The Frodo Franchise Kristin Thompson, 2007-08-27 Once in a lifetime The phrase comes up over and over from the people who worked on Peter Jackson's The Lord of the Rings The film's seventeen Oscars record setting earnings huge fan base and hundreds of ancillary products attest to its importance and to the fact that Rings is far more than a film Its makers seized a crucial moment in Hollywood the special effects digital revolution plus the rise of infotainment and the Internet to satisfy the trilogy's fans while fostering a huge new international audience The resulting franchise of franchises has earned billions of dollars to date with no end in sight Kristin Thompson interviewed seventy six people to examine the movie's scripting and design and the new technologies deployed to produce the films video games and DVDs She demonstrates the impact Rings had on the companies that made it on the fantasy genre on New Zealand and on independent cinema In fast paced compulsively readable prose she affirms Jackson's Rings as one the most important films ever made

Todd Solondz Julian Murphet, 2019-08-16 Films like *Welcome to the Dollhouse* and *Happiness* established Todd Solondz as independent cinema's premier satirist Blending a trademark black humor into atmospheres of grueling bleakness Solondz repeatedly takes moviegoers into a bland suburban junk space peopled by the damaged the neglected and the depraved Julian Murphet appraises the career of the controversial if increasingly ignored indie film auteur Through close readings and a discussion with the director Murphet dissects how Solondz's themes and techniques serve stories laden with hot button topics like pedophilia rape and family and systemic cruelty Solondz's uncompromising return to the same motifs stylistic choices and characters reject any idea of aesthetic

progression Instead he embraces an art of diminishing returns that satirizes the laws of valuation sustaining what we call cinema It also reflects both Solondz s declining box office fortunes and the changing economics of independent film in an era of financial contraction
