The Longest Battle : the Royal Canadian Navy in the Atlantic 1939-1945 John D. Harbron,1995 *The Canadian Naval Chronicle, 1939-1945* Robert A. Darlington,Fraser McKee,1998 In World War II the Canadian Navy embarked on a five year anti submarine offensive with a tiny fleet of six destroyers and a navy largely untrained in submarine warfare This chronicle of ship successes and losses charts the increase in fighting capability of the Canadian naval forces and their growing success against enemy submarines and surface warships From the dreadful loss of sixteen ships out of a single convoy in 1941 to the painstaking teamwork of hunting down and destroying an asdic contact a few years later the authors have managed to capture the drama of these events in considerable detail The information provided in each account represents comprehensive research into the incident from available records and from personal recollections and interviews collected by the authors Each includes the ships and crews involved on both sides their movements just prior to the event the action itself the casualty lists and the medals awarded as a result of the action This book also contains for the first time a complete record of all the Canadian owned Merchant ships lost as well as a table of RCAF Squadron successes against enemy U boats **To Die Gallantly** Timothy J Runyan,Jan M Copes,2019-08-22 German U boats known as iron coffins terrorized Allied ships during World War II and were responsible for thousands of deaths This volume published to commemorate the 50th anniversary of the Battle of the Atlantic brings together historians from both sides of the ocean to discuss this important campaign As well as offering new insights into both familiar and more neglected aspects the book reflects the human dimension of the conflict paying tribute to the whole spectrum of personnel involved planners and strategists spies and code breakers naval officers and crews merchant sailors and civilians **U-Boat Attack Logs** Bruce Taylor,Daniel Morgan,2011-11-09 An indispensable reference work for anyone studying either the U boat campaign or WW2 at sea copiously illustrated fascinating and harrowing Navy News During the Second World War over 250 Allied warships from a dozen navies were sent to the bottom by German U boats This ground breaking study provides a detailed analysis of every sinking for which source material survives from both the Allied and the German sides resulting in detailed treatment of the fate of 110 vessels with the remainder summarized in an extensive appendix Uniquely each entry is built around a specialist translation of the relevant segment of the war diary log of the U boat in question taken directly from the surviving originals remarkably this represents the first large scale publication of the U boat war diaries in any language The book offers a wealth of new information not only with respect to the circumstances of the sinkings from both the Allied and German perspectives but also to the technical environment in which they lived as well as the fate of the crews The entries include background details on the vessels concerned and the men involved with a selection of rare and carefully chosen photos from archives and collections around the world Each entry is itself a compelling narrative but is backed with a list of sources consulted including documents published works and websites A decade in the making this is probably the most important book on the U boat war to be

published for many a year Offers significant new information on many of the most famous incidents Maritime Advisor

"Our Gallant Doctor" James Goodwin,2007-04-30 During the Battle of the Atlantic Dr George Hendry had just finished performing two major surgical operations on board the destroyer HMCS Ottawa when his ship was ambushed by 13 German U boats Canadian warships like Ottawa had inadequate radar sets that were incapable of detecting submarines approaching in the dark On September 13 1942 U 91 stole in and torpedoed Ottawa sinking her in 20 minutes utterly exhausted Dr Hendry was lost along with 113 of his shipmates George Hendry was a much loved man a great university athlete and a very good doctor Unfortunately he was also naive and too trusting One night in January 1941 he committed a very foolish indiscretion He would spend the rest of his tragically short life making amends for this mistake The Western European and Mediterranean Theaters in World War II Donal Sexton,2011-10-06 The Western European and Mediterranean Theaters in World War II is a concise comprehensive guide for students teachers and history buffs of the Second World War With an emphasis on the American forces in these theaters each entry is accompanied by a brief annotation that will allow researchers to navigate through the vast amount of literature on the campaigns fought in these regions with ease Focusing on all aspects surrounding the U S involvement in the Western European and Mediterranean theaters including politics religion biography strategy intelligence and operations this bibliography will be a welcome addition to the collection of any academic or research library Routledge Research Guides to American Military Studies provide concise annotated bibliographies to the major areas and events in American military history With the inclusion of brief critical annotations after each entry the student and researcher can easily assess the utility of each bibliographic source and evaluate the abundance of resources available with ease and efficiency Comprehensive concise and current Routledge Research Guides to American Military Studies are an essential research tool for any historian **Air University Library Index to Military Periodicals** ,1994 *Betrayed* Richard O. Mayne,2011-11-01 In January 1944 Vice Admiral Percy Walker Nelles was fired from his position as head of the Royal Canadian Navy Betrayed reveals the true story behind the dismissal a divisive power struggle between two elite groups within the RCN pitted the navy s regular officers against a small group of self appointed spokesmen for the voluntary naval reserve Threats of public scandal mass insurrection and political intimidation caused one of the worst breakdowns in Canadian civil military relations revealing complex aspects of military professionalism and leadership This fascinating investigation into the machinations of a divided navy tackles important questions of military professionalism leadership and identity Betrayed will appeal to readers interested in military history and security studies political science and sociology **U-Boats Attack!** Jak P Mallmann Showell,2016-09-14 The Battle of the Atlantic was the longest continuous military campaign of the Second World War raging from 1939 to 1945 It saw the might of the Royal Navy pitted against the Kriegsmarine Germany s secret weapon was their fleet of U boats They had the largest fleet of submarines in the world and this enabled them to play cat and mouse with the Allied forces to devastating effect Hunting in wolf packs they would prey on

merchant shipping and naval vessels In this startling new book Jak P Mallman Showell tells the story of this battle as viewed through the conning towers of these U boats Using surviving logs written as the action unfolded You taste the salt smell the nauseating stench of the U boats and hear orders being whispered quietly while diving back in time to the horrendous inhumanity of the Battle of the Atlantic **The American Neptune** ,2001 A quarterly journal of maritime history

Dönitz, U-boats, Convoys Jak P. Mallmann Showell,2013-08-21 This unique WWII history combines the memoirs of a Nazi Admiral with secret British naval reports for a comprehensive view of the U Boat war The memoirs of Admiral Karl D nitz Ten Years and Twenty Days are a fascinating first hand account of the Battle of the Atlantic as seen from the headquarters of the U boat fleet Now noted naval historian Jak P Mallmann Showell has combined D nitz s memoirs in a parallel text with the British Admiralty s secret Monthly Anti Submarine Reports to produce a unique view of the U boat war as it was perceived at the time by both sides The British Monthly Anti Submarine Reports were classified documents issued only to senior officers hunting U boats They were supposed to have been returned to the Admiralty and destroyed at the end of the War but by chance a set survived in the archives of the Royal Navy s Submarine Museum in Gosport They offer significant and hitherto unavailable insight into the British view of the Battle of the Atlantic as it was being fought With expert analysis of these firsthand sources from opposing sides of the conflict Jak P Mallmann Showell presents what may be the most complete contemporary account of the desperate struggle in the North Atlantic during the Second World War **Canadian Defence Quarterly** ,1993 **World War II in Europe** David T.
