Rowan,2012-11-27 This original and pioneering study of how men relate to feminism will appeal to all men who are concerned about their response to the women s movement and to the women in their lives It will also be helpful for women seeking a constructive response from men John Rowan drawing on his personal journey through feminism and on his considerable experience as a therapist tackles the issues in a much deeper way than has been attempted before For men to discover feminism is wounding for them It can even make them despair about being men at all But unless they accept that wound nothing much will change John Rowan shows that men have to heal that wound at a conscious social political level changing laws practice and daily behaviour They have to heal it at an unconscious level through therapy exploring their profound feelings about their mothers their fathers and their own internal female nature They also have to heal the wound at a spiritual transpersonal level exploring the world of the Goddess and the Horned God Only then says John Rowan can they start to have any real dialogue with women and only then can the world begin to change for both men and women *The Wing of Madness* Daniel Burston,1996 In *The Wing of Madness* Daniel Burston chronicles R D Laing s meteoric rise to fame as one of the first media psycho gurus of the 20th century and his spiralling decline in the late 70s and 80s **Dark Light**

Ronald Schenk,2001-01-01 Reveals the effects of the cultural unconscious or world soul in human experience *The Horned God* John Rowan,2012-10-11 This book investigates how men relate to feminism the women s movement and to the women in their lives **Revolution** Saïd Amir Arjomand,2019-05-02 A revolution is a discontinuity one political order replaces another typically through whatever violent means are available Modern theories of revolutions tend neatly to bracket the French Revolution of 1789 with the fall of the Soviet Union two hundred years later but contemporary global uprisings with their truly multivalent causes and consequences can overwhelm our ability to make sense of them In this authoritative new book Sa d Amir Arjomand reaches back to antiquity to propose a unified theory of revolution Revolution illuminates the stories of premodern rebellions from the ancient world as well as medieval European revolts and more recent events up to the Arab Spring of 2011 Arjomand categorizes revolutions in two groups ones that expand the existing body politic and power structure and ones that aim to erode but paradoxically augment their authority The revolutions of the past he tells us can

shed light on the causes of those of the present and future as long as centralized states remain powerful there will be room for greater and perhaps forceful integration of the politically disenfranchised **War of Titans** Jackie DiSalvo,2010-11-23

In a dramatically original analysis Jackie DiSalvo explores Blake s reworking of Genesis and Paradise Lost in his prophetic poem The Four Zoas creating a compelling new reading of both Milton and Blake With informed argument and provocative insights DiSalvo shows how Blake s view of history prefigures the revaluation of our own myths of origin prompted by new political psychological and feminist perspectives *An International Psychology of Men* Chris Blazina,David S.
