Retired Gods:

The Life and Chaos of a Retired Old God Jemma Weir, 2023-04-01 Being retired was supposed to be easy No drama no family no problems Considering Ernie is a god he should have known better In this collection of short stories Ernie struggles to live a quiet life as Death loses his scythe a genie wants a holiday and Ernie's family keeps dropping in Then there's Ragnarok Because who doesn't need an end of the world event to keep things calm and quiet But it doesn't stop there This collection contains a brand new bonus short story where Ernie is asked to mediate a feud between Dragons With tensions running high maybe the poker game hadn't been the best idea Also included in this collection are a series of flash fiction originally published on my blog Follow Ernie as he deals with Cupid shooting the wrong person Wererabbits for April Fools Santa stuck in the chimney and what happens to snowmen when the weather changes *The Life and Chaos of a Retired Old God* is a collection of humorous short stories where Ernie learns that quiet is the last thing he's going to get *Retired Gods* Roselle Rose, 2004-11 What if your wife daughter and boat had vanished when you surfaced from a scuba dive What would you do Pete Morrow a San Diego man finds himself in that position while vacationing in Mexico Without a trace boats have been disappearing for six months most with beautiful women onboard The police and community are baffled until Chase Brannon a burned out ex American government operative running a charter service discovers the mutilated body of a young boy and girl washed up on the beach The young girl has been beaten and raped the boy's ears severed and parts of his torso missing A week after Brannon's brutal discovery another charter captain and his boat is hijacked and missing Brannon is determined to find his friend and bring the hijackers to justice his justice In his attempt to track down the killers his past and dark side surface a part of him he was trying to bury His problems exacerbate when a Phoenix newspaper sends its vivacious bilingual reporter Calandria Perez down to Mexico to cover the story A reticent Chase Brannon meets head on with the explosive reporter They forge a bizarre relationship as they search for the killers and justice **The Sum of Our Gods** Benjamin Gorman, 2013-10 Joe has been cursed He must meet with Yahweh the Creator once a week for coffee and listen to God complain Yahweh is a crotchety old deity with a pantheon of family problems His wife Frigga has basically stopped talking to Him except to nag Him about retiring His son Jesus suffers from crippling depression Oh and Jesus' estranged wife is planning a terrorist attack to start a holy war God is fed up with all the drama He's perfectly tired and infinitely irritable Though God doesn't seem to care about human problems Joe's little mortal life isn't perfect either In fact it's a comedy as black as God's coffee **The Works of Aurelius Augustine, Bishop of Hippo: The city of God** Saint Augustine (of Hippo), 1871 *THE CALL TO (R)EVOLUTION* Robert Rensing, 2022-11-30 Revolution causes chaos many deaths and immense suffering It is not an acceptable way to try and force change in a faltering society Evolution offers opportunities for peaceful change but it is a terribly slow process Which do we choose when change is needed That slow process of evolution can be accelerated The tool is awareness not of what is happening in society but why things are happening This book deals

with practical but peaceful aspects of accelerating evolution changes that each person can adopt regardless of personal values convictions social status education and religious beliefs It is the result of the author living in virtual seclusion for several years which allows him time to reflect on how change can be achieved in a respectful manner The book contains observations about why and what is going on followed by a series of clear topics and objective suggestions for reflection private and public conversation This is not intended to be a manual for change The goal is to gain objective understanding of the challenges of today with the expectation that those insights may result in changes on a purely personal level that in turn will stimulate changes in the national and international communities Hornby Island BC September 1 2021 **Path to**

Common-prayer Laurence Clarke (A.M.), 1737 **A Modern Theory of Language Evolution** Carl J. Becker, 2004-12 The discipline of linguistics is a perfect example of the limitations of the modern academy The combination of social taboos that make certain subject matter unfit for general knowledge and discovery and the ever narrowing specialization of scientists leaves us with an intellectual institution that can no longer do anything but apply repair and justify the dogma of Victorian Cosmology that is the rule all must follow Linguistics should be one of the most interesting subjects considering it is the study of our most valuable and revealing cultural asset language However recent publications from the linguistic department for public consumption have been some of the most trivial and boring intellectual expositions that have ever been put

between two covers Using the entire database of science we look at the acquisition of language and how it forms our cultural perspective on life including theories of language evolution We develop the theory of the evolution of language from song one of the few suppositions that Charles Darwin actually got right From this basis we move on to the roots of Proto Indo European which we call Bhear Tongue Bhear Tongue is essentially the Eurasian language family dimly perceived by one of the greatest linguists of the twentieth century Joseph Greenberg From this perspective we can now retell the tribal stories from Iberia to Siberia showing a common origin and motivation for human science and religion *Science, Bread, and Circuses* Gregory Schrempp, 2014-11-15 In *Science Bread and Circuses* Gregory Schrempp brings a folkloristic viewpoint to the topic of popular science calling attention to the persistence of folkloric form idiom and worldview within the increasingly important dimension of popular consciousness defined by the impact of science Schrempp considers specific examples of texts in which science interpreters employ folkloric tropes myths legends epics proverbs spectacles and a variety of gestures from religious tradition to lend credibility and appeal to their messages In each essay he explores an instance of science popularization rooted in the quotidian round variations of proverb formulas in monumental measurements invocations of science heroes like saints or other inspirational figures the battle of mythos and logos in parenting and academe how the meme has become embroiled in quasi religious treatments of the problem of evil and a range of other tropes of folklore drafted to serve the exposition of science *Science Bread and Circuses* places the relationship of science and folklore at the very center of folkloristic inquiry by exploring a range of attempts to rephrase and thus domesticate scientific findings and claims in folklorically imbued popular forms **Supernatural Gods** Jim Willis, 2017-09-01 Exploring the collision of science the universe and the supernatural unknown Black Holes Heavenly Messengers Dark Matter Dark Energy Life Energies Entanglement Theory Psychic Connections Quantum Physics Parallel Universes Alien Visitors Supernatural Paradoxes What does the universe hold and hide Where do we come from and where are we headed What does science say when string theory and membrane theory both suggest that parallel dimensions very probably exist When modern science estimates that the amount of normal matter visible to humans is less than 5% of the cosmos and quantum entanglement theory shows that two particles can be connected despite being light years apart are we entering an era when science can explain psychic and supernatural phenomena Exploring the collision of science the universe and the supernatural unknown *Supernatural Gods* Spiritual Mysteries Psychic Experiences and Scientific Truths probes the physical existence of gods from other dimensions realities and times The myths stories history science and the psychic phenomena beyond the limits of the five senses are explored Surveying scientists and experts it probes the physical existence of gods from other dimensions and realities This fascinating read looks at a variety of explanations for the mysteries of the known and unknown universe including the origins of humanity alien visitors psychic connections past life regression channeling intuition healing energies psychic connections heavenly messengers miracles d j vu dreams out of body experiences meditation shamanism spiritualism and the future of

humanity You ll open your mind when you glimpse the possibilities Also included are a helpful bibliography and an extensive index adding to the book s usefulness Encyclopaedia of Religion and Ethics James Hastings, John Alexander Selbie, Louis Herbert Gray, 1911 **Inconsistencies in Greek and Roman Religion** H. S. Versnel, 1990 This second volume of a two part collection of studies on inconsistencies in Greek and Roman religion focuses on the ambiguities in myth and ritual of transition and reversal **Lines of Love** Brey Willows, 2022-12-13 The Muse of Love Eris Ardalides is bored out of her mind Love in this century isn t real It has no depth or feeling and she s taken herself out of the Muse business altogether Sex is fine Love not so much As far as she s concerned she s retired Life is too short for the angst that comes with deep emotion even for an immortal Grace Gordon is an excellent divorce lawyer She s trying to save the world and who has time for frivolity when lives are being torn apart She s lonely yes but so what One day she ll find love and a relationship But she ll never settle for anything less than perfect Surely it s out there somewhere When Eris finds out she s being sued by lovelorn victims who believe they might ve had a chance if the Muse of Love hadn t been AWOL it s Grace who takes the case Attraction simmers but there s no middle ground when Grace wants perfection and Eris doesn t believe love even exists anymore The lines of love have been drawn Who will cross them first *Inconsistencies in Greek and Roman Religion, Volume 2: Transition and Reversal in Myth and Ritual* Henk Versnel, 2015-09-01 This is the second of a two volume collection of studies on inconsistencies in Greek and Roman religion Their common aim is to argue for the historical relevance of various types of ambiguity and dissonance While the first volume focused on the central paradoxes in ancient henotheism the present one discusses the ambiguities in myth and ritual of transition and reversal After an introduction to the history of the myth and ritual debate with a focus on New Year festivals and initiation in the first chapter the second and third chapters discuss myth and ritual of reversal Kronos and the Kronia and Saturnus and the Saturnalia respectively the fourth treats two women s festivals that of Bona Dea and the Thesmophoria the fifth investigates the initiatory aspects of Apollo and Mars In the background is the basic conviction that the three approaches to religion known as substantivistic functionalist and cultural symbolic respectively need not be mutually exclusive **The City of God** Saint Augustine (of Hippo), 1888 Is It Wrong to Try to Pick Up Girls in a Dungeon?, Vol. 4 (light novel) Fujino Omori, 2015-12-15 MORE LEVELS MORE PROBLEMS Following his defeat of the Minotaur Bell has reached Level Two and is the new record holder for the fastest to do so Suddenly everyone in Orario wants to form a party with him and go adventuring But with sudden popularity comes many a complication How will Bell and Hestia know whom to trust The Familia myth written by the goddess and lived by the boy continues Ancient Gods and Their Mysteries Robert Berringer, 2005 **Changing Course** Brey Willows, 2019-11-12 When a simple mission goes wrong intergalactic space captain Jessa Arbelle nearly goes down with her ship Her escape pod lands on Indemnion a planet known for its raw raucous societies and Jessa s top priority is keeping the few survivors with her safe while finding a way back home That s when she meets mysterious scrounger Kylin Enderson a useful and attractive

distraction she can hardly afford with so much at stake Kylin resents Jessa's silver spoon attitude especially since Jessa has no idea what real life is like Kylin has enough trouble keeping ahead of the creditors she owes for some of her more secretive undertakings without having to help the beautiful captain who fell from the sky But Kylin's always been a sucker for a damsel in distress and this time is no different When Kylin's secret comes out it puts their growing attraction as well as Jessa's life in danger Will everything come crashing down or can they change course before it's too late The Odyssey of Homer:
