Longitudes And Attitudes Exploring The World After September 11:

Longitudes and Attitudes Thomas L. Friedman, 2003-08-12 From the Pulitzer Prize winning New York Times columnist and bestselling author of *From Beirut to Jerusalem* and *The Lexus and the Olive Tree* comes this smart penetrating brilliantly informed book that is indispensable for understanding today's radically new world and America's complex place in it Thomas L. Friedman received his third Pulitzer Prize in 2002 for his clarity of vision based on extensive reporting in commenting on the worldwide impact of the terrorist threat In *Longitudes and Attitudes* he gives us all of the columns he has published about the most momentous news story of our time as well as a diary of his private experiences and reflections during his post September 11 travels Updated for this new paperback edition with over two years worth of Friedman's columns and an expanded version of his diary *Longitudes and Attitudes* is a broadly influential work from our most trusted observer of the international scene

Longitudes and Attitudes Thomas L. Friedman, 2002-09-11 America's leading observer of the international scene on the minute by minute events of September 11th before during and after As the Foreign Affairs columnist for the *The New York Times* Thomas L. Friedman is in a unique position to interpret the world for American readers Twice a week Friedman's celebrated commentary provides the most trenchant pithy and illuminating perspective in journalism *Longitudes and Attitudes* contains the columns Friedman has published about the most momentous news story of our time as well as a diary of his experiences and reactions during this period of crisis As the author writes the book is not meant to be a comprehensive study of September 11 and all the factors that went into it Rather my hope is that it will constitute a word album that captures and preserves the raw unpolished emotional and analytical responses that illustrate how I and others felt as we tried to grapple with September and its aftermath as they were unfolding Readers have repeatedly said that Friedman has expressed the essence of their own feelings helping them not only by explaining who they are but also by reassuring us about who we are More than any other journalist writing Friedman gives voice to America's awakening sense of its role in a changed world

Tolchin,2007-10-30 War Torture Humiliation Exploitation Fear Futility The daily news is bleak And it s not reserved to just one corner of the globe World wide we are bombarded with graphic emotionally laden examples of inhumanity These challenges to peace and freedom have become so commonplace that public and government responses are sedate or self righteous Meanwhile in more malevolent countries manipulative politicians and sadistic terrorists have become skilled at exploiting this state of affairs And we ignore it at our own peril *A World Ignited* is about the surge of hatred that has swept the world in the last decade its myriad causes its toll in lives and human misery This condition is amplified by modern communications technology especially television and the Internet and made more lethal by modern weaponry including assault rifles and rocket launchers and unprecedented tactics that strive for mass death and anguish Anger is fed by economic disparities religious and cultural wars that go back centuries and deep seated feelings of defeat and humiliation The book takes aim at the Bush administration for its penchant for provocative and unilateral policies that have inspired unprecedented waves of anti Americanism but it also breaks new ground on both Bush s unsung role in combating worldwide anti Semitism and the role of the United States as the fount of

hate on the Internet The authors conclude this important and timely book in a positive manner with a look at the politics of hope and what can be done to halt and even reverse this cacophony of hate *The Attentive Life* Leighton Ford,2013-10-01 Framed around the monastic concept of praying through the hours of the day Leighton Ford helps you to develop spiritual attentiveness so you can pay attention to how God is working through you and in the world around you *Spiritual Perspectives on Globalization (2nd Edition)* Ira Rifkin,2013-03-21 What is globalization anyway What are spiritually minded people on all sides of the issue doing and saying about it The economic and cultural dynamic of globalization is transforming the world at an unprecedented pace But what exactly is it What are its origins What is its impact on our spiritual lives This lucid introduction surveys the religious landscape explaining in clear and nonjudgmental language the beliefs that motivate spiritual leaders activists theologians academics and others involved on all sides of the issue Included are the points of view of Bah s Buddhists Earth based and tribal religions Hindus Jews Muslims Protestants Roman Catholics Unlike other books on this controversial issue this easy to read introduction won t tell you what to think it gives you the information you need to reach your own conclusions As important as economics may be it is not as the great religions stress the full measure of humanity There is also connection to self to others to the ingrained values that have sustained cultures for generations and millennia and to the belief in transcendence that gives it all meaning In the end what unnerves people most about globalization including many in the West who may fairly be said to be on the winning side economically that is of the process so far is the threat it poses to that which is most precious to a life of satisfaction our sense of meaning from the Conclusion
