Rethinking Homicide Exploring The Structure And Process Underlying Deadly Situations:

Rethinking Homicide Terance D. Miethe, Wendy C. Regoeczi, 2004-01-26 A micro historical analysis of the nature of change and stability in homicide situations over time *Rethinking Homicide* Terance D. Miethe, Wendy C. Regoeczi, Kriss A. Drass, 2004-01-19 Using multiple data sources and methods this book involves a micro historical analysis of the nature of change and stability in homicide situations over time It focuses on the homicide situation as the unit of analysis and explores similarities and differences in the context of homicide for different social groups For example using Qualitative Comparative Analysis we investigate whether various social groups e g men vs women teenagers vs adults strangers vs intimates Blacks vs Whites kill under qualitatively different circumstances and if so what are the characteristics of these unique profiles The analysis of over 400 000 US homicides is supplemented with qualitative analysis of narrative accounts of homicide events to more fully investigate the structure and process underlying these lethal situations Our findings of unique and common homicide situations across different time periods and social groups are then discussed in terms of their implications for criminological theory and public policy **Violence** Alex Alvarez, Ronet D. Bachman, 2020-01-14 Violence The Enduring Problem offers an interdisciplinary and reader friendly exploration of the patterns and correlations of individual and collective violent acts using the most contemporary research theories and cases Responding to the fear of pervasive violence in the world authors Alex Alvarez and Ronet Bachman address the various legislative social and political efforts to curb violent behavior The authors expertly incorporate a wide range of current cases to help readers interpret the nature and dynamics of a variety of different yet connected forms of violence The Fourth Edition represents a significant step forward in presenting a more complete and contemporary analysis of violence Included in this edition is a new chapter on hate crime a new chapter devoted to multicide and updated discussions on current topical issues including the MeToo movement and epigenetics Homicide, Gender and Responsibility Kate Fitz-Gibbon, Sandra Walklate, 2016-03-22 The crime of homicide has long animated academic debate community concern and political attention The discussion has often centered on the perceived inadequacy of legal responses to homicide questions of culpability and divergent representations of victims and offenders Within this notions of gender responsibility and justice are pivotal This edited collection builds on existing scholarship by examining these concerns not only in the context of the private world of domestic murder but also in the more public world of the state the corporation war and genocide In so doing this book draws from key frameworks of criminological thought legal analysis and empirical evidence to critically examine the relationship between homicide gender and responsibility Bringing together leading international criminology and legal scholars this collection provides a unique contribution to the academic and policy engagement with what is more often than not an ordinary and mundane crime Analysing the crime in a variety of different social contexts alongside an in depth and critical analysis of the interconnections between the ordinary act of lethal violence gender and notions of responsibility this book will be of interest to students

Contesting Femicide Adrian Howe, Daniela Alaattinoğlu, 2018-09-03

Focusing on femicide this book provides a contemporary re evaluation of Carol Smart s innovative approach to the law question as first outlined in her ground breaking book *Feminism and the Power of Law* Routledge 1989 Smart advocated turning to the legal domain not so much for demanding law reforms as construing it as a site on which to contest gender and more particularly gendered constructions of women s experiences Over the last 30 to 40 years feminist law scholars and activists have launched scathing trans jurisdictional critiques of the operation of provocation defences in hundreds of femicide cases The evidence unearthed by feminist scholars that these defences operate in profoundly sexed ways is unequivocal Accordingly femicide cases have become critically important sites for feminist engagement and intervention across numerous jurisdictions Exploring an area of criminal law that was not one of Smart s own focal concerns this book both honours and extends Smart s work by approaching femicide as a site of engagement and counter discourse that calls into question hegemonic representations of gendered relationships Femicide cases thus provide a way to continue the endlessly valuable discursive work Smart advocated and practised in other fields of law both in articulating alternative accounts of gendered relationships and in challenging law s power to disqualify women s experiences of violence while privileging men s feelings and rights
