Teacher Inquiries in Literacy Teaching-Learning Christine C. Pappas, Liliana Barro Zecker, Liliana Zecker, 2001 A collection of urban elementary teacher researchers year long inquiries around literacy topics show how they attempted to transform their teaching practices to meet the needs of students from diverse ethnic linguistic backgrounds Literacy David Wray, 2004 This four volume collection reprints key debates about exactly what it means to

be literate and how literacy can best be taught Rather than centering on the emotional reaction of mass media debates this set focuses on research findings into processes and pedagogy The themes covered include Literacy its nature and its

teaching Reading processes and teaching Writing processes and teaching and New Literacies the impact of technologies

Reading Research at Work Katherine A. Dougherty Stahl, Michael C. McKenna, 2006-04-20 This book presents state of the science research on the components of successful literacy learning and how to target them in contemporary classrooms The volume builds on and extends the work of Steven Stahl whose pioneering contributions encompassed the key areas of phonemic awareness phonics vocabulary fluency comprehension and assessment Ten classic papers by Stahl are accompanied by 16 new chapters by other leading experts who highlight Stahl's theoretical methodological and instructional innovations describe how knowledge about each domain continues to evolve and discuss implications for helping all children become better readers

Phonics Exposed Richard J. Meyer, 2001-11 What are the implications of teaching phonics via a systematic direct intense program that mandates all children to experience the same scripted lesson at the same time This book addresses the question through an in depth play by play description of a phonics lesson as it occurred in a real classroom followed by chapters that look at it from different angles by zooming in on one facet to analyze it closely Reading What is reading What definition of reading is presented implicitly in the phonics lesson What do competing definitions from the reading research literature say about how important phonics rules are and how they are used by readers and teachers of reading Teacher knowledge What is the role and the place of teacher knowledge as it relates to the lesson What are the skills a teacher has and needs to use in a lesson that is completely scripted The children What are their roles and positions during the lesson What are they learning Curriculum Where does the phonics curriculum come from Curriculum in general Who does it serve and how What is its purpose Culture What is the role of culture in the lesson How do cultural differences and culturally relevant pedagogy relate to the scripted phonics lesson Politics and ideology Why and how is everything that happens in schools political How are scripted lessons and resistance to them forms of political action Teacher professionalism How can teachers act in order to maintain academic freedom expressed as professional decision making in classrooms The author of this book is not neutral He presents the difficulties a teacher encounters in implementing mandated systematic direct intense phonics instruction and children who are confused and frustrated by it But at the same time he constantly presents hope in the form of smart teachers curious children and possibilities for taking action that can lead to change His direct accessible writing style stimulates thought and discussion
