

Rethinking German History

Nineteenth-Century Germany
and the Origins of the Third
Reich

Richard J. Evans

Rethinking German History

Andrew C. Gould

Rethinking German History:

Rethinking German History (Routledge Revivals) Richard J. Evans, 2015-08-11 In *Rethinking German History* first published in 1987 Richard J. Evans argues for a social historical approach to the German past that pays equal attention to objective social structures and subjective values and experiences. If German history has been seen as an exception to the normal development of Western society, this is not least because historians have until recently largely failed to look beyond the world of high politics, institutions, organizations and ideologies to broader historical problems of German society and German mentalities. By applying and adapting approaches learned from French and British social history as they have been developed over the last quarter of a century, it is possible to achieve a rethinking of German history which does away with many of the textbook myths that have encrusted the historiography of Germany for so long. This book will be valuable for students of German history and politics and brings together essays widely used in teaching. Its broad coverage of social history will also be useful to all those interested in contemporary historiography or the comparative study of European history.

Rethinking German History Richard J. Evans, 1987-01-01 *Rereading German History (Routledge Revivals)* Richard J. Evans, 2015-06-05 In *Rereading German History* first published in 1997 Richard J. Evans draws together his seminal review essays on the political, economic, cultural and social history of Germany through war and reunification. This book provides a study of how and why historians mainly German, American, British and French have provided a series of differing and often conflicting readings of the German past. It also presents a reconsideration of German history in the light of the recent decline of the German Democratic Republic, collapse of the Berlin Wall and the reunification of Germany. *Rereading German History* re-examines major controversies in modern German history such as the debate over Germany's special path to modernity in the nineteenth and twentieth centuries and the discussions in the 1980s on the uniqueness or otherwise of Auschwitz. Evans also analyses the arguments over the nature of German national identity. The book offers trenchant and important analytical insights into the history of Germany in the last two centuries and is ideal reading material for students of modern history and German studies.

Rethinking German Idealism S.J. McGrath, Joseph Carew, 2016-06-27 The death of German Idealism has been decried innumerable times since its revolutionary inception, whether it be by the 19th century critique of Western metaphysics, phenomenology, contemporary French philosophy or analytic philosophy. Yet in the face of two hundred years of sustained, extremely rigorous attempts to leave behind its legacy, German Idealism has resisted its philosophical death sentence. For this exact reason, it is timely to ask: What remains of German Idealism? In what ways do its fundamental concepts and texts still speak to us? Drawing together new and established voices from scholars in Kant, Fichte, Hegel and Schelling, this volume offers a fresh look on this time-honoured tradition. It uses myriad of recently developed conceptual tools to present new and challenging theories of its now canonical figures.

German History Hans Kohn, 2019-06-28 Originally published in 1954, this book presents the view of nine liberal German historians in

reconsideration of the dominant concepts of German political and cultural history in the immediate post war years They review critically not only the rise and rule of National Socialism but also the strength of authoritarianism and militarism the weakness of democracy and liberal attitudes in 19th Century Germany The essays were published in German periodicals and pamphlets between 1945 and 1952 and collected in this volume and translated into English they represent a survey of one of the most important intellectual movements of reconsideration and of political and moral readjustment after World War II

Rewriting German History Jan Rüger, Nikolaus Wachsmann, 2015-10-11 *Rewriting German History* offers striking new insights into key debates about the recent German past Bringing together cutting edge research and current discussions this volume examines developments in the writing of the German past since the Second World War and suggests new directions for scholarship in the twenty first century

The Oxford Handbook of Modern German History Helmut Walser Smith, 2011-09-29 This is the first comprehensive multi author survey of German history that features cutting edge syntheses of major topics by an international team of leading scholars Emphasizing demographic economic and political history this Handbook places German history in a denser transnational context than any other general history of Germany It underscores the centrality of war to the unfolding of German history and shows how it dramatically affected the development of German nationalism and the structure of German politics It also reaches out to scholars and students beyond the field of history with detailed and cutting edge chapters on religious history and on literary history as well as to contemporary observers with reflections on Germany and the European Union and on multi cultural Germany Covering the period from around 1760 to the present this Handbook represents a remarkable achievement of synthesis based on current scholarship It constitutes the starting point for anyone trying to understand the complexities of German history as well as the state of scholarly reflection on Germany's dramatic often destructive integration into the community of modern nations As it brings this story to the present it also places the current post unification Federal Republic of Germany into a multifaceted historical context It will be an indispensable resource for scholars students and anyone interested in modern Germany

Germany from the Outside Laurie Johnson, 2022 The nation state is a European invention of the 18th and 19th centuries In the case of the German nation in particular this invention was tied closely to the idea of a homogeneous German culture with a strong normative function As a consequence histories of German culture and literature often are told from the inside as the unfolding of a canon of works representing certain core values with which every person who considers him or herself German necessarily must identify But what happens if we describe German culture and its history from the outside And as something heterogeneous shaped by multiple and diverse sources many of which are not obviously connected to things traditionally considered German Emphasizing current issues of migration displacement systemic injustice and belonging the essays in this volume explore new opportunities for understanding and shaping community at a time when many are questioning the ability of cultural practices to effect structural change Located at the nexus of cultural political historiographical and philosophical

discourses this volume will inform discussions about next directions for German Studies and for the Humanities in a fraught era

Rereading German History Richard Evans, 2002-11-01 In this text the author draws together his review essays on the political economic cultural and social history of Germany through war and reunification This book provides a study of how historians mainly German American British and French have provided a series of differing and often conflicting readings of the German past in recent years It also presents a reconsideration of German history in the light of the recent decline and fall of the German Democratic Republic collapse of the Berlin Wall and the reunification of Germany

Modern Germany Reconsidered Gordon Martel, 2002-11-01 First Published in 2004 In this major textbook leading international scholars provide clear concise summaries of many of the most important controversies and developments in German history from 1870 1945 Twelve contributors distinguished for their detailed and original work summarize the nature of the controversies explain the various interpretations and offer their own conclusions and arguments Each essay is new and has been specially commissioned for this book Modern Germany Reconsidered represents essential reading for second and third year

undergraduates on a range of Modern Germany courses The book has been designed and written exclusively for students to function as a major course text or as a set of supplementary readings to support other texts Modern Germany Reconsidered follows the chronological development of the whole range of modern German history whilst highlighting themes of special interest the role of women economics German liberalism the Holocaust

The German Idea of Militarism Nicholas Stargardt, 1994-03-17 This 1994 book examines the development of the modern idea of militarism from its inception in the 1860s until the outbreak of World War I Often regarded as the archetypical militarist state imperial Germany in fact witnessed a major controversy over the issue which became a touchstone of political opposition Issues like the arms race and the military industrial complex displaced more traditional concerns about authoritarian rule and militarism gradually acquired its modern meaning The book is part of a wider discovery by historians of the way political identities and ideas intermeshed contributing to the rise of civil society and new types of politics in modern Europe The political history of the main protagonist of anti militarism German social democracy is examined as Nicholas Stargardt reveals the lasting influence of older radical traditions and reappraises the role played by its espousal of Marxism

Reformers, Critics, and the Paths of German Modernity Kevin Repp, 2000 Modernity was an inescapable fact of life for the first generation to come of age in the German Empire Even the most extreme political opponents saw the chaotic transformation of all spheres of life in the wake of industrial capitalism as the central problem facing young men and women at the fin de siècle This fresh look at Wilhelmine perceptions of modernity challenges both the traditional emphasis on anti modernism as a peculiarly German response that led to the rise of National Socialism and the more recent post Foucauldian studies on the pathologies of modernity which point instead to an unreflective faith in science and efficiency on the part of German progressives Shifting the focus away from radical extremes on either side Kevin Repp explores the more moderate agendas of hundreds of mainstream

intellectuals and activists from diverse social backgrounds who sought to surmount the human costs of industrialization without relinquishing its positive potential Repp combines detailed case studies of Adolf Damaschke Gertrud B umer and Werner Sombart with an innovative prosopography of their milieu to show how leading reformers enlisted familiar tropes of popular nationalism eugenics and cultural pessimism in formulating pragmatic solutions that would be at once modern and humane Easily obscured by radical voices on right and left this quiet search for alternatives nevertheless succeeded in building a nationwide network of educational centers associative ties and institutions that substantially altered the landscape of Wilhelmine political culture in the decades before the First World War *A History of Modern Germany* Martin

Kitchen,2011-01-25 Featuring revised and extended coverage the second edition of *A History of Modern Germany* offers an accessible and engagingly written account of German history from 1800 to the present Provides readers with a long view of modern German history revealing its continuities and changes Features updated and extended coverage of German social change and modernization class religion and gender Includes more in depth coverage of the German Democratic Republic Examines Germany s social political and economic history Covers the unification of Germany the German Empire the Weimar Republic the Third Reich post war division the collapse of Communism and developments since re unification Addresses regional history rather than focusing on the dominant role of Prussia **Origins of Liberal Dominance** Andrew C.

Gould,2010-06-02 How did liberal movements reshape the modern world *Origins of Liberal Dominance* offers a revealing account of how states churches and parties joined together in France Belgium Switzerland and Germany to produce fundamentally new forms of organization that have shaped contemporary politics Modern political life emerged when liberal movements sought to establish elections constitutions free markets and religious liberty Yet liberalism even at its height faced strong and often successful opposition from conservatives What explains why liberals overcame their opponents in some countries but not in others This book compares successful and unsuccessful attempts to build liberal political parties and establish liberal regimes in France Belgium Switzerland and Germany from 1815 to World War I Andrew Gould argues that relations between states and churches set powerful conditions on any attempt at liberalization Liberal movements that enhanced religious authority while reforming the state won clerical support and successfully built liberal institutions of government Furthermore liberal movements that organized peasant backing around religious issues founded or sustained mass movements to support liberal regimes *Origins of Liberal Dominance* offers striking new insights into the emergence of modern states and regimes It will be of interest to political scientists sociologists comparative historians and those interested in comparative politics regime change and state building democratization religion and politics and European politics Andrew C Gould is Assistant Professor of Government and Kellogg Institute Fellow University of Notre Dame *Gendering Modern*

German History Karen Hagemann,Jean H. Quataert,2008-08 To provide a critical overview in a comparative German American perspective is the main aim of this volume which brings together experts from both sides of the Atlantic Through

case studies it demonstrates the extraordinary power of the gender perspective to challenge existing interpretations and rewrite mainstream arguments

The Civilization of Crime Eric Arthur Johnson, Eric H. Monkkonen, 1996 Along with most of the rest of Western culture has crime itself become more civilized This book exposes as myths the beliefs that society has become more violent than it has been in the past and that violence is more likely to occur in cities than in rural areas The product of years of study by scholars from North America and Europe The Civilization of Crime shows that however violent some large cities may be now both rural and urban communities in Sweden Holland England and other countries were far more violent during the late Middle Ages than any cities are today Contributors show that the dramatic change is due in part to the fact that violence was often tolerated or even accepted as a form of dispute settlement in village dominated premodern society Interpersonal violence declined in the seventeenth and eighteenth centuries as dispute resolution was taken over by courts and other state institutions and the church became increasingly intolerant of it The book also challenges a number of other historical sociological theories among them that contemporary organized crime is new and addresses continuing debate about the meaning and usefulness of crime statistics

Rethinking the Weimar Republic Anthony McElligott, 2013-12-19 McElligott's impressive mastery of an enormous body of research guides him on a distinctive path through the dense thickets of Weimar historiography to a provocative new interpretation of the nature of authority in Germany's first democracy Sir Ian Kershaw Emeritus Professor of Modern History at the University of Sheffield UK This study challenges conventional approaches to the history of the Weimar Republic by stretching its chronological political parameters from 1916 to 1936 arguing that neither 1918 nor 1933 constituted distinctive breaks in early 20th century German history This book Covers all of the key debates such as inheritance of the past the nature of authority and culture Rethinks topics of traditional concern such as the economy Article 48 the Nazi vote and political violence Discusses hitherto neglected areas such as provincial life and politics the role of law and Republican cultural politics

The German Question Dirk Verheyen, 2018-05-04 The German Question long a subject of debate is considered here at the close of a turbulent century after Germany's defeat in two world wars the Weimar failure and Nazi disaster Cold War division and the nation's unexpected recent reunification This book systematically explores the issue in terms of its four central dimensions Germany's identity national unity power and role in world politics Ambitious in conception and meticulous in execution Dirk Verheyen's wide ranging analysis incorporates historical and geopolitical considerations in an intellectually rigorous yet accessible discussion

Health, 'Race' and Empire: Popular-Scientific Spectacles and National Identity in Imperial Germany, 1871-1914 Eike Reichenardt, 2008 Establishing the context within which organizers who staged spectacular popular science exhibitions for urban middle class audiences and the physicians as well as activists who provided commentaries functioned this dissertation is a study in social history that seeks to determine how

presentations of what it meant to be German evolved from the 1870s to the eve of the Great War in 1914 Research topics include Hagenbeck's Ethnographic People Shows The Berlin Hygiene Exhibition of 1883 The Berlin Trade Colonial Fair of 1896 Karl August Lingner mouthwash magnate philanthropist and innovator of the textbook style exhibit Taking the first major international health exhibition from idea to reality The International Hygiene Exhibition in Dresden in 1911 Reprint of Dissertation with Minor Corrections and New Pagination

Central Europe Lonnie Johnson, 1996-10-31 Throughout the Cold War era the Iron Curtain divided Central Europe into a Communist East and a democratic West and we grew accustomed to looking at this part of the world in bipolar ideological terms Yet many people living on both sides of the Iron Curtain considered themselves Central Europeans and the idea of Central Europe was one of the driving forces behind the revolutionary year of 1989 as well as the deterioration of Yugoslavia and its ensuing wars Central Europe provides a broad overview and comparative analysis of key events in a historical region that encompasses contemporary Germany Poland the Czech Republic Slovakia Austria Hungary Slovenia and Croatia Starting with the initial conversion of the pagan peoples of the region to Christianity around 1000 A D and concluding with the revolutions of 1989 and the problems of post Communist states today it illuminates the distinctive nature and peculiarities of the historical development of this region as a cohesive whole Lonnie R Johnson introduces readers to Central Europe's heritage of diversity the interplay of its cultures and the origins of its malicious ethnic and national conflicts History in Central Europe he shows has been epic and tragic Throughout the ages small nations struggled valiantly against a series of imperial powers Ottoman Turkey Habsburg Austria imperial Germany czarist Russia Nazi Germany and the Soviet Union and they lost regularly Johnson's account is present minded in the best sense in describing actual historical events he illustrates the ways they have been remembered and how they contribute to the national assumptions that still drive European politics today Indeed the constant interplay of reality and myth the processes of myth making and remembrance animates much of this history Since the fall of the Iron Curtain in 1989 the unanticipated problems of transforming post Communist states into democracies with market economies the wars in the former Yugoslavia and the challenges of European integration have all made Central Europe the most dynamic and troubled region in Europe In Central Europe Johnson combines a vivid and panoramic narrative of events a nuanced analysis of social economic and political developments and a thoughtful portrait of those myths and memories that have lives of their own and consequences for all of Europe

Rethinking German History Introduction

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Rethinking German History free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Rethinking German History free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Rethinking German History free PDF files is convenient, its

important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Rethinking German History. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Rethinking German History any PDF files. With these platforms, the world of PDF downloads is just a click away.

FAQs About Rethinking German History Books

1. Where can I buy Rethinking German History books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Rethinking German History book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Rethinking German History books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Rethinking German History audiobooks, and where can I find them? Audiobooks: Audio recordings of books,

perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Rethinking German History books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
