Looking At Mans Past 1965:

A Story of the Fifth Longest Held Pow in Us History Ray Vohden,2012-11 **The Rolling Stone Illustrated History of Rock & Roll** Anthony ed DeCurtis,James Henke,Holly George-Warren,1992 Discusses the evolution of rock music from its earliest origins to today s most influential musical styles and performers Look Andrew L. Yarrow,2021 Andrew L Yarrow tells the story of Look magazine one of the greatest mass circulation publications in American history and the very different United States in which it existed The all but forgotten magazine had an extraordinary influence on mid twentieth century America not only by telling powerful thoughtful stories and printing outstanding photographs but also by helping to create a national conversation around a common set of ideas and ideals Yarrow describes how the magazine covered the United States and the world telling stories of people and trends injustices and triumphs and included essays by prominent Americans such as Martin Luther King Jr and Margaret Mead It did not shy away from exposing the country s problems but it always believed that those problems could be solved Look which was published from 1937 to 1971 and had about 35 million readers at its peak was an astute observer with a distinctive take on one of the greatest eras in U S history from winning World War II and building immense increasingly inclusive prosperity to celebrating grand achievements and advancing the rights of Black and female citizens Because the magazine shaped Americans beliefs while guiding the country through a period of profound social and cultural change this is also a story about how a long gone form of journalism helped make America better and assured readers it could be better still Provided by publisher **An Historical Syntax of the English Language** F.Th. Visser,2023-05-08 Frederik Theodor Visser s An Historical Syntax of the English Language published in four massive volumes between 1963 and 1973 is certainly one of the cornerstones of research in English linguistics Visser s achievements can hardly be overestimated Before the advent of modern corpus linguistics he compiled a remarkable wealth of detailed philological data from all periods of English and combined this with current grammatical analyses of his time This has made this publications an indispensable resource for anyone investigating the history of English syntax This reproduction of Visser s volumes is more than welcome and timely as the volumes have been out of print for quite some time and were sometimes a little bit difficult to navigate Having a searchable and easy to use online version although maybe not perfect available now means a revival for scholarship that celebrates its fiftieth birthday without losing any of its relevance The Hidden History of Jack Quinn Mike Robertson,2017-07-18 A letter written by a seriously ill middle aged man facing the end of his life is found in a safety deposit box after he passes away The document immediately thought to be Jack Quinns last will and testament sends his oldest friend on a quest to find his birth parents his adoption only revealed to him shortly before he died The search for the identity of the decedents birth parents takes Mark Purchell a man who has been Quinns friend for over forty years from his hometown of Ottawa to a small town on Cape Breton Island in Nova Scotia Along the way Purchell encounters and is assisted by a number of intriguing characters including a seedy but well meaning neighbour a stern librarian a retired police

officer members of the clergy a newspaper editor a haughty hotel maitre d and a spirited waitress named Elaine His investigation of The Hidden History of Jack Quinn eventually leads to a newspaper archive and a surprising answer to a departed friends last request
