relations that shape young people s lives in the Asia Pacific region Much has been written about rapidly changing countries in Asia most recently China and India With the global spread of capitalist production and neo liberal ideologies the claim that the rest of the world s women are treading the path to enlightenment and development forged by women in the West has been revived This book explores that contention through a comparative analysis of the attitudes of young middle class urbanites in ten countries the USA Australia Canada Japan Thailand South Korea India Indonesia China and Vietnam Drawing on detailed empirical research the study describes and compares attitudes towards the women s movement sexual relations and family arrangements in the countries considered It explores young peoples image of feminists and what they feel the women s movement has achieved for women and men in their country The book discusses young people s attitudes to controversial gender issues such as role reversal sharing housework abortion rights same sex sexual relations nudity and pornography Through a comparative analysis of the gender vocabularies by which young people understand gender issues the book highlights the role of differences in history culture economics and political leadership These influence attitudes to gender relations the status of women and the political programs of the women s movement in different countries Whilst there are striking parallels between countries and even across the whole sample those similarities do not fall neatly into a simple dichotomy of the west versus the rest

**The Dignity of Working Men** Michèle Lamont,2009-06-30 Mich le Lamont takes us into the world inhabited by working class men the world as they understand it Interviewing black and white working class

men who because they are not college graduates have limited access to high paying jobs and other social benefits she constructs a revealing portrait of how they see themselves and the rest of society Morality is at the center of these workers worlds They find their identity and self worth in their ability to discipline themselves and conduct responsible but caring lives These moral standards function as an alternative to economic definitions of success offering them a way to maintain dignity in an out of reach American dreamland But these standards also enable them to draw class boundaries toward the poor and to a lesser extent the upper half Workers also draw rigid racial boundaries with white workers placing emphasis on the disciplined self and blacks on the caring self Whites thereby often construe blacks as morally inferior because they are lazy while blacks depict whites as domineering uncaring and overly disciplined This book also opens up a wider perspective by examining American workers in comparison with French workers who take the poor as part of us and are far less critical of blacks than they are of upper middle class people and immigrants By singling out different moral offenders in the two societies workers reveal contrasting definitions of cultural membership that help us understand and challenge the forms of inequality found in both societies

Performing Legitimacy Håkon Larsen, 2016-08-25 This book is an investigation of the cultural work involved in the social process of achieving and maintaining legitimacy as a not for profit arts or media organization in the twenty first century Within this work Larsen advances an approach to studying organizational legitimacy emanating from within cultural sociology More specifically he analyzes the legitimation work done in public service broadcasters in the Scandinavian countries of Norway Sweden and Denmark the Norwegian National Opera and Ballet the Oslo Philharmonic Orchestra and the Metropolitan Opera in New York City

*Marketing Death* Cheris Shun-ching Chan, 2012-01-13 Marketing Death is the first book to offer an analysis of the emergence of a life insurance market outside of a Western context Drawing on rich ethnographic data it documents the processes and politics through which local cultures shape the way a market is formed and thereby sheds light on the dynamics through which modern capitalist enterprises diffuse insurance to regions with different cultural traditions

**Artists, Cosmopolitanism, and the Civic Imagination** Maria Rovisco, 2025-02-17 Artists Cosmopolitanism and the Civic Imagination unpacks the political agency of artists by looking at artists as moral reflexive and political agents Do artists play a role in civil society Can artists make a difference in the world In what ways do artists act politically To address these questions this book moves away from a focus on social organisation and the production of art to ask how artists attach meaning to their interventions in social and political conditions Maria Rovisco draws from in depth interviews with UK based visual artists and theatre practitioners with a migrant background and semiotic analysis of a theatre play visual artworks and film texts to argue that artists are quintessential cosmopolitans who care deeply about changing society for the better By explaining how artists get involved in cross cultural encounters this book reveals the processes of listening reflection imagination social learning and moral intentionality through which artists imagine and realise their visions of a better world In so doing it offers a new direction in

thinking about the intersection of art and politics by showing how artists play a crucial role in building a civic culture outside traditional sites of political participation This book will be essential reading for students and scholars across the social sciences and the humanities with interests in migration citizenship and the public sphere cultural sociology media and culture cosmopolitanism and art

**American Empire and the Politics of Meaning** Julian Go,2008-03-14 An assessment of Americans efforts to provide the elite of Puerto Rico and the Philippines an education in self government in the early years of U S colonial rule

**Global Forces and Local Life-Worlds** Ulrike Schuerkens,2004-03-06 How are global forces impacting on local lifestyles Where does the personal stand in relation to globalization Global Forces and Local Life Worlds explores these questions using a mixture of sociological and anthropological analysis and case study methods Demonstrating the tensions between retaining cultural integrity in the face of the levelling processes associated with modernity this book locates the problems of globalization and localization in the appropriate anthropological and sociological dimensions examines the relationship between culture and identity and explores the varieties of modernity

**Venice** Andrew Deener,2024-05-31 Nestled between Santa Monica and Marina del Rey Venice is a Los Angeles community filled with apparent contradictions There people of various races and classes live side by side a population of astounding diversity bound together by geographic proximity From street to street and from block to block million dollar homes stand near housing projects and homeless encampments and upscale boutiques are just a short walk from the in famous Venice Beach where artists and carnival performers practice their crafts opposite caf s and ragtag tourist shops In Venice A Contested Bohemia in Los Angeles Andrew Deener invites the reader on an ethnographic tour of this legendary California beach community and the people who live there In writing this book the ethnographer became an insider Deener lived as a resident of Venice for close to six years Here he brings a scholarly eye to bear on the effects of gentrification homelessness segregation and immigration on this community Through stories from five different parts of Venice Oakwood Rose Avenue the Boardwalk the Canals and Abbot Kinney Boulevard Deener identifies why Venice maintained its diversity for so long and the social and political factors that threaten it Drenched in the details of Venice s transformation the themes and explanations will resonate far beyond this one city Deener reveals that Venice is not a single locale but a collection of neighborhoods each with its own identity and conflicts and he provides a cultural map infinitely more useful than one that merely shows streets and intersections Deener s Venice appears on these pages fully fleshed out and populated with a stunning array of people Though the character of any neighborhood is transient Deener s work is indelible and this book will be studied for years to come by scholars across the social sciences

*Contemporary Journalism in the US and Germany* Matthias Revers,2017-02-09 This book challenges the idea that Western media systems are becoming more American in the digital age arguing that journalistic cultures are not only significantly different from each other still but also variably open and resistant to change Drawing upon extensive field research of political reporters and examination of discourses of

journalistic professionalism as well institutional analysis this book finds that occupational norms and values of journalism in the US are vigorously upheld but in fact relatively porous and malleable In Germany by contrast professional boundaries are rather strong and resilient but treated matter of factly Revers argues that this is both a consequence of institutional arrangements of media systems and historically evolved cultural principles of journalism in both countries which mutually constitute each other

**Social Studies of Science and Technology: Looking Back, Ahead** B. Joerges,H.

Nowotny,2012-12-06 BERNW ARD JOERGES AND HELGA NOWOTNY YET ANOTHER TURN The thing that doesn't fit is the thing that's most interesting Richard Feynman This volume was originally conceived as a contribution to yet another turn not captured by one of the many adjectives that have served to describe the collective meandering of the scholarly community in search of direction It was meant to mark the millennial turn a seemingly purely chronological event but one in search for great meanings and invested with loaded significances The editors wanted to seize the opportunity of the moment in order to pause and reflect on the sociology and history of social studies of science and technology The moment came and went and the new millennium barely nine months later thrust its historical marker upon the world through a horrendous and cruel shock in an unforeseen and unforeseeable way Since then the world appears more vulnerable and volatile fragmented and fraught with uncertainty The universal values as bequeathed by the Enlightenment are either refused or appear refuted The dream of a universal civilization which has accompanied the unfolding of the existing multiple modernities in their historically unique trajectories has been discarded and its promises in tatters

Anti-Americanisms in World Politics Peter J. Katzenstein,Robert O. Keohane,2011-06-15 Anti Americanism has been the subject of much commentary but little serious research In response Peter J Katzenstein and Robert O Keohane have assembled a distinguished group of experts including historians polling data analysts political scientists anthropologists and sociologists to explore anti Americanism in depth using both qualitative and quantitative methods The result is a book that probes deeply a central aspect of world politics that is frequently noted yet rarely understood Katzenstein and Keohane identify several quite different anti Americanisms liberal social sovereign nationalist and radical Some forms of anti Americanism respond merely to what the United States does and could change when US policies change Other forms are reactions to what the United States is and involve greater bias and distrust The complexity of anti Americanism they argue reflects the cultural and political complexities of American society The analysis in this book leads to a surprising discovery there are as many ways to be anti American as there are ways to be American

## **Rethinking Comparative Cultural Sociology Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Rethinking Comparative Cultural Sociology has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Rethinking Comparative Cultural Sociology has opened up a world of possibilities. Downloading Rethinking Comparative Cultural Sociology provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Rethinking Comparative Cultural Sociology has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Rethinking Comparative Cultural Sociology. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Rethinking Comparative Cultural Sociology. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Rethinking Comparative Cultural Sociology, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Rethinking Comparative Cultural Sociology has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so,

individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Rethinking Comparative Cultural Sociology Books**

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Rethinking Comparative Cultural Sociology is one of the best book in our library for free trial. We provide copy of Rethinking Comparative Cultural Sociology in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Rethinking Comparative Cultural Sociology. Where to download Rethinking Comparative Cultural Sociology online for free? Are you looking for Rethinking Comparative Cultural Sociology PDF? This is definitely going to save you time and cash in something you should think about.
