Long Mynd:

Historic Landscapes of Britain from the Air Robin Edgar Glasscock, 1992-10-29 *Really Wild Cycling* Chris Sidwells, 2020-06-18 An illustrated pocket guide to off the beaten track cycling challenges Really Wild Cycling follows in the tracks of Chris's bestselling Wild Cycling. Most if not all the rides are off road but each one presents a challenge to inspire readers to train for it and have a go. Most take only a few hours but some are longer and a few much longer taking even the fittest several days. An introduction explains safety techniques and underlines the skills, knowledge, equipment and fitness levels required. The rides are graded in ascending difficulty within each region. Each ride suggests regular escape points to get riders to a safe place should the weather close in and draws attention to places where extra care should be taken. Some rides are on marked routes like the Trans Pennine Trail, some are races or organised challenges while others are routes the author himself has mapped out. Each ride is illustrated with photos, an annotated map and a profile of the terrain. The text includes a detailed route guide and historical, geological and natural points of interest. *Shropshire Folk Tales* Amy Douglas, 2011-09-16 In places Shropshire has traditional patchwork fields and hedgerows in others small villages and market towns with black and white half timbered buildings. But it also has places that are still wild hills where heather and bracken cling to the rocks while peewits call overhead and strange rock formations just to the sky casting their shadows over the countryside below. The thirty stories in this new collection have grown out of the county's diverse landscapes, tales of the strange and macabre, memories of magic and other worlds, proud recollections of folk history, stories to make you smile, sigh and shiver. Moulded by the land, weather and generations of tongues wagging, these traditional tales are full of Shropshire wit and wisdom and will be enjoyed time and again. Honoured in the Storytelling Collections at the Storytelling World Awards. A wide range of wildlife species are disappearing, victims of modern intensive farming of pesticides and fertilisers and the sheer relentless pressure to maximise output from every hedge bank and field corner. It need not have happened. The loss of our wildlife and countryside has come about through a deliberate and sustained national policy, one that costs the British people 8 billion a year. The Killing of the Countryside is a devastating attack on modern British agricultural policy and practice and a plea for a return to natural cycles, an end to subsidies and the domination of agribusiness and for a safe, sustainable farming system. Winner of the 1997 BP Natural World Book Award. **The Midlands' Best Views** Simon Jenkins, 2013-10-03 England's views are remarkable for their beauty and variety.
