Retirement Among American Men:

Retirement Among American Men Herbert S. Parnes, 1985 *Retirement Among American Men* Herbert S. Parnes, Ohio State University. Center for Human Resource Research, 1985 *Turbulence in the American Workplace* Peter B. Doeringer, 1991 Turbulence rapid and sometimes tumultuous changes has characterized the labor markets of the 1970 s and 1980 s Turbulent competitive conditions have cut sharply into profits and have forced downsizings and radical readjustments in America s workplaces Workplace turbulence has resulted in lost jobs declining incomes and falling productivity for American labor From the perspectives of business and labor turbulence and its consequences is the key human resources issue for the last part of the twentieth century In *Turbulence in the American Workplace* a distinguished group of experts forcefully and convincingly argue that the human resources capacity of the private sector is the first line of defense against turbulence and is of equal importance to public sector education and training programs The authors including Kathleen Christensen Patricia M Flynn Douglas T Hall Harry C Katz Jeffrey H Keefe Christopher J Ruhm Andrew M Sum and Michael Useem effectively demonstrate how global competition deregulation and technological change are creating hard choices for employers that will alter both the living standards of workers and the performance of American industry in the coming decades This illuminating work will be of significant value to business school faculty corporate strategic planners and general managers as well as students and professionals interested in the areas of public policy industrial relations education and labor studies **Annual Review of Gerontology and Geriatrics, Volume 9, 1989** M. Powell Lawton, PhD, 1989-10-15 The physical changes and the common pathologies associated with aging are discussed along with the psychological and social implications of such changes The guide is for nurses gerontologists social workers psychologists rehabilitation specialists and others in the helping professions Originally published by The Tiresias Press Inc Annual Review of Gerontology and Geriatrics M. Powell Lawton, 2013-11-27 **Bridges to Retirement** Peter B. Doeringer, 1990 Examines trends and patterns in the market for older workers including women and minorities and developments in the workplace that affect their employment prospects The contributors examine the ways nonbureaucratic firms are attracting older workers and explore alternatives companies and unions can develop to accommodate this growing segment of the population Annotation copyrighted by Book News Inc Portland OR *Growing Old in America* Beth Hess, 2020-03-02 Modern industrial societies are characterized by long term declines in fertility and steady increases in life expectancy Together these trends result in an aging population The United States is no exception since 1969 the median age has risen from 29 4 to a projected 36 4 in the year 2000 This fourth edition of the standard reader on the sociology of aging has been completely revised with 90 percent new material to reflect new information and new issues in this rapidly developing field Students and practicing professionals will find it a lively accessible overview Monthly Labor Review , 2011-04 Publishes in depth articles on labor subjects current labor statistics information about current labor contracts and book reviews **Reduction of Retirement Benefits**

Retiring Men Gregory Wood, 2012-01-18 As life spans expanded dramatically in the United States after 1900 and employers increasingly demanded the speed and stamina of youth in the workplace men struggled to sustain identities as workers breadwinners and patriarchs the core ideals of twentieth century masculinity Longer life threatened manhood as men confronted age discrimination at work mandatory retirement and fixed incomes as recipients of Social Security and workplace pensions They struggled to somehow sustain manliness in retirement a new phase of life supposedly defined by the absence of labor Ironically retiring men pursued ways to stay productive retirees created new daily routines of golf and shuffleboard games tinkered with tools in garages attended social club meetings armed themselves for hunting and fishing excursions and threw themselves into yard work Others looked for new jobs or business ventures Only unending activity could help to ensure that the golden years would be good years for older men of the twentieth century

Economic Resources For The Elderly Christopher Garbacz, 2019-03-04 This book addresses the present and future economic status of the elderly in the United States focusing on problem areas and the impact of pension systems and other income and service programs It focuses on demographic and economic factors associated with adapting the social security system

Older Men's Lives Edward H. Thompson, Edward H. Thompson (Jr.), 1994-06-07 In this multidisciplinary portrait of men and their concerns in later life the contributors use both a life course and gendered perspective to point out that the image and self image of men are continually reconstructed throughout the life cycle Issues examined include the position of older men in society and the changes wrought in their status and roles over time men's relationships to spouse children grandchildren and friends and policy implications

Aging, Social Inequality, and Public Policy Fred C. Pampel, 1998-02-25 Author Fred C Pampel treats age as a component of social inequality which gives rise to the three major themes of the text diversity in the experience of individuals differences in public policy and variations across nations Comparison of the United States with other nations is a central component of the book providing a greater understanding of the larger forces that shape old age

The Interplay Between Gender, Markets and the State in Sweden, Germany and the United States Lilja Mosesdottir, 2019-01-15 This title was first published in 2001 The development of gender relations during the post war period in Sweden Germany and the US forms the core of this work It looks at the hierarchical relations between men and women based on economic political social and biological differentiations The analytical focus is primarily on how actors cultural norms and institutional arrangements interrelate and affect the relative position of men and women to create patterns forms of gender relations that vary across countries and change through time The main advantages of a comparative study is that it highlights the differences and similarities of the countries being compared This book argues that social blocks involving a stable system of relations that have challenged and become embedded into institutional arrangements are the main force

creating differences in the patterns of gender relations across the countries **Growing Old in America** Beth B. Hess, Elizabeth Warren Markson, Modern industrial societies are characterized by long term declines in fertility and steady increases in life expectancy Together these trends result in an aging population The United States is no exception since 1969 the median age has risen from 29 4 to a projected 36 4 in the year 2000 This fourth edition of the standard reader on the sociology of aging has been completely revised with 90 percent new material to reflect new information and new issues in this rapidly developing field Students and practicing professionals will find it a lively accessible overview *Policies for an Aging Society* Stuart H. Altman, David Shactman, 2002-07-26 Zeldes Columbia University Robert B Hudson Boston University Journal of Health Politics Policy and Law **Health Benefits and the Workforce** ,1998 **Handbook of Marriage and the Family** Marvin B. Sussman, Suzanne K. Steinmetz, Gary W. Peterson, 2013-06-29 To know where we are going as scholars educators and practitioners in the field of marriage and family life we first need to know where we have been A perusal of early texts on marriage and family life provides some thought provoking insights into the accuracy of the saying what goes around comes around It is interesting to note who has been considered to be in a position to provide information on marriage and family life Included in the eclectic collection of texts we reviewed were ministers whose focus was on spirituality doctors who emphasized medical aspects of child and adult health and public health professionals and home economists concerned with fighting disease who emphasized cleanliness order fighting germs and eliminating rodents and insects There are also philosophers who drew from ancient texts when discussing family life and a count who assembled a group of German intellectual elites to address various topics An insightful essay of this type is by Marta Karlweis 1926 in which she notes There is no other fetish that society holds to so firmly as the conception woman with all its usual associations of infantilism and dependence The child requires protection is a minor and consequently a serf but above all it possesses no spiritual existence Neither doctorates or other distinctions nor the right to vote have as yet been able to dispel this sweet idea of the childishness of woman which man cherishes p **Retirement and the Individual** United States.
